NOTIFICATION.

His Excellency the Governor in Council is pleased to declare under the provisions of Section 16 of the Madras Forest Act (V of 1882) that from , 189 , the area, the boundaries of which are set forth in the Schedule appended to this Notification, will be constituted a Reserved Forest.

SCHEDULE.

Number.	District.	Taluk.	Name of Forest.	Description of boundaries.	Remarks.
3.	South Canara.	Upminangadi.	Charmadi Kanapadi.	North. Starting from the Water-fall from the Bandaje Stream along the Mysore Frontier to its junction with the Mangalore Mysore road at the 56th Mile 6th Furlong when the boundary of this Reserve joins that of the Neriya Cardamom Forest. East. Then the boundary of the Neriya Cardamom Forest until it crosses the Aniur River, then the right bank of the River about a mile and a quarter to cairn No 288 on the same bank above the fields of Geni Warg No 9 of Bail Village. South. — Thence West-South-West 70 yards Cairn No 287A, on 140 yards Cairn No 287, South-South-West 180 yards Cairn No 286, South-West 55 yards Cairn No 285, West-South-West 110 yards crossing the path from Bail Village to Parapala-Benpar Cairn No 284 and on 130 yards Cairn No 283, South-West 310 yards crossing the Pilipatta Stream Cairn No 282 and on 170 yards Cairn No 281, on 60 yards Cairn No 280, on 110 yards cairn No 279, South-South-West 80 yards Cairn No 278 and the same direction —	

Number.	District.	Taluk.	Name of Forest.	Description of boundaries.	Remarks.

No 277 and 170 yards cairn No 276, South-South-West No 276 and 170 yards cairn No 275 and on 150 yards cairn No 274; 110 yards cairn No 275 and on 150 yards cairn No 274; then Skirting (Muli) Warg No 1 of Bail Village, West-South-West 130 yards cairn No 273 and on 160 yards cairn No 272, South-West the same distance cairn No 271, West-South-West 60 yards cairn No 270, 70 yards cairn No 269, West-South-West 100 yards cairn No 268, South-West 140 yards cairn No 267, nearly South 95 yards cairn 266, on 80 yards cairn No 265, South-South-East 80 yards cairn No 264, South-South-West 140 yards cairn No 263, 80 yards cairn No 262, 90 yards cairn No 261, 90 yards cairn No 260, nearly South about 100 yards cairn No 259, South-South-West 130 yards cairn No 258, nearly South 100 yards cairn No 257, 115 yards cairn No 256, 70 yards cairn No 255, South-South-West 130 yards cairn No 254, South-West 70 yards cairn No 253, nearly South 90 yards cairn No 252, South-West 85 yards cairn No 251 and on 170 yards crossing the path to Malla enclosure, Muli Warg No 6 of Bail village, cairn No 250, nearly South 170 yards cairn No 249, South-South-West 110 yards cairn No 248, nearly South 85 yards cairn No 247 and on 100 yards cairn No 246, South-West 50 yards cairn No 245, West-South-West 140 yards cairn No 244 and on 55 yards cairn No 243, South-West 50 yards cairn No 242, nearly West 120 yards cairn No 241 and on 80 yards cairn No 240, West 50 yards cairn No 239, North-West 50 yards cairn No 238, then West 85 yards cairn No 237 on the left bank

Number.	District.	Taluk.	Name of Forest.	Description of boundaries.	Remarks.

Stream, cairns No 236A, 236 and 235 at the bends thereof, a distance of 1000 yards, the last cairn being at the junction of that Stream with the Manjel Stream. Thence crossing the Manjel Stream along the right bank thereof, South-West by cairns No 234, 233, 232, 231, 230, 229, 228 & 227 about 1000 yards; thence along the foot of the Marjeguddi North-West 140 yards cairn No 226 and on 85 yards cairn No 225, then Skirting Geni Warg No 2 of Hosamogar village, North 130 yards cairn No 224, West-North-West 55 yards cairn No 223, nearly North 140 yards cairn No 222 and on 110 yards cairn No 221, North-West 105 yards cairn No 220 and on for 50 yards cairn No 219, North-North-West 235 yards cairn No 218, North-North-East 140 yards cairn No 217 and on 115 yards cairn No 216 crossing the Water-channel from the Pernale tank to the Jotaladi cultivation; nearly North 110 yards cairn No 215, North-North-East 50 yards cairn No 214 and on the same distance cairn No 213 crossing the path from Pernale cultivation to Jotaladi village; nearly North 50 yards cairn No 212, North-North-East 85 yards cairn No 211, nearly North 100 yards cairn No 210 and on 95 yards cairn No 209 and 90 yards cairn No 208 crossing a second channel from the north of the Pernale tank to Muli Warg No 3 of Jotaladi village, North-north-west 100 yards cairn No 207 and the same direction 120 yards cairn No 206, North-North-East 145 yards cairn No 205, nearly North 50 yards cairn No 204; thence Skirting Muli Warg No 2 of Jotaladi village, a small path North-North-Easterly direction cairn No

Number.	District.	Taluk.	Name of Forest.	Description of boundaries.	Remarks.

203 at 65 yards, cairn No 202 at 75 yards, cairn No 201 at 85 yards, cairn No 200 at 83 yards, cairn No 199 at 78 yards, cairn No 198 at 93 yards, cairn No 197 at 80 yards, cairn No 196 at 60 yards, cairn No 195 ~~(yards)~~ at 80 yards and cairn No 194 at 130 yards, thence West-north-West cairn No 193 at 150 yards, North-West cairn No 192 at 87 yards, North-North-West cairn No 191 at 85 yards, cairn No 190 at 50 yards above Jakodi cultivation, Geni Warg No 6 of Tolatadi village; thence North-North-West 70 yards cairn No 189, on 180 yards cairn No 188, nearly north the same distance cairn No 187, North-North-East 165 yards cairn No 186, North 80 yards cairn No 185B, North-North-West 45 yards cairn No 185A, North-West 85 yards cairn No 185 and on 95 yards cairn No 184 at the northern end of the Jakodi cultivation above-mentioned; thence round the bend of the cultivation Geni Warg No 17 of Charmadi cairn No 183 at 140 yards, North-East cairn No 182 at 120 yards, East-North-East 65 yards cairn No 181 and on 120 yards cairn No 180, 86 yards cairn No 179, 50 yards cairn No 178 and 109 yards cairn No 177, nearly North Cairn No 176 and 175 at 80 and 60 yards, Slightly South of East cairn No 174 at 130 yards, North-East 150 yards cairn No 173, Slight East of North-East Cairn No 172 at 175 yards, nearly north cairn No 171 at 45 yards, North-North-East cairn No 170 at 60 yards and cairn No 169 at 70 yards, North-North-West cairn No 168 at 135 yards and nearly North cairns No 167, 166, 165 and 164 at 60 yards, 100 yards, 112 yards and 87 yards; nearly north [illegible] Mangalore road at the 5th Mile-

[illegible] wards by 110 yards. 3.

2

Stone by cairns Nos 163, 162, 161, 160, 159 and 158 at 138, 142, 48, 125, 110 and 107 yards, the last cairn being on the East side of the road; thence along the same side of the road half-a-mile lying 22 yards from the centre of the road to cairn No 157A which is at the 56th Mile 4th [illegible] long from Mangalore across the road to the land distance to the West of it, cairn No 157; then by the lands of ~~Geni~~ Muli Warg No 7 of Charmadi West-North-West 95 yards cairn No 156, nearly North Cairns Nos 155 and 154 at 55 yards distance East-North-East 130 yards, cairn No 153, North-East 80 yards, cairn No 152, North-North-West 90 yards cairn No 151, North-North-East 78 yards cairn No 15[illegible] nearly North 135 yards cairn No 149 and on 65 yards cairn No 148 between the cultivated lands mentioned and Muchar Stream dam Easement, North-West 170 yards crossing the Charmadi River cairn No 147 on its right bank and on 90 yards cairn No 146, South-South-West 100 yards cairn No 145 and then Skirting Muli Warg No 17 of Charmadi nearly West cairn No 144 at 75 yards, North-North-West cairns Nos 143 and 142 at 50 and 56 yards, nearly North cairns Nos 141 and 140 at 100 yards and 65 yards and North-West cairn No 139 at 107 yards; Slightly South of West cairn No 138 at 112 yards, Slightly North of West Cairn No 137 at 96 yards, South-West cairns Nos 136 and 135 at 85 yards and 63 yards, West cairn No 134 at 130 yards, cairn No 133 at 83 yards and South-West cairns Nos 132, 131, 130, 12[illegible]

