Resolution

With reference to Board's Proceedings No.3485 Mis., dated 8th December last proposing a reorganization of the Board's copying establishment and the Government Order thereon No.243 Mis., dated 16th January last, the Board is at present precluded from giving effect to the revision contemplated owing to the pressure of work caused by the revision of its Standing Orders and a variety of other circumstances and also to the fact that the typists now in the office have not passed the tests required to entitle them to draw the increased rates of pay proposed in the Proceedings quoted above. The fact last mentioned was no doubt within the Board's knowledge at the time when its Proceedings referred to were submitted to Government but the Board then felt constrained to make an immediate reduction of establishment in compliance with G.O.No.2892 Ray, dated 9th July 1898 wherein it was called upon to effect a reduction of its copyists' establishment within three months after the supply of the machines then sanctioned. Now that this condition has been modified in G.O.No.1222 Financial, dated 14th December 1898 as regards future applications for type-writers, the Board wishes to defer the reorganization of its copying establishment until it is satisfied that the efficiency of the work done by means of the machines is such that the services of a portion of the copyists may

be dispensed with and the typists given an increase of pay out of the savings.
