Submitting to Government, for approval and publication in the *Fort St. George Gazette* draft notification under section 16 of the Madras Forest Act for the constitution of the Kovvada block, in the Polavaram division, Gódávari district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle, Vizagapatam), dated Cocanada, 11th January 1899, R. Dis. No. 48-For. :—

I have the honour to forward Forest Settlement-officer's letter, R. C. No. 24 of 1898–99, dated 16th December 1898, with four enclosures, regarding the settlement of the Kovvada reserve in the Polavaram division and to request that the Board may be pleased to forward the same to Government for the publication of the draft notification under section 16 of the Forest Act in the *Fort St. George Gazette* after approval.

2. The draft notification and the sketch-map have been countersigned by my District Forest-officer in token of his having checked them.

3. Two area statements, one for each block, are enclosed.

4 . The date from which reservation is to take effect may be fixed at 1st April 1899.

ENCLOSURE No. 1.

From W. F. BATEMAN, Esq., Forest Settlement-officer, Ganjám, &c., districts, to the Collector of Gódávari, dated Waltair, 16th December 1898, R. C. No. 24 of 1898–99.

I have the honour to report the conclusion of the settlement of Kovvada proposed reserve of Yernagúdem taluk, Gódávari district.

2. The notification under section 4 proposing to constitute this area a reserved forest appeared in the *Fort St. George Gazette*, dated 1st November 1889, and the proclamation under section 6 was published in the District Gazette, dated 2nd December 1889.

3. This block was originally notified in the name of M.R.Ry. D. Jagannadha Rao Pantulu and was subsequently transferred for settlement to Messrs. J. T. Lever, R. H. L. Lushington, E. A. Smith, R. H. L. Lushington again, then finally to me in the *Fort St. George Gazette* notification No. 451, dated 4th October 1898. This block was perambulated and the claims enquired into by M.R.Ry. D. Jagannadha Rao Pantulu, who entertained eight claims. I subsequently entertained five claims and disposed of the same, the claims filed in all being thirteen. One claim was to four plots of zamindari land, measuring about 5,320 acres, of which the Forest Settlement-officer admitted the claimant's right to two plots of land, which he ordered to be excluded from the reserve by altering its boundary and rejected the claim for the remaining two plots of land. The District Forest-officer appealed to the District Court, Gódávari, against the Forest Settlement-officer's decision in regard to the two admitted plots of land and the claimant also appealed to the same court in regard to the two rejected plots of land. The District Judge confirmed the portion of the Forest Settlement-officer's decision, admitting two blocks of land claimed, but reversed that portion of the Forest Settlement-officer's order rejecting the two other plots, which he ordered to be admitted. These plots have now been excluded from the reserve by altering its boundary. The District Forest-officer preferred a second appeal to the High Court against the decision of the District Court, but the High Court upheld the decision of the District Court. One claim was for the exclusion of the lands of a rented village, together with some forest area for grazing which was rejected as a right, although the village and all lands belonging to it fit for cultivation were excluded from the reserve by an alteration of its boundary.

Ten claims were for fourteen foot-paths, nine cart-tracks and one forest road, all of which were admitted. Of the fourteen foot-paths, four have been excluded from the reserve by altering its boundary, and one foot-path has been claimed twice over; also of the nine admitted cart-tracks, one has been claimed twice over. One claim was for the exclusion of a village from the reserve which was admitted. The village has been demarcated out free from reservation, with sufficient area for extension of cultivation and retained as an enclosure within the reserve with access allowed to it by two foot-paths and two cart-tracks. No other appeals than those mentioned above were preferred.

4. Three villages were ordered to be excluded from reservation under section 4 notification. Of these, two villages (Gogumalli and Chintapalli) have been excluded from the reserve by altering its boundary, consequently splitting the reserve up into two blocks and one village (Gummuluru) demarcated out free from reservation with sufficient area for extension of cultivation and retained as an enclosure within the reserve with access allowed to it by three foot-paths.

The last claim was disposed of on the 31st October 1898 and the appeal time expires on the 30th December 1898, but as the decision on the claim was passed in accordance with the District Forest-officer's wishes and no appeal is likely to be filed, I have submitted the final report before the expiry of the appeal time.

5. The block is free of all rights except those mentioned above.

6. The following papers are sent herewith :—

(*a*) A signed copy of the B register of claims.

(*b*) Draft notification under section 16.

(*c*) Numerical statement of claims filed and disposed of.

(*d*) Sketch of the block.