and 128 at 140, 87, 60, 55, and 57 yards respectively; thence Skirting Geni Warg land No 2 of Charmadi, West-North-West (42) 134 yards cairn No 127, West-South-West 112 yards cairn No 126 and on 70 yards cairn No 125, at 130 yards cairn No 124, nearly West 40 yards cairn No 123 and cairn No 122 at 80 yards; Slightly North of west Cairn No 121 at 50 yards, cairn No 120 at 100 yards, due West cairn No 119 at 80 yards and cairn No 118 at 130 yards, slightly South of West cairn No 117 at 95 yards, then Skirting Marangai cultivation of Charmadi Village, South-South-West, Cairns Nos 116, 115, 114 and 113 at 135, 115, 130 and 110 yards, West-South-West cairns Nos 112, 111 and 110 at 115, 30 and 150 yards, South-West cairns Nos 109 and 108 at 180 yards and 105 yards, thence Skirting Geni Warg No 8 of Charmadi South-South-West 55 yards cairn No 107, South-West 75 yards cairn No 106, South-South-West Cairns Nos 105, 104, 103, 102, 101, 100, 99, 98, 97 & 96 at 60, 55, 80, 30, 73, 110, 130, 120, 110 and 53 yards respectively; then West cairns Nos 95 and 94 at 170 yards and 38 yards; then passing round Muli Warg No 2 of Charmadi and the tank at its head, North-North-West cairns Nos 93 and 92 at 50 and 87 yards, North West cairn No 91 at 160 yards, nearly North Cairns Nos 90 and 89 at 135 and 138 yards, thence West Cairns 88, 87 and 86 at 80, 100 and 105 yards, North-West cairns 85 and 84 at 75 and 55 yards, South-West cairns 83, 82 and 81 at 110 yards, 87 yards and 115

160 yards by 110 yards.

yards, South Cairns Nos 80, 79, 78, 77 and 76 at 130 yards, 140 yards, 140 yards, 115 yards and 87 yards, thence Skirting the Western side of Muli Warg No 5 of Charmadi nearly West Cairns Nos 75, 74 and 73 at 80, 57 and 145 yards, South-West Cairns Nos 72 and 71 at 160 yards and 140 yards, nearly due South past the Western sides of Muli Wargs Nos 3 and 4 of Chibbidre Village cairns Nos 70, 69, 68, 67, 66, 65, 64, 63, 62, 61, 60, 59, 58 and 57 at 80, 83, 82, 65, 107, 30, 80, 160, 130, 108, 50, 106, 85 and 112 yards distant one from the other; then by the North-Westerly arc of the Quadrant of a circle by cairns Nos 56, 55, 54 and 53 at 115 yards, 112 yards, 60 yards and 70 yards cairn No 53 being upon the right bank of the Mundaji River, then that bank of the River for about 1100 yards cairn No 52 some 30 yards below the Mundaji dam.

West. — Then Skirting the lands of Muli Warg No 9 of Chibbidre by the foot of Battattal Judde North-North-East, cairns 51, 50, 49 and 48 at 130, 53, 100 and 65 yards, North-North-West cairn No 47 at 85 yards, cairn No 46 at 55 yards, cairn No 45 at 108 yards, then North-West cairns Nos 44, 43, 42 and 41 at 193, 180, 108 and 106 yards; then Skirting Hosagane Warg No 7 of Kanapadi Village North-North-East cairn No 40 at 210 yards, North-East cairns Nos 39, 38 and 37 at 210 yards, 112 yards and 50 yards, North-North-West cairn No 36 at 170 yards, nearly North cairns Nos 35 and 34A at 125 yards and 200 yards, the latter cairn being at the head of an arm of Muli

Kanapadi Village [illegible]

tole; then Skirting that arm in a North-Westerly direction cairns Nos 34, 33 and 32 at 110, 70 and 115 yards, the last cairn being above Hitlu Kodi Muli Warg No 1 of the same village; thence Skirting that land and Muli Warg No 2 North-North-East cairn No 29 at 108 yards, North-East 55 yards cairn No 28 and on 175 yards cairn No 27, East-North-East 80 yards cairn No 26, North-North West 205 yards cairn No 25, nearly North 145 yards cairn No 24 distant 50 yards Eastward from an old tank irrigating the last mentioned Warg; thence nearly north 160 yards cairn No 23, whence Skirting Geni Wargs Nos 5 and 3 and Muli Wargs Nos 4 and 8 of Kadirudyawara village in a North-Easterly direction cairns Nos 22, 21, 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2 and 1 at 140, 150, 109, 111, then crossing the Kunhadi Stream 165, 108, crossing the Meljodi Stream 140, 145, 120, 90, 110, 149, then crossing the Pilikunji Stream 170, 175, 173, 248, 180, 160, 60, 40, 155 and 220 yards to the left bank of the Bandaje Stream. Thence that Bank of the Stream up to the Starting point, the Bandaje Water-fall.

~~X~~ A. The following enclosures are admitted within the Reserve:—

1. Enclosure No 1. Charmadi River dam enclosure - on the right bank of the Charmadi River, demarcated by 4 cairns, 3 acres in extent, of a recta[illegible] the sides being

160 yards by 110 yards. 3.

✓ 2. Enclosure No 2. Muchar Stream dam Enclosure - on both sides of the Muchar Stream demarcated out free from Reservation by 4 cairns the shape almost square, the sides being 105 yards each.

✓ 3. Enclosure No 3. - Pernale tank and Pernale Cultivation, Muli Warg No 6 of Thotatadi village, demarcated out free from Reservation by 21 cairns (notified as an enclosure in Section 4 notification)

✓ 4. Enclosure No 4. - Being Malla cultivation, Muli Warg No 6 of Bail Village demarcated out free from Reservation by 13 cairns together with an area of forest around it (mentioned as an enclosure in Section 4 notification).

✓ 5. Enclosure No 5 - Parapala Benpur - Geni Warg No X of Bail Village demarcated out free from Reservation together with a fringe of forest around it by 19 cairns (mentioned as an enclosure in Section 4 notification.)

10

B. ~~X~~. The following public rights of way are admitted within the Reserve.

✓ 1) The Local Fund Road from Mangalore to Mysore together with a margin of 22 yards on either side measured from the centre of the road. It enters the Reserve between cairns Nos 157 and 157A at 50 m. Mile 4 m. Furlong and, leaves it about a [illegible] mile S. [illegible]

Mysore Frontier passing into the Neriya on Cardamom Forest.

2) From Muli Warf No 3 of Jotatadi Village, 6 feet, for men and cattle, to Pernale cultivation Enclosure No 3. It enters the Reserve South of Cairn No 213 and runs Eastward 500 yards quitting the Reserve at the Western side of the Pernale Enclosure.

3) From Pernale Enclosure No 3 via Enclosure No 4 to Muli Warf No 1 of Bail village. It enters the Reserve on the South Eastern side of the former enclosure and running North-East 650 yards enters the latter enclosure on its South-Western side. It again leaves that enclosure on its Southern boundary and runs some 900 yards South, finally quitting the Reserve some 50 yards South-West of Cairn No 251.

4) Parapala Benpur-Bail foot-path ~~3 feet~~ wide for men only to a width of 3 feet. The pathway leaves the enclosure at its South-Eastern Extremity and running one mile and a furlong South, quits the Reserve 50 yards West of cairn No 285.

C. The following Easements are granted within the Reserve.

I. Permission is granted to the villagers of Jotatadi to lead off water by two channels from the Pernale tank within the Pernale Enclosure No 3 for the irrigation of Muli Warf No 3 of Jotatadi village. The material for the repair of the channels will be taken from the bed of the channels and tank and right of entry for such repair will be by the bed of the channel.

Channel No I - Enters the Reserve on the West side of the Pernale Enclosure, passes through it 500 yards in a West-South-Westerly direction and quits it 30 yards South of Cairn No 216. The breadth of the channel is not to exceed 6 feet including banks

Channel No II. Enters the Reserve on the North West side of the Pernale Enclosure passes through it in a Westerly direction for about 400 yards and quits it about 20 yards South of Cairn No 208. The channel is not to exceed 15 feet in breadth.

II & III. Permission is granted to Kavalige Shivabettu Venkataramanaya of Charmadi village to construct two dams inside the Reserve, one across the Charmadi River and the other across the Muchar Stream, the first dam being about 660 yards North-East of cairn No 147 and the second being 200 yards ~~West~~ East of cairn No 148; also to lead off water by a channel 10 feet wide including the banks from above the first dam to the second South-West for 300 yards, thence to Muli Warf No 12 outside the Forest the channel con-

timuing South-West from the 2d enclosure 50 yards and quitting the Reserve closes cairn No 148. The materials for the construction and maintenance of the dams to be taken from the area excluded from reservation (Enclosures Nos ~~I II III~~ 1 and 2 adjoining the dams) Access to the enclosures and dams is by the bed of the channel.

