OFFICE OF THE BOARD OF REVENUE
(LAND REVENUE),

*Madras*, 6th April 1899. ~~189~~ .

READ— letter from C.M.Mullaly Esquire, Collector of Nellore to the Secretary to the Commissioners of Land Revenue, Madras, Ref.No.2478/ver of 1898 dated 6th January 1899, and Reference thereon No.60 dated 20th January 1899.

Read also letter from the same officer, Ref.No.2478/ver dated 2~~1~~7 March 1899.

Reference No. 129 dated 6th April '99. ~~189~~ .

In the village of South Amalur, Nellore taluk, there are two charitable tope inams covered by title deeds Nos. 1406 and 1410. At the time of the Inam Settlement the inams measured 3.12 acres and 9.13 acres and bore an assessment of Rs.5 and Rs.16; but they now cover a larger area, i.e. 4.49 and 19.81 acres with an assessment of Rs.5-10-0 and Rs. 24-12-0 respectively. The charge for excess by survey in the two cases is thus Rs.7-13-0.

The details for this calculation are not known. Vide telephone fc W.

2. The Collector reports that there are now only 35 and 25 trees respectively in the topes in question and that the inamdars have failed to take steps to plant a sufficient number of trees notwithstanding due warning. It appears from the Inam Register that the number of trees on the Inam connected with title deed No.1406 was 200 at the time of the Inam Settlement. The number of trees on the other inam land is not recorded in the Inam Register; but it was presumably more than 25, the present figure. The former land is now used by the inamdar for grazing his cattle and the latter for the cultivation of wet crops. The Collector recommends that both the inams may be resumed and that the full assessment minus the charge on account of excess by survey may be transferred to the Taluk Board, Nellore, which has consented to utilize the same for water pandals.

Must test as 19.81 acres

3. The Board supports the Collector's recommendation and submits it for the sanction of Government.