7. The date from which reservation is to take effect may be entered in the draft notification.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 102, dated 28th February 1899 :—

Read—the following letter from V. A. BRODIE, Esq., Collector of Gódávari, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle, Vizagapatam), dated Cocanada, 11th January 1899, R. Dis. No. 48-For. :—

I have the honour to forward Forest Settlement-officer's letter, R. C. No. 24 of 1898–99, dated 16th December 1898, with four enclosures, regarding the settlement of the Kovvada reserve in the Polavaram division and to request that the Board may be pleased to forward the same to Government for the publication of the draft notification under section 16 of the Forest Act in the *Fort St. George Gazette* after approval.

2. The draft notification and the sketch-map have been countersigned by my District Forest-officer in token of his having checked them.

3. Two area statements, one for each block, are enclosed.

4 . The date from which reservation is to take effect may be fixed at 1st April 1899.

Enclosure No. 1.

From W. F. BATEMAN, Esq., Forest Settlement-officer, Ganjám, &c., districts, to the Collector of Gódávari, dated Waltair, 16th December 1898, R. C. No. 24 of 1898–99.

I have the honour to report the conclusion of the settlement of Kovvada proposed reserve of Yernagúdem taluk, Gódávari district.

2. The notification under section 4 proposing to constitute this area a reserved forest appeared in the *Fort St. George Gazette*, dated 1st November 1889, and the proclamation under section 6 was published in the District Gazette, dated 2nd December 1889.

3. This block was originally notified in the name of M.R.Ry. D. Jagannadha Rao Pantulu and was subsequently transferred for settlement to Messrs. J. T. Lever, R. H. L. Lushington, E. A. Smith, R. H. L. Lushington again, then finally to me in the *Fort St. George Gazette* notification No. 451, dated 4th October 1898. This block was perambulated and the claims enquired into by M.R.Ry. D. Jagannadha Rao Pantulu, who entertained eight claims. I subsequently entertained five claims and disposed of the same, the claims filed in all being thirteen. One claim was to four plots of zamindari land, measuring about 5,320 acres, of which the Forest Settlement-officer admitted the claimant's right to two plots of land, which he ordered to be excluded from the reserve by altering its boundary and rejected the claim for the remaining two plots of land. The District Forest-officer appealed to the District Court, Gódávari, against the Forest Settlement-officer's decision in regard to the two admitted plots of land and the claimant also appealed to the same court in regard to the two rejected plots of land. The District Judge confirmed the portion of the Forest Settlement-officer's decision, admitting two blocks of land claimed, but reversed that portion of the Forest Settlement-officer's order rejecting the two other plots, which he ordered to be admitted. These plots have now been excluded from the reserve by altering its boundary. The District Forest-officer preferred a second appeal to the High Court against the decision of the District Court, but the High Court upheld the decision of the District Court. One claim was for the exclusion of the lands of a rented village, together with some forest area for grazing which was rejected as a right, although the village and all lands belonging to it fit for cultivation were excluded from the reserve by an alteration of its boundary.

Ten claims were for fourteen foot-paths, nine cart-tracks and one forest road, all of which were admitted. Of the fourteen foot-paths, four have been excluded from the reserve by altering its boundary, and one foot-path has been claimed twice over; also of the nine admitted cart-tracks, one has been claimed twice over. One claim was for the exclusion of a village from the reserve which was admitted. The village has been demarcated out free from reservation, with sufficient area for extension of cultivation and retained as an enclosure within the reserve with access allowed to it by two foot-paths and two cart-tracks. No other appeals than those mentioned above were preferred.

4. Three villages were ordered to be excluded from reservation under section 4 notification. Of these, two villages (Gogumalli and Chintapalli) have been excluded from the reserve by altering its boundary, consequently splitting the reserve up into two blocks and one village (Gummuluru) demarcated out free from reservation with sufficient area for extension of cultivation and retained as an enclosure within the reserve with access allowed to it by three foot-paths.

The last claim was disposed of on the 31st October 1898 and the appeal time expires on the 30th December 1898, but as the decision on the claim was passed in accordance with the District Forest-officer's wishes and no appeal is likely to be filed, I have submitted the final report before the expiry of the appeal time.

5. The block is free of all rights except those mentioned above.

6. The following papers are sent herewith :—

(*a*) A signed copy of the B register of claims.

(*b*) Draft notification under section 16.

(*c*) Numerical statement of claims filed and disposed of.

(*d*) Sketch of the block.

7. The date from which reservation is to take effect may be entered in the draft notification.