Proceedings, Forest No. 146, 19th April 1898.

APRIL.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Charmadi-Kanapadi block, in the Uppinangadi taluk, South Canara district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

READ—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara districts, to the Collector of South Canara, dated Camp, Tellicherry, 14th October 1897, Dis. No. 179-F.S.:—

In submitting my final report on the settlement of the proposed reserve No. 3, Charmadi-Kanapadi in the Uppinangadi taluk of your district, I have the honour to state that the notification under section 4 proposing to constitute this block a "reserved forest" appeared in the *Fort St. George Gazette*, dated 24th February 1886, along with that of three other blocks.

2. The proclamation calling for claims under section 6 was published in the District Gazette supplement, Forest Sheet, dated 26th July 1886, having been issued by Mr. K. Rama Rau, the then Divisional-officer, who was appointed as the Forest Settlement-officer. A copy of the proclamation was served on every holder or occupier of land adjoining or included within the proposed forest in conformity with the procedure laid down in the Madras Forest Act V of 1882.

3. The block was proposed for reservation at a time when forest settlement was yet in its infancy and in the then unsurveyed condition of the district a proper demarcation of the reserve boundary was more or less impracticable taking into consideration also the fact that the forest being a ghât slope was comparatively inaccessible. Hence, though the settlement of claims was completed by 1889, the block could not be perambulated until demarcated and surveyed. This was finished only in October 1893 after which Mr. Rama Rau perambulated the boundary between the end of 1893 and the beginning of 1894. Two places after such perambulation were visited by Mr. K. Ganapaya, who was then in charge of the forest settlement duties in May 1894, to ascertain the correctness of the plan with the demarcation on the ground.

4. The reserve comprises mostly tracts over which kumari cultivation was extensively carried on prior to 1860 when all kumari assessment was put a stop to by Government. The claims preferred against the block are, therefore, mostly to alleged proprietary rights over these lands, though, as a matter of fact, the only rights which the claimants or their ancestors exercised up to 1860 were the rights of kumari cultivation on payment of kumari shist to Government which shist has not been levied since (that year). There were ten such proprietary claims and all these were rejected on the ground that they were time-barred. Three of the above ten also contained claims to water easements, two of which were rejected as the tank, the common subject of both the claims was already in the section 4 notification excluded from reservation with a belt of land around it, as an enclosure, namely Pernale. The third was for permission to construct two dams across two streams with materials for the repair and maintenance thereof. This claim was admitted *in toto*, the supply of materials being granted from two plots of ground, 2 acres and 3 acres in extent, excluded from reservation as enclosures at the site of the dams. There was one claim that was partly to (1) pasturage and forest produce which was rejected and partly to (2) earth, &c., to dam the Mundage river and this was decided in the shape of a compromise, the District Forest-officer having consented to exclude 10 acres of land on the other side of the river from the adjoining Dharmasthala-Mundaje reserve No. 2 notified as a reserved forest in 1893 for the use of the claimants. The other two claims were made by the District Forest-officer on behalf of the public for four rights of way and two water-courses, both of which were admitted, thus bringing the total number of claims to thirteen.

5. Three of the claimants to proprietary rights over kumari lands preferred appeals to the district court which confirmed the decree of the court of forest settlement on 23rd January 1890.

6. It may be remarked that claims Nos. 2, 5 and 10 included, as they did, rights to water easements should have, each of them, been split into two separate claims according to rule 10 (*c*) under section 63 (*b*) of Act V of 1882, communicated in Board's Proceedings, Forest No. 330, dated 20th June 1892; but this, at the present stage, is not feasible, as one order was passed by the then Forest Settlement-officer treating both the items as the claim and the B Register written up accordingly.

7. I may also observe that the claims against the two blocks—Dharmasthala-Mundaje and Charmadi-Kanapadi Nos. 2 and 3—were so closely knit together that the Forest Settlement-officer did not choose to differentiate them as affecting any particular reserve and maintained common A and B registers for both the blocks. In the B register transmitted herewith, the claims relating to the block under report have been extracted (précised), eliminated and copied according to the date of disposal without adhering to the numerical order in the original common B register with a view to complying with the Board's instructions regarding the preparation of B registers.

8. This block which is the longest standing on my list in South Canara came into my charge in 1896, ten years after its initial notification. Besides the difficulties mentioned in paragraph 3 above, the preparation of a correct plan was the subject of a prolonged correspondence which was still undecided when I received the records of the block. After I went to South Canara, I took the matter up and wrote to the District Forest-officer in January 1897 to supply me with a fresh plan. This was forwarded to me in July last but some inaccuracies having crept into this also, it had to be returned for correction. The finally corrected map was sent to me and was received on 28th August last, since which date having had to change camps frequently, I could not take up this work till now.

9. The following records are transmitted herewith:—

(*a*) Draft notification under section 16.
(*b*) A signed copy of the B register of claims.
(*c*) Statement showing the number of claims filed and their disposal.
(*d*) Sketch-map of the block.

10. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

ENCLOSURE No. 1.

B. REGISTER of claims to Lands, rights to Forest produce or easements in the proposed Charmadi-Kanapadi reserved forest, Uppinangadi taluk, South Canara district.

