Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Bollapalli extension No. VIII in the Vinukonda taluk, Kistna district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 947, dated 20th September 1897 :—

Read—the following letter from E. A. SMITH, Esq., Special Deputy Collector on Forest Settlement Duty, Nellore, &c., districts, to the Collector (through the District Forest-officer, Kistna, Masulipatam), dated Camp, Nellore, 27th March 1897, Dis. No. 3476-Forests :—

With reference to your letter Reference on No. 3421-Forests, dated 6th March 1896, I have the honour to re-submit the report on the conclusion of the settlement of the proposed Bollapalli extension 8 reserve in the Vinukonda taluk of your district.

2. The initial notification proposing to constitute this area into a reserved forest appeared in the *Fort St. George Gazette*, dated 11th September 1894, and the proclamation under section 6 of the Madras Act was published in the District Gazette of November 1894.

3. The block was inspected, perambulated and enquired into by Mr. J. T. Lever in January 1895, and three claims were preferred for the following rights which were admitted :—

(i) One claim to an inam field.
(ii) Two claims to certain rights of way.

The land involved in item No. 1 has been excluded by an alteration of the boundary of the reserve.

4. The block is thus free of all rights except those stated above.

5. The following are submitted herewith :—

(i) A signed copy of the B. register of claims.
(ii) A draft notification under section 16.
(iii) The numerical statement of claims.
(iv) The sketch-map of the reserve.

6. The date from which reservation is to take effect has to be inserted in the draft notification.

ENCLOSURE No. 3.—Numerical statement.

ENCLOSURE No. 4.—Map.

Endorsement by the Collector of Kistna, dated 10th June 1897, Dis. No. 3476-For.

Submitted to the Secretary to the Commissioners of Land Revenue, Madras, with enclosures.

2. The original area of the reserve proposed was reduced by acres 350 colored gamboge, at settlement so that the net area of the extension covers 1,500 acres.

3. The final report of the Forest Settlement-officer was received in March 1896, but it had to be returned for further enquiry with regard to the Ayyanapalem agraharam boundary, the line having originally been cut slightly wrong on the ground.

4. The statement of area and condition and the ayakut abstract are enclosed.

ENCLOSURES.—Area statement and Ayakat abstract.

Endorsement by A. W. PEET, Esq., Conservator of Forests, Northern Circle, dated Waltair, 14th June 1897, R.C. No. 2570.

Resolution—Forest Mis. No. 947, dated 20th September 1897.

In paragraph 2 of the Collector's forwarding endorsement, it is stated that the original area of the proposed reserve was reduced at settlement by 350 acres colored gamboge. No such reference is given on the sketch-map submitted. A pencil entry "cut down at settlement" is however made therein. On verification of the west boundary of the block under consideration, it would appear that no such exclusion has been made and that the area excluded forms part of Bollapalli Extension No. 1 notified under section 4 in Government Order, No. 883, dated 28th October 1889. The Collector is requested to explain the point more fully and to indicate the exclusion on the map by proper colouring.

(through the Conservator of Forests, Northern Circle).

READ—also the following letter from R. MORRIS, Esq., Acting Collector of Kistna, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Northern Circle), dated Masulipatam, 21st December 1897, Dis. No. 2721-Genl. :—

In re-submitting herewith the enclosures of Board's Proceedings, Mis. No. 947-For., dated 20th September 1897, I have the honour to report that the western boundary of the original selection of the reserve was taken from the then existing sketch-map of Bollapalli extension 1 reserve. The two areas were subsequently surveyed, and area then computed—1,850 acres were found to be incorrect.

An extent of 10 acres in the eastern boundary of the reserve has been cut out during settlement; and the correct area now found for the reserve after excluding that is found to be 1,500 acres. The reference to gamboge coloring made in this office letter D. No. 3476, dated 10th June 1897, is wrong.
