FEBRUARY.

Submitting to Government, for approval and publication in the Fort St. George Gazette, draft notification under section 16 of the Madras Forest Act for the constitution of the Baindur block, in the Coondapoor taluk, South Canara district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara, to the Collector of South Canara, dated Camp, Kollur, 23rd November 1898, Dis. No. 191 F.S. :—

I have the honour to submit the settlement records of block No. 78, Baindur, in the Coondapoor taluk of your district.

2. This block appeared under section 4 in the *Fort St. George Gazette*, dated 5th May 1896, the section 6 proclamation thereof being published in the District Gazette, dated 5th December 1896, and notices on the Wargdar issued in the month of March 1897.

3. I visited the block for the purpose of inspection in March 1897 and at the same time enquired into all the claims preferred against, the last order being passed on the 6th May 1897.

4. No appeals against any orders passed by me have been preferred. The block is thus free of all rights except those mentioned in the draft notification.

5. On completion of the settlement, the plan of the block was forwarded to the District Forest-officer for the preparation of the section 16 plan and the plan herewith forwarded was returned to me on the 15th September 1898.

6. On comparing it however with the B. Register, it was found impossible to identify some of the admitted claims and the plan was not finally ready for submission before I proceeded on leave in October last.

7. The block is situated in the northern part of the Coondapoor taluk adjoining the sea and is surrounded on all sides by cultivations and consequently the villagers owning lands adjoining it were considerably annoyed at the reservation thereof. It is, however, required by the Forest Department as a catechu reserve. It is to all intents and purposes a barren hill and as such of very little use to the villagers for kumaki, though of considerable extent being over nine square miles in area. Under the circumstances I see no reason to recommend that the requests preferred before me that the block should be abandoned should be recommended.

8. The claims were 27 in number; of these three were to public rights of way, five to kumaki, two to water easements and the rest were proprietary claims. All the claims to public rights of way, three of the kumaki claims, and one to a water easement were admitted. Of the 17 proprietary claims 13 were admitted and the others rejected.

9. The draft notification herewith submitted does not reserve a larger area than that notified under section 4 for reservation, this block being situated in the plains and not being so inaccurately notified as those on the ghâts.

10. The following records of settlement are herewith submitted :—

- (a) Draft notification under section 16.
- (b) Signed copy of the B. Register.
- (c) Statement showing the number of claims filed and their disposal.
- (d) Sketch-map of the block.

11. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

ENCLOSURE No. 1.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Baidur reserved forest, block No. 78, South Canara district.

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.

(4) A dam and channel for the irrigation of Muli Warg No. 79. Requests exclusion of all.	Represented by Vakil Ganapaya and cited Pottail of Paduvvari and Range officer of Coondapoor as witnesses; produces also pattas for lands claimed.	Represented by Range officer, Coondapoor. Does not contest the claim but states that item 3 is a natural spring and not a reservoir as stated in evidence before the Court. Proposes exclusion of items 1, 2 and 4.	2nd April 1897. All the items claimed are admitted. The land Muli Warg No. 79 and the portion of Muli Warg No. 74 included within the reserve will be excluded from reservation by an alteration of the reserve boundary. Item No. 4.—The dam and channel will, by the above order, also be excluded. One hundred yards of kumaki will also be excluded for the above said warg. Item No. 3.—The use of the water of the spring on the east, running through the reserve south-east for sixty yards and quitting it thirty-five yards west of cairn No. 87-A is also permitted for conducting the water thereof to Muli Warg No. 74. No jungle produce is included in this order.

(Signed) H. S. MULLINS,
Spl. Forest Sett.-officer, Malabar and South Canara.

5th April 1897.

10 12-A.	Buddhirents Shetti, nephew of Nagappa Shetti, of Paduvvari.	1st April 1897.	Claims kumaki for his land Muli Warg No. 35 of Shirur and the removal of cairn No. 30 which deprives him thereof.	Cites the Shanbhogue of Kolluruttara Magane as witness.	Represented by the Range officer, Coondapoor. Does not contest the claim.	The claim is admitted and the kumaki of one hundred yards for Warg No. 35 of Shirur will be excluded by an alteration of the reserve boundary. (Signed) H. S. MULLINS, Spl. To us

The final notification relating to the Bandur block, South Canara District, seems to require revision with reference to the following remarks:-

page 4 of the B.P. (Current)

(i) Claim 9(3) According to the D.S.O's decision, right is admitted to the use of the water of the spring called "Honda" and to the maintenance of the channel conducting water from herefrom; but ~~that~~ all this is not

please see the last item of the Remarks in the notification
See this entry Sec 85

borne out by the entry in the draft notification relating to these rights.

Item B IV of the "Remarks" in the draft notification.

page 7 of the B.P. (Current)

(ii) Claim No 17 From the wording of the draft notification it would appear as though a "right of way" only were admitted over the local fund road from Bandur to Shirur, although according to the D.S.O's decision the road should be excluded from reservation. Local fund roads being ~~the~~ vested in ~~property~~ of the District Board, should always be excluded from reservation.

Reserved Forest.

The notification, under section 16 of the Madras Forest Act, for the constitution of the Baindur block, in the Coondapoor taluk, as a —, altered so as to exclude from reservation a Local Fund road, ordered to be published in the Fort St. George and South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 95, dated 22nd February 1899:—

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara, to the Collector of South Canara, dated Camp, Kollur, 23rd November 1898, Dis. No. 191 F.S.:—

I have the honour to submit the settlement records of block No. 78, Baindur, in the Coondapoor taluk of your district.

2. This block appeared under section 4 in the *Fort St. George Gazette*, dated 5th May 1896, the section 6 proclamation thereof being published in the District Gazette, dated 5th December 1896, and notices on the Wargdar issued in the month of March 1897.

3. I visited the block for the purpose of inspection in March 1897 and at the same time enquired into all the claims preferred against, the last order being passed on the 6th May 1897.

4. No appeals against any orders passed by me have been preferred. The block is thus free of all rights except those mentioned in the draft notification.

5. On completion of the settlement, the plan of the block was forwarded to the District Forest-officer for the preparation of the section 16 plan and the plan herewith forwarded was returned to me on the 15th September 1898.

6. On comparing it however with the B. Register, it was found impossible to identify some of the admitted claims and the plan was not finally ready for submission before I proceeded on leave in October last.

7. The block is situated in the northern part of the Coondapoor taluk adjoining the sea and is surrounded on all sides by cultivations and consequently the villagers owning lands adjoining it were considerably annoyed at the reservation thereof. It is, however, required by the Forest Department as a catechu reserve. It is to all intents and purposes a barren hill and as such of very little use to the villagers for kumaki, though of considerable extent being over nine square miles in area. Under the circumstances I see no reason to recommend that the requests preferred before me that the block should be abandoned should be recommended.

8. The claims were 27 in number; of these three were to public rights of way, five to kumaki, two to water easements and the rest were proprietary claims. All the claims to public rights of way, three of the kumaki claims, and one to a water easement were admitted. Of the 17 proprietary claims 13 were admitted and the others rejected.

9. The draft notification herewith submitted does not reserve a larger area than that notified under section 4 for reservation, this block being situated in the plains and not being so inaccurately notified as those on the ghâts.

10. The following records of settlement are herewith submitted:—

- Draft notification under section 16.
- Signed copy of the B. Register.
- Statement showing the number of claims filed and their disposal.
- Sketch-map of the block.

11. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.