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.	Brief abstract of decision, if any, of Court of final appeal and settlement.
1	2	3	4	5	6	7	8
1	Parlani Duggana Gowda, son of Kinhamma Gowda, residing in Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to Kallande male.	Claimant is entitled to the possession of the forest.	By Collector's proclamation of fasli 1270, Government took over possession of all kumeri forests like the one claimed in this case, by remitting kumeri assessment levied until then and prohibiting cultivation of kumeri in it.	Claimant impliedly admits the contention of the District Forest-officer, as he asks in his petition for the restoration of his previous right and expresses his willingness to pay the old assessment. Claimant failed to appear on the date fixed for hearring and has not adduced any evidence in support of his claim. His claim is now barred by the statute of limitation under articles 142 and 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 29th Jan. 1887.	....
2	Devakamma Hebbarthi, widow of Neriya Venkappa Hebbara, residing in Mular Nidgal village, Uppinangadi taluk.	8th Sept. 1886.	Claims proprietary right to (1) Adpila, (2) Kuredu, (3) Hibanje, (4) Kudony, (5) Kulanji, (6) Billanji, (7) Hankaranagiii, (8) Mallada male, (9) Nangery and (10) Pittalkodi forests. Claims right to water from Pernale tank for the irrigation of muli wargs Nos. 1 and 2 of Totatadi village.	The claimant relies upon Collector Mr. Webster's minute, dated 6th October 1875, and has exercised acts of ownership in them. Muli wargs Nos. 1 and 2 are also irrigated by the tank.	The District Forest-officer contends that these are kumeri forests and that Government having dispossessed all kumeri holders by stopping such cultivation and taking over the forests in 1860 this claim is barred by limitation. The tank has been already excluded from the limits proposed for reservation.	Collector Mr. Webster's minute is objected on the ground that it was suspended before effect being given to it. Moreover, it appears, that it has been disapproved by the Secretary of State as based upon grounds opposed to the decision in Bhaskarappa *versus* the Collector of North Canara, Bombay, Vol. III, page 452. Claimant has not shown that kumeri cultivation was resumed ever since 1860 or that she exercised in virtue of Mr. Webster's minute any specific act of ownership as distinguished from the privileges enjoyed by all villagers in common. The claim is therefore barred by article 142 or 144 of Act XV of 1877. The tank has been expressly excluded from reservation and the claim to the use of water or anything connected with its upkeep is not affected. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th Feb. 1887.	The District Court dismissed the appeal with costs on the ground that the suit was barred by limitation (Appeal No. 151 of 1887), 23rd January 1890.
3	Annappaya, son of Rangaya, residing in Chibbidre village, Uppinangadi taluk.	Do.	Claims proprietary right to Kuvemale.	Claimant holds possession of the forest, having purchased it by sale-deed, dated 21st August 1886.	The forest is one of those in which kumeri cultivation has been stopped and which have been taken possession of by Government since 1860 under Collor's proclamation of fasli 1270.	From the Collector's proclamation of 1860 and magane shanbogue's affidavit it is clear that Government took over the forest in 1860 by stopping kumeri cultivation and remitting kumeri assessment. Any right, claimant might allege to the forest, has therefore been barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, 4th Feb. 1887. Forest Sett.-officer.	....
4	Padumane Ishwarappaya and his son Padumane Venkatramanaya, residing in Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to (1) Kajakemale, (2) Pandilamale, (3) Bolanadkamale.	The claimants hold possession of these forests.	These are kumeri forests and the Collector's proclamation of fasli 1270 referred to in the last preceding claim is equally applicable to this case.	Claimant Venkatramanaya admits the stopping of kumeri cultivation ever since 1860 and the remission of the assessment thereon. Claimant's allegation that he has been enjoying the forest produce and other use of forest is not inconsistent with the privileges permissively enjoyed by villagers in common. This claim is therefore barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	The district court held that the case failed on merits and also that it was time-barred, (appeal No. 152 of 1887) dated 23rd January 1890).
5	Santaraja Shetti, son of Channapparasa Rayamular, residing in Totatadi village, Uppinangadi taluk.	5th Nov. 1886.	Claims proprietary right to (1) Kera, (2) Pernale, (3) Bantaru * * * Claims also right to water of the tank in Pernalemale for the irrigation of muli warg No. 3 of Totatadi village.	Same as in claim No. 4. The water of the tank is indispensable for the cultivation of the warg.	Same as in claim No. 4. The tank has been expressly excluded from the limits of the proposed reserved forest.	Claimant's petition contains an admission of the District Forest-officer's contention. His claim is therefore barred by limitation. The tank and the use of its water are excluded from the tract proposed to be constituted as reserved forest. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	....
6	Aniur Annappa Gowda, residing in Charmadi village, Uppinangadi taluk.	9th Nov. 1886.	Claims proprietary right to (1) Baremale, (2) Kilyar, (3) Malijodimale, (4) Bontrodimale, (5) Sambilodi or Ambilodimale and (6) Kanyalemale.	The claimant holds the possession of the forests and relies upon a minute of Collector Mr. Webster, dated 6th October 1875.	For the reasons stated against claim No. 2, this claim is barred by limitation.	For the reasons set forth against claim No. 2, this claim is barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	....
7	Shitharamayya, son of Vishwanathaya and Moktessar of the Bhutastans dedicated to Ista Devate *alias* Banta Devate and Gange Mahakali, residing in Chibbidre village, Uppinangadi taluk.	6th Sept. 1886.	Claims proprietary right to Battattalmale.	The forest is required for the benefit of the two Bhutastans dedicated to Ista Devate *alias* Banta Devate and Gange Mahakali which lie in Bailangadikap and has been enjoyed in connection with his muli warg No. 3 of Chibbidre village. The claimant relies upon Collector Mr Webster's minute, dated 6th October 1875.	The District Forest-officer disputes the proprietary right alleged by the claimant.	The claimant admitted that no more forest than the 10 acres demarcated for the benefit of the dams is necessary, the Bhutastans being situate within that extent. Claimant will therefore be allowed such materials from the portion so demarcated as may be required for the use of the Bhutastans. The claim for the rest of the jungle is rejected. (Signed) K. RAMA RAU, Forest Sett.-officer. 22nd February 1887.	...
8	Kavalige Shankarnarnappaya, son of Krishnaya and Potail of Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to (1) Nangerimale and (2) Mucharmale. It is requested that the fields may be acquired for Government on payment of such compensation as they are found worth on enquiry.	The claimant alleges that he is entitled to the possession of the forests. There are also paddy fields assessed to him in Mucharmale.	The District Forest-officer disputes the claim and contends that any right the claimant might claim has long been barred by time as Government prohibited kumeri cultivation and dispossessed the kumeri holders as far back as 1860.	The claimant admits that both the jungles were kumeri forests in which no kumeri was cultivated for the last 26 years. In his examination he said he would give up his paddy fields on payment of such compensation as the Beltangadi Deputy Tahsildar may determine on local enquiry. That officer has found that the fields were not worth any compensation and the claimant has also tendered his resignation for them. The claim is therefore formally rejected. (Signed) K. RAMA RAU, 22nd February 1887. Forest Sett.-officer.	....

Claim 5.—This claim refers partly to this block and partly to block No. 2. The asterisks refer to the portion of the claim to block No. 2.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Charmadi-Kanapadi reserved forest, &c.—*cont.*

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.	Brief abstract of decision, if any, of court of final appeal and settlement.
1	2	3	4	5	6	7	8
9	Patla Veereshwara Bhatta, residing in Mundaje village, Uppinangadi taluk. Dumbethi Narayana Hebbara and ten others, residing in Mundaje village. Patla Veerashwara Bhatta and seventeen others, residing in Mundaje village.	18th Oct. 1886. Do. Do.	Claim right to graze cattle and to obtain leaves, firewood, thatching grass, bamboos, creepers, &c., up to the borders of Battattalmale. Claim right to graze cattle and to obtain leaves, firewood, thatching grass and creepers up to the borders of Battattalmale. Claim also right to obtain annually earth and about one thousand head-loads of leaves from Battattalmale . . . . for constructing a dam across the Mundaje river. Claim right to obtain annually earth and about five hundred head-loads of leaves from Battattalmale . . . . for the construction of a dam across the Mundaje river.	The ground of claim is custom.	The claim in respect of other purposes than the dams is disputed. Ample provision has been made outside the limits of the proposed reserved forests for the purpose of pasture and for obtaining thatching grass, &c. It is proposed to exclude a portion of the extent of 10 acres from the Dharmastal Mundaje block for providing for the leaves and earth required for the construction of the dams across the Mundaje river.	The claimant Patla Veereshwar Bhatta has not appeared in accordance with a notice issued to him nor substantiated the claim to Battattalmale made by him individually, while his own undivided brother Anantha Bhatta living with him and professedly possessing united interest in the property claimed who was examined before the court, declares that the claimant does not want this jungle. The claim in respect of other purposes than the dams seems to be groundless and is rejected accordingly. The claim for jungle for the use of the dams is admitted by the District Forest-officer and as proposed by him and agreed to by the claimant's vakil, ten acres of jungle at the sites of the dams and on the southern side of the Charmadi road will be excluded from reservation. (Signed) K. RAMA RAU, 26th Mar. 1887. Forest Sett.-officer.	....
10	Kavalige Shivabettu Venkatramanaya, son of Ramappaya, residing in Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to— (1) Barmunje *alias* Yerikallu, (2) Kodange, (3) Bandarma, (4) Kudange (5) Divaje, (6) Devoty. * * * Claims also right to obtain materials necessary for the construction of a dam across the river in Divajemale, and another across the Muchar stream at Devoty as well as several other minor dams between muli warg No. 12 of Charmadi village and the dam in Devajemale. Claims also right to the use of the sites of the first two dams, the channel through which water flows and the land immediately adjoining the latter on both sides.	The claimant claims the forest as kumeri jungles. The ground of claim is custom.	The District Forest-officer disputes the claim and contends that the forests are in the possession of Government. The claim relating to the two big dams—one across the Charmadi river and the other across the Muchar stream—is not disputed and it is proposed to exclude two areas of forest more or less 5 acres in extent at the sites of the dams. It is also requested that a right to water by the channel be recorded.	Claimant No. 10 and claimant No 11 appear to be divided members of one and the same family and they severally claim forests Nos. 1, 2 and 3 . . . . and claimant No. 10 in addition claims forests Nos. 4, 5 and 6. They have not appeared before the court in accordance with notices issued, nor have they adduced any evidence in support of their claims. Their claims are very vague and indefinite. From the claim petitions it appears that they claim the forests as kumeries, but from the shanbhogue's affidavits it is clear that all kumeri holders were dispossessed in 1860. The claims are therefore time-barred and groundless. With the consent of the District Forest-officer, it is resolved to exclude from reservation for the purpose of the dams, 2 acres of jungle on both sides of the Muchar stream at the site of the dam and marked by cairns at the four corners and on the stream itself, as well as 3 acres of jungle on the right bank of the Charmadi river near the site of the dam and marked by four cairns. The channel through which water flows from one dam to another and to the warg lands will not be interfered with. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1886.	The District Court dismissed the appeal with costs on the ground that it was time-barred (Appeal No. 193 of 1887). 23rd January 1880.

11	Shankaranarayana, son of Kavalige Shivabettu Ramappaya, residing in Charmadi village, Uppinangadi taluk.	20th Sept. 1886.	Claims proprietary right to (1) Barmunje *alias* Yerikallu, (2) Kodange and (3) Bandarma.	Same as in claim No. 10.	Same as in claim No. 10.	*Vide* against claim No. 10. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1887.	....
12	The District Forest-officer (on behalf of the public).	23rd Mar. 1887.	Claims the following public right of way :— * * * 5 The Mangalore-Charmadi road with a breadth of twenty-two yards on each side from the centre of the roadway from the 50th mile to the Mysore frontier, fifty-six miles and three furlongs.	....	....	As this right is public right and there is no dispute about it, it is allowed and the boundaries of the proposed block will be corrected accordingly. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1887.	....
13	The District Forest-officer (on behalf of the public).	1st Oct. 1888.	Brings to notice the following accessory rights in Charmadi-Kanapadi block— 1. For the beneficial enjoyment of muli 3 and 6 of Totatadi village. (*a*) Right of water-way, six feet wide from Pernale tank going south-west to southern end of muli 3, a distance of one mile. (*b*) Right of water-way, fifteen feet wide from the tank north-west to northern end of muli 3, a distance of one mile. (*c*) Right of way, six feet wide for men only from muli 3, eastward to the tank, distance of three-quarters of a mile. 2. For the beneficial enjoyment of muli 6 of Bail village. Right of way, six feet wide for men and cattle at south-eastern boundary from muli 1 of Bail, goes north-ward, a distance of half a mile. 3. For the beneficial enjoyment of geni 10 of Bail village. Right of way, three feet wide for men only, enters at south-eastern boundary from the waste fields of geni 9 of Bail and goes northward, a distance of three miles.	....	....	The proposal of the District Forest-officer was duly notified to the owners of the warg lands by serving notices on them. But none appeared and stated any objection personally or by duly authorized agents. A petition was, however, received by post from one Santaraja Shetty and he simply states that the breadth of the two streams and the path and their distances as specified are not correct, because they sometimes change by the current of water and also by fall of trees. This statement is very unintelligible and cannot be understood; but the petitioner states that so far as the rights of way or water are not obstructed, he has no objection to urge. 2. The rights now proposed to be recorded are specially to secure the very object which the petitioner seeks for in the petition. 3. The rights will be recorded accordingly. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th February 1889.	*Abstract of order on review.*—As desired by the District Forest-officer, the decision is amended by mentioning in the decision the accessory rights separately in connection with the warg or wargs for the beneficial enjoyment of which they are allowed, *i.e.*, by following their arrangement in the District Forest-officer's statement of proposals. (Sd.) K. RAMA RAU, Forest Sett.-officer. 11th May 1889.

Claim 10 .. This claim refers partly to this block and partly to block No. 2. The asterisks refer to the portion of the claim to block No. 2.
Charmadi Dam enclosure.—This will be rectangular in shape, the sides being one hundred and sixty yards by 110 yards. Marked as A (1) in the draft notification and map.
Muchar Dam enclosure.—The shape is almost square, the sides being one hundred and five yards each. Marked as A (2) in the draft notification and map.
Charmadi Dam and Muchar Dam.—The first dam is about six hundred and sixty yards north-east of cairn No. 147 and the second two hundred yards north-east of cairn No. 148. Permission is granted to lead off water by a channel ten feet wide including banks from above the first dam to the second, south-west for three hundred yards, thence to muli warg No. 12 out side the forest, the channel continuing south-west from the second enclosure fifty yards and quitting the reserve close to cairn No. 148. The materials for the construction and maintenance of dams to be taken from the area exoluded from reservation (enclosures 1 and 2 adjoining the dams). Access to the enclosures and dams is by the bed of the channel. Marked as C (II) and C (III) in the draft notification and map.
Claim 11 .. *Vide* remarks to claim No. 10.
Claim 12 .. Enters the reserve between cairns Nos. 157 and 157-A at 50th mile and 4th furlong and leaves it about a quarter mile south-west of the Mysore frontier. Marked as B (1) in the draft notification and map.
Claim 13 .. *Item* 1 (*a*).—Enters the reserve on the west side of Pernale enclosure, passes through it five hundred yards in a west-south-westerly direction and quits it thirty yards south of cairn No. 216. The breadth of the channel is not to exceed six feet including banks. Marked as C I (1) in the draft notification and map.
Item 1 (*b*).—Enters the reserve on the north-west side of Pernale enclosure, passes through it in a westerly direction for about four hundred yards and quits it about twenty yards south of cairn No. 208. The breadth of the channel is not to exceed fifteen feet. Marked as C I (2) in the draft notification and map.
Item 1 (*c*) —Enters the reserve south of cairn No. 213 and runs eastwards for five hundred yards and quits it at the western end of the Pernale enclosure. Marked as B (2) in the draft notification and map.
Item 2.—The path passing from Pernale enclosure No. 3 *vid* enclosure No. 4 to muli warg No. 1 of Bail village, enters the reserve at the south-east side of the former enclosure and running north-east six hundred and fifty yards, enters the latter enclosure on its south-west side. It leaves that enclosure on its southern boundary and runs some nine hundred yards south, finally quitting the reserve about fifty yards south-west of cairn No. 251. Marked as B (3) in the draft notification and map.
Item 3.—The path enters the block at the south-east corner of enclosure No. V and running one mile one furlong southwards, quits it fifty yards west of cairn No. 285. Marked as B (4) in the draft notification and map.

ENCLOSURE No. 2.—Draft notification.

ENCLOSURE No. 3.

STATEMENT showing the number of claims filed and their disposal.

* Increase due to increase in the area of Shiradi Sisla reserve on survey and computation.

Endorsement by H. A. GASS, Esq., Conservator of Forests, Southern Circle, dated Coimbatore, 6th November 1897, Ref. on Cur. No. 1921.

Forwarded.

RESOLUTION—Forest No. 146, dated 19th April 1898.

The settlement records of the Charmadi-Kanapadi block will be submitted to Government with the request that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*.

2. The water-courses and the rights of way have not been described in the B. register with precision as in the draft notification. The latter document being a copy of the former in so far as the admitted rights are concerned, it is necessary that the two documents should correspond in all particulars. Although the attention of the Collector and the Forest Settlement-officer has been drawn to this point more than once, the Board finds that the claim register and draft notificatiou of blocks received from South Canara are at variance in this respect. The necessary entry has now been made in the remarks column of the B. register so as to secure uniformity.

3. The instructions in Board's Proceedings, No. 578, dated 18th December 1896, regarding the numbering of admitted rights have not been adhered to in the case of the B. register. Unless serial numbers are assigned to entries in the register, the verification of the admitted rights will be difficult. The omission has now been supplied.

4. The block covers an area of 12,800 acres as finally settled. It may be declared "reserved" from the 31st July next.

(True Copies and Extract.) Lionel Dawdswy

Acting Secretary.

To the Secretary to Government, Revenue Department,
with draft notifications (one original and two printed) and
a sketch-map to be returned.

Exd. Md. Pahilvan.

DRAFT NOTIFICATION.

His Excellency the Governor in Council is pleased to declare, under the provisions of section 16 of the Madras Forest Act (V of 1882), that, from 1898, the area, the boundaries of which are set forth in the schedule appended to this notification, ~~will~~ be constituted a reserved forest.

SCHEDULE.

Number.	District.	Taluk.	Name of forest.	Boundaries.
3	South Canara.	Uppinangadi.	Charmadi-Kanapadi.	*North.*—Starting from the water-fall from the Bandaje stream along the Mysore frontier to its junction with the Mangalore-Mysore road at the fifty-sixth mile, sixth furlong, where the boundary of this reserve joins that of the Neriya Cardamom forest. *East.*—Thence the boundary of the Neriya Cardamom forest until it crosses the Aniur river, then the right bank of the river about a mile and-a-quarter to cairn No. 288 on the same bank above the fields of Geni warg No. 9 of Bail village. *South.*—Thence west-south-west seventy yards cairn No. 287-A, on one hundred and forty yards cairn No. 287, south-south-west one hundred and eighty yards cairn No. 286, south-west fifty-five yards cairn No. 285, west-south-west one hundred and ten yards crossing the path from Bail village to Parapala-Benpar cairn No. 284 and on one hundred and thirty yards cairn No. 283, south-west three hundred and ten yards crossing the Pilipatta stream cairn No. 282 and on one hundred and seventy yards cairn No. 281, on sixty-yards cairn No. 280, on one hundred and ten yards cairn No. 279, south-south-west eighty yards cairn No. 278 and the same distance cairn No. 277 and one hundred and seventy yards cairn No. 276, south-south-west one hundred and ten yards cairn No. 275 and on one hundred and fifty yards cairn No. 274; then skirting Muli Warg No. 1 of Bail village, west-south-west one hundred and thirty yards cairn No. 273 and on one hundred and sixty yards cairn No. 272, south-west the same distance cairn No. 271, west-south-west sixty yards cairn No. 270, seventy yards cairn No. 269, west-south-west one hundred yards cairn No. 268, south-west one hundred and forty yards cairn No. 267, nearly south ninety-five yards cairn No. 266, on eighty yards cairn No 265, south-south-east eighty yards cairn No. 264, south-south-west one hundred and forty yards cairn No. 263, eighty yards cairn No. 262, ninety yards cairn No. 261, ninety yards cairn No. 260, nearly south about one hundred yards cairn No. 259, south-south-west one hundred and thirty yards cairn No. 258, nearly south one hundred yards cairn No. 257, one hundred and fifteen yards cairn No. 256, seventy yards cairn No. 255, south-south-west one hundred and thirty yards cairn No. 254, south-west seventy yards cairn No. 253, nearly south ninety yards cairn No. 252, south-west eighty-five yards cairn No. 251 and on one hundred and seventy yards crossing the path to Malla enclosure, Muli Warg No. 6 of Bail village, cairn No. 250, nearly south one hundred and seventy yards cairn No. 249, south-south-west one hundred and ten yards cairn No. 248, nearly south eighty-five yards cairn No. 247 and on one hundred yards cairn No. 246, south-west fifty yards cairn No. 245, west-south-west one hundred and forty yards cairn No. 244 and on fifty-five yards cairn No. 243, south-west fifty yards cairn No. 242, nearly west one hundred and twenty yards cairn No. 241 and on eighty yards cairn No. 240, west fifty yards cairn No. 239, north-west fifty yards cairn No. 238, then west eighty-five yards cairn No 237 on the left bank of Nanguri stream; thence along the bank of the stream, cairns Nos. 236-A, 236 and 235 at the bends thereof, a distance of one thousand yards, the last cairn being at the junction of that stream with the Manjel stream; thence crossing the Manjel stream along the right bank thereof, south-west by cairns Nos. 234, 233, 232, 231, 230, 229, 228 and 227 about one thousand yards; thence along the foot of the Marjegudde north-west one hundred and forty yards cairn No. 226 and on eighty-five yards cairn No. 225, then skirting Geni warg No. 2 of Hosamogar village, north one hundred and thirty yards cairn No. 224, west-north west fifty five yards cairn No. 223, nearly north one hundred and forty yards cairn No. 222 and on one hundred and ten yards cairn No. 221, north-west one hundred and five yards cairn No. 220 and on for fifty yards cairn No. 219, north-north-west two hundred and thirty-five yards cairn No. 218, north-north-east one hundred and forty yards cairn No. 217 and on one hundred and fifteen yards cairn No. 216 crossing the water-channel from the Pernale tank to the Totatadi cultivation; nearly north one hundred and ten yards cairn No. 215, north-north-east fifty yards cairn No. 214 and on the same distance cairn No. 213 crossing the path from Pernale cultivation to Totatadi village; nearly north fifty yards cairn No. 212, north-north-east eighty-five yards cairn No. 211, nearly north one hundred yards cairn No. 210 and on ninety-five yards cairn No. 209 and ninety yards cairn No. 208 crossing a second channel from the north of the Pernale tank to Muli Warg No. 3 of Totatadi village, north-north-west one hundred yards cairn No. 207 and the same direction one hundred and twenty yards cairn No. 206, north-north-east one hundred and forty-five yards cairn No. 205, nearly north fifty yards cairn No. 204; thence skirting Muli Warg No. 2 of Totatadi village in generally north-north-easterly direction cairn No. 203 at sixty-five yards, cairn No. 202 at seventy-five yards, cairn No. 201 at eighty-five yards, cairn No. 200 at eighty-three yards, cairn No. 199 at seventy-eight yards, cairn No. 198 at ninety-three yards, cairn No. 197 at eighty-yards, cairn No. 196 at sixty yards, cairn No. 195 at eighty yards and cairn No. 194 at one hundred and thirty yards; thence west-north-west cairn No. 193 at one hundred and fifty yards, north-west cairn No. 192 at eighty-seven yards, north-north-west cairn No. 191 at eighty-five yards, cairn No. 190 at fifty yards above Jakodi cultivation, Geni Warg No. 6 of Totatadi village; thence north-north-west seventy yards cairn No. 189, on one hundred and eighty yards cairn No. 188, nearly north the same distance cairn No. 187, north-north-east one hundred and sixty five yards cairn No. 186, north eighty yards cairn No. 185-B, north-north-west forty-five yards cairn No. 185-A, north-west eighty-five yards cairn No 185 and on ninety-five yards cairn No. 184 at the northern end of the Jakodi cultivation above mentioned; thence round the head of the cultivation Geni Warg No 17 of Charmadi cairn No. 183 at one hundred and forty yards, north-east cairn No. 182 at one hundred and twenty yards, east-north-east sixty-five yards cairn No. 181 and on one hundred and twenty yards cairn No. 180, eighty-six yards cairn No. 179, fifty yards cairn No. 178 and one hundred and nine yards cairn No. 177, nearly north cairns Nos. 176 and 175 at eighty and sixty yards, ~~slightly south of~~ east cairn No. 174 at one hundred and thirty yards, north-east one hundred and fifty yards cairn No. 173, ~~thence~~ east ~~of~~ north-east cairn No. 172 at one hundred and seventy-five yards, nearly north cairn No. 171 at forty five yards, north-north-east cairn No. 170 at sixty yards and cairn No. 169 at seventy yards, north-north-west cairn No. 168 at one hundred and thirty-five yards and nearly north cairns Nos 167, 166, 165, and 164 at sixty yards, one hundred yards, one hundred and twelve yards and eighty-seven yards; thence nearly north to the Mangalore-Mysore road at the fiftieth mile stone by cairns Nos. 163, 162, 161, 160, 159 and 158 at one hundred and thirty-eight yards, one hundred and forty-two yards, forty-eight yards, one hundred and twenty-five yards, one hundred and ten yards and one hundred and seven yards, the last cairn being on the east side of the road; thence along the same side of the road half-a-mile lying twenty-two yards from the centre of the road to cairn No. 157-A, which is at the ~~fifty-sixth~~ mile, fourth furlong from Mangalore across the road to the same distance to the west of it, cairn No. 157; then by the lands of Muli Warg No. 7 of Charmadi west-north west ninety-five yards cairn No. 156, nearly north cairns Nos. 155 and 154 at fifty-five yards distance; east-north-east one hundred and thirty yards, cairn No. 153, north-east eighty yards cairn No. 152, north-north-west ninety yards cairn No. 151, north-north-east seventy-eight yards cairn No. 150, nearly north one hundred and thirty-five yards cairn No. 149 and on sixty-five yards cairn No. 148 between the cultivated lands mentioned and Muchar stream dam easement, north-west one hundred and seventy yards crossing the Charmadi river cairn

MAY.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Charmadi-Kanapadi block, in the Uppinangadi taluk, as a —, ordered to be published in the Fort St. George and the South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 146, dated 19th April 1898 :—

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara districts, to the Collector of South Canara, dated Camp, Tellicherry, 14th October 1897, Dis. No. 179-F.S. :—

In submitting my final report on the settlement of the proposed reserve No. 3, Charmadi-Kanapadi in the Uppinangadi taluk of your district, I have the honour to state that the notification under section 4 proposing to constitute this block a "reserved forest" appeared in the *Fort St. George Gazette*, dated 24th February 1886, along with that of three other blocks.

2. The proclamation calling for claims under section 6 was published in the District Gazette supplement, Forest Sheet, dated 26th July 1886, having been issued by Mr. K. Rama Rau, the then Divisional-officer, who was appointed as the Forest Settlement-officer. A copy of the proclamation was served on every holder or occupier of land adjoining or included within the proposed forest in conformity with the procedure laid down in the Madras Forest Act V of 1882.

3. The block was proposed for reservation at a time when forest settlement was yet in its infancy and in the then unsurveyed condition of the district a proper demarcation of the reserve boundary was more or less impracticable taking into consideration also the fact that the forest being a ghât slope was comparatively inaccessible. Hence, though the settlement of claims was completed by 1889, the block could not be perambulated until demarcated and surveyed. This was finished only in October 1893 after which Mr. Rama Rau perambulated the boundary between the end of 1893 and the beginning of 1894. Two places after such perambulation were visited by Mr. K. Ganapaya, who was then in charge of the forest settlement duties in May 1894, to ascertain the correctness of the plan with the demarcation on the ground.

4. The reserve comprises mostly tracts over which kumari cultivation was extensively carried on prior to 1860 when all kumari assessment was put a stop to by Government. The claims preferred against the block are, therefore, mostly to alleged proprietary rights over these lands, though, as a matter of fact, the only rights which the claimants or their ancestors exercised up to 1860 were the rights of kumari cultivation on payment of kumari shist to Government which shist has not been levied since (that year). There were ten such proprietary claims and all these were rejected on the ground that they were time-barred. Three of the above ten also contained claims to water easements, two of which were rejected as the tank, the common subject of both the claims was already in the section 4 notification excluded from reservation with a belt of land around it, as an enclosure, namely Pernale. The third was for permission to construct two dams across two streams with materials for the repair and maintenance thereof. This claim was admitted *in toto*, the supply of materials being granted from two plots of ground, 2 acres and 3 acres in extent, excluded from reservation as enclosures at the site of the dams. There was one claim that was partly to (1) pasturage and forest produce which was rejected and partly to (2) earth, &c., to dam the Mundage river and this was decided in the shape of a compromise, the District Forest-officer having consented to exclude 10 acres of land on the other side of the river from the adjoining Dharmasthala-Mundaje reserve No. 2 notified as a reserved forest in 1893 for the use of the claimants. The other two claims were made by the District Forest-officer on behalf of the public for four rights of way and two water-courses, both of which were admitted, thus bringing the total number of claims to thirteen.

5. Three of the claimants to proprietary rights over kumari lands preferred appeals to the district court which confirmed the decree of the court of forest settlement on 23rd January 1890.

6. It may be remarked that claims Nos. 2, 5 and 10 included, as they did, rights to water easements should have, each of them, been split into two separate claims according to rule 10 (*c*) under section 63 (*b*) of Act V of 1882, communicated in Board's Proceedings, Forest No. 330, dated 20th June 1892; but this, at the present stage, is not feasible, as one order was passed by the then Forest Settlement-officer treating both the items as the claim and the B Register written up accordingly.

7. I may also observe that the claims against the two blocks—Dharmasthala-Mundaje and Charmadi-Kanapadi Nos. 2 and 3—were so closely knit together that the Forest Settlement-officer did not choose to differentiate them as affecting any particular reserve and maintained common A and B registers for both the blocks. In the B register transmitted herewith, the claims relating to the block under report have been extracted (précised), eliminated and copied according to the date of disposal without adhering to the numerical order in the original common B register with a view to complying with the Board's instructions regarding the preparation of B registers.

8. This block which is the longest standing on my list in South Canara came into my charge in 1896, ten years after its initial notification. Besides the difficulties mentioned in paragraph 3 above, the preparation of a correct plan was the subject of a prolonged correspondence which was still undecided when I received the records of the block. After I went to South Canara, I took the matter up and wrote to the District Forest-officer in January 1897 to supply me with a fresh plan. This was forwarded to me in July last but some inaccuracies having crept into this also, it had to be returned for correction. The finally corrected map was sent to me and was received on 28th August last, since which date having had to change camps frequently, I could not take up this work till now.

9. The following records are transmitted herewith :—

(*a*) Draft notification under section 16.
(*b*) A signed copy of the B register of claims.
(*c*) Statement showing the number of claims filed and their disposal.
(*d*) Sketch-map of the block.

10. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

Enclosure No. 1.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Charmadi-Kanapadi reserved forest, Uppinangadi taluk, South Canara district.

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.	Brief abstract of decision, if any, of Court of final appeal and settlement.
1	2	3	4	5	6	7	8
1	Parlani Duggana Gowda, son of Kinhamma Gowda, residing in Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to Kallande male.	Claimant is entitled to the possession of the forest.	By Collector's proclamation of fasli 1270, Government took over possession of all kumeri forests like the one claimed in this case, by remitting kumeri assessment levied until then and prohibiting cultivation of kumeri in it.	Claimant impliedly admits the contention of the District Forest-officer, as he asks in his petition for the restoration of his previous right and expresses his willingness to pay the old assessment. Claimant failed to appear on the date fixed for hearring and has not adduced any evidence in support of his claim. His claim is now barred by the statute of limitation under articles 142 and 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 29th Jan. 1887.	....
2	Devakamma Hebbarthi, widow of Neriya Venkappa Hebbara, residing in Mular Nidgal village, Uppinangadi taluk.	8th Sept. 1886.	Claims proprietary right to (1) Adpila, (2) Kuredu, (3) Hibanje, (4) Kudony, (5) Kulanji, (6) Billanji, (7) Hankaranagiri, (8) Mallada male, (9) Nangery and (10) Pittalkodi forests. Claims right to water from Pernale tank for the irrigation of muli wargs Nos. 1 and 2 of Totatadi village.	The claimant relies upon Collector Mr. Webster's minute, dated 6th October 1875, and has exercised acts of ownership in them. Muli wargs Nos. 1 and 2 are also irrigated by the tank.	The District Forest-officer contends that these are kumeri forests and that Government having dispossessed all kumeri holders by stopping such cultivation and taking over the forests in 1860 this claim is barred by limitation. The tank has been already excluded from the limits proposed for reservation.	Collector Mr. Webster's minute is objected on the ground that it was suspended before effect being given to it. Moreover, it appears, that it has been disapproved by the Secretary of State as based upon grounds opposed to the decision in Bhaskarappa *versus* the Collector of North Canara, Bombay, Vol. III, page 452. Claimant has not shown that kumeri cultivation was resumed ever since 1860 or that she exercised in virtue of Mr. Webster's minute any specific act of ownership as distinguished from the privileges enjoyed by all villagers in common. The claim is therefore barred by article 142 or 144 of Act XV of 1877. The tank has been expressly excluded from reservation and the claim to the use of water or anything connected with its upkeep is not affected. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th Feb. 1887.	The District Court dismissed the appeal with costs on the ground that the suit was barred by limitation (Appeal No. 151 of 1887), 23rd January 1890.
3	Annappaya, son of Rangaya, residing in Chibbidre village, Uppinangadi taluk.	Do.	Claims proprietary right to Kuvemale.	Claimant holds possession of the forest, having purchased it by sale-deed, dated 21st August 1886.	The forest is one of those in which kumeri cultivation has been stopped and which have been taken possession of by Government since 1860 under Collector's proclamation of fasli 1270.	From the Collector's proclamation of 1860 and magane shanbogue's affidavit it is clear that Government took over the forest in 1860 by stopping kumeri cultivation and remitting kumeri assessment. Any right, claimant might allege to the forest, has therefore been barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, 4th Feb. 1887. Forest Sett.-officer.	....
4	Padumane Ishwarappaya and his son Padumane Venkatramanaya, residing in Charmadi village, Uppinangadi taluk.	30t Oct. 1886.	Claims proprietary right to (1) Kajakemale, (2) Pandilamale, (3) Bolanadkamale.	The claimants hold possession of these forests.	These are kumeri forests and the Collector's proclamation of fasli 1270 referred to in the last preceding claim is equally applicable to this case.	Claimant Venkatramanaya admits the stopping of kumeri cultivation ever since 1860 and the remission of the assessment thereon. Claimant's allegation that he has been enjoying the forest produce and other use of forest is not inconsistent with the privileges permissively enjoyed by villagers in common. This claim is therefore barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	The district court held that the case failed on merits and also that it was time-barred, (appeal No. 152 of 1887) dated 23rd January 1890).
5	Santaraja Shetti, son of Channapparasa Rayamular, residing in Totatadi village, Uppinangadi taluk.	5th Nov. 1886.	Claims proprietary right to (1) Kera, (2) Pernale, (3) Bantaru * * * Claims also right to water of the tank in Pernalemale for the irrigation of muli warg No 3 of Totatadi village.	Same as in claim No. 4. The water of the tank is indispensable for the cultivation of the warg.	Same as in claim No. 4. The tank has been expressly excluded from the limits of the proposed reserved forest.	Claimant's petition contains an admission of the District Forest-officer's contention. His claim is therefore barred by limitation. The tank and the use of its water are excluded from the tract proposed to be constituted as reserved forest. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	....
6	Aniur Annappa Gowda, residing in Charmadi village, Uppinangadi taluk.	9th Nov. 1886.	Claims proprietary right to (1) Baremale, (2) Kiiyar, (3) Malijodimale, (4) Bontrodimale, (5) Sambilodi or Ambilodimale and (6) Kanyalemale.	The claimant holds the possession of the forests and relies upon a minute of Collector Mr. Webster, dated 6th October 1875.	For the reasons stated against claim No. 2, this claim is barred by limitation.	For the reasons set forth against claim No. 2, this claim is barred by article 142 or 144 of Act XV of 1877. (Signed) K. RAMA RAU, Forest Sett.-officer. 4th February 1887.	....
7	Shitharamayya, son of Vishwanathaya and Moktessar of the Bhutastans dedicated to Ista Devate *alias* Banta Devate and Gange Mahakali, residing in Chibbidre village, Uppinangadi taluk.	6th Sept. 1886.	Claims proprietary right to Battattalmale.	The forest is required for the benefit of the two Bhutastans dedicated to Ista Devate *alias* Banta Devate and Gange Mahakali which lie in Bailangadikap and has been enjoyed in connection with his muli warg No. 3 of Chibbidre village. The claimant relies upon Collector Mr Webster's minute, dated 6th October 1875.	The District Forest-officer disputes the proprietary right alleged by the claimant.	The claimant admitted that no more forest than the 10 acres demarcated for the benefit of the dams is necessary, the Bhutastans being situate within that extent. Claimant will therefore be allowed such materials from the portion so demarcated as may be required for the use of the Bhutastans. The claim for the rest of the jungle is rejected. (Signed) K. RAMA RAU, Forest Sett.-officer. 22nd February 1887.	..
8	Kavalige Shankarnarnappaya, son of Krishnaya and Potail of Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to (1) Nangerimale and (2) Mucharmale.	The claimant alleges that he is entitled to the possession of the forests. There are also paddy fields assessed to him in Mucharmale.	The District Forest-officer disputes the claim and contends that any right the claimant might claim has long been barred by time as Government prohibited kumeri cultivation and dispossessed the kumeri holders as far back as 1860.	The claimant admits that both the jungles were kumeri forests in which no kumeri was cultivated for the last 25 years. In his examination he said he would give up his paddy fields on payment of such compensation as the Beltangadi Deputy Tahsildar may determine on local enquiry. That officer has found that the fields were not worth any compensation and the claimant has also tendered his resignation for them. The claim is therefore formally rejected. (Signed) K. RAMA RAU, 22nd February 1887. Forest Sett.-officer.	....
			It is requested that the fields may be acquired for Government on payment of such compensation as they are found worth on enquiry.				

Claim 5.—This claim refers partly to this block and partly to block No. 2. The asterisks refer to the portion of the claim to block No. 2.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Charmadi-Kanapadi reserved forest, &c.—*cont.*

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.	Brief abstract of decision, if any, of court of final appeal and settlement.
1	2	3	4	5	6	7	8
9	Patla Veereshwara Bhatta, residing in Mundaje village, Uppinangadi taluk.	18th Oct. 1886.	Claims right to graze cattle and to obtain leaves, firewood, thatching grass, bamboos, creepers, &c., up to the borders of Battattalmale.	The ground of claim is custom.	The claim in respect of other purposes than the dams is disputed. Ample provision has been made outside the limits of the proposed reserved forests for the purpose of pasture and for obtaining thatching grass, &c. It is proposed to exclude a portion of the extent of 10 acres from the Dharmastal Mundaje block for providing for the leaves and earth required for the construction of the dams across the Mundaje river.	The claimant Patla Veereshwar Bhatta has not appeared in accordance with a notice issued to him nor substantiated the claim to Battattalmale made by him individually, while his own undivided brother Anantha Bhatta living with him and professedly possessing united interest in the property claimed who was examined before the court, declares that the claimant does not want this jungle. The claim in respect of other purposes than the dams seems to be groundless and is rejected accordingly. The claim for jungle for the use of the dams is admitted by the District Forest-officer and as proposed by him and agreed to by the claimant's vakil, ten acres of jungle at the sites of the dams and on the southern side of the Charmadi road will be excluded from reservation. (Signed) K. RAMA RAU, 26th Mar. 1887. Forest Sett.-officer.	....
	Dumbethi Narayana Hebbara and ten others, residing in Mundaje village.	Do.	Claim right to graze cattle and to obtain leaves, firewood, thatching grass and creepers up to the borders of Battattalmale. Claim also right to obtain annually earth and about one thousand head-loads of leaves from Battattalmale . . . . for constructing a dam across the Mundaje river.				
	Patla Veerashwara Bhatta and seventeen others, residing in Mundaje village.	Do.	Claim right to obtain annually earth and about five hundred head-loads of leaves from Battattalmale . . . . for the construction of a dam across the Mundaje river.				
10	Kavalige Shivabettu Venkatramanaya, son of Ramappaya, residing in Charmadi village, Uppinangadi taluk.	30th Oct. 1886.	Claims proprietary right to— (1) Barmunje *alias* Yerikallu, (2) Kodange, (3) Bandarma, (4) Kudange (5) Divaje, (6) Devoty. * * * Claims also right to obtain materials necessary for the construction of a dam across the river in Divajemale, and another across the Muchar stream at Devoty as well as several other minor dams between muli warg No. 12 of Charmadi village and the dam in Devajemale. Claims also right to the use of the sites of the first two dams, the channel through which water flows and the land immediately adjoining the latter on both sides.	The claimant claims the forest as kumeri jungles. The ground of claim is custom.	The District Forest-officer disputes the claim and contends that the forests are in the possession of Government. The claim relating to the two big dams—one across the Charmadi river and the other across the Muchar stream—is not disputed and it is proposed to exclude two areas of forest more or less 5 acres in extent at the sites of the dams. It is also requested that a right to water by the channel be recorded.	Claimant No. 10 and claimant No 11 appear to be divided members of one and the same family and they severally claim forests Nos. 1, 2 and 3 . . . . and claimant No. 10 in addition claims forests Nos. 4, 5 and 6. They have not appeared before the court in accordance with notices issued, nor have they adduced any evidence in support of their claims. Their claims are very vague and indefinite. From the claim petitions it appears that they claim the forests as kumeries, but from the shanbhogue's affidavits it is clear that all kumeri holders were dispossessed in 1860. The claims are therefore time-barred and groundless. With the consent of the District Forest-officer, it is resolved to exclude from reservation for the purpose of the dams, 2 acres of jungle on both sides of the Muchar stream at the site of the dam and marked by cairns at the four corners and on the stream itself, as well as 3 acres of jungle on the right bank of the Charmadi river near the site of the dam and marked by four cairns. The channel through which water flows from one dam to another and to the warg lands will not be interfered with. Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1886.	The District Court dismissed the appeal with costs on the ground that it was time-barred (Appeal No. 193 of 1887). 23rd January 1880.
11	Shankaranarayana, son of Kavalige Shivabettu Ramappaya, residing in Charmadi village, Uppinangadi taluk.	20th Sept. 1886.	Claims proprietary right to (1) Barmunje *alias* Yerikallu, (2) Kodange and (3) Bandarma.	Same as in claim No. 10.	Same as in claim No. 10.	*Vide* against claim No. 10. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1887.	....
12	The District Forest-officer (on behalf of the public).	23rd Mar. 1887.	Claims the following public right of way :— * * * 5 The Mangalore-Charmadi road with a breadth of twenty-two yards on each side from the centre of the roadway from the 50th mile to the Mysore frontier, fifty-six miles and three furlongs.	....	....	As this right is public right and there is no dispute about it, it is allowed and the boundaries of the proposed block will be corrected accordingly. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th March 1887.	....
13	The District Forest-officer (on behalf of the public).	1st Oct. 1888.	Brings to notice the following accessory rights in Charmadi-Kanapadi block— 1. For the beneficial enjoyment of muli 3 and 6 of Totatadi village. (*a*) Right of water-way, six feet wide from Pernale tank going south-west to southern end of muli 3, a distance of one mile. (*b*) Right of water-way, fifteen feet wide from the tank north-west to northern end of muli 3, a distance of one mile. (*c*) Right of way, six feet wide for men only from muli 3, eastward to the tank, distance of three-quarters of a mile. 2. For the beneficial enjoyment of muli 6 of Bail village. Right of way, six feet wide for men and cattle at south-eastern boundary from muli 1 of Bail, goes north-ward, a distance of half a mile. 3. For the beneficial enjoyment of geni 10 of Bail village. Right of way, three feet wide for men only, enters at south-eastern boundary from the waste fields of geni 9 of Bail and goes northward, a distance of three miles.	....	....	The proposal of the District Forest-officer was duly notified to the owners of the warg lands by serving notices on them. But none appeared and stated any objection personally or by duly authorized agents. A petition was, however, received by post from one Santaraja Shetty and he simply states that the breadth of the two streams and the path and their distances as specified are not correct, because they sometimes change by the current of water and also by fall of trees. This statement is very unintelligible and cannot be understood; but the petitioner states that so far as the rights of way or water are not obstructed, he has no objection to urge. 2. The rights now proposed to be recorded are specially to secure the very object which the petitioner seeks for in the petition. 3. The rights will be recorded accordingly. (Signed) K. RAMA RAU, Forest Sett.-officer. 26th February 1889.	*Abstract of order on review.*—As desired by the District Forest-officer, the decision will be amended by mentioning in the decision the accessory rights separately in connection with the warg or wargs for the beneficial enjoyment of which they are allowed, *i.e.*, by following their arrangement in the District Forest-officer's statement of proposals. (Sd.) K. RAMA RAU, Forest Sett.-officer. 11th May 1889.

Claim 10 .. This claim refers partly to this block and partly to block No. 2. The asterisks refer to the portion of the claim to block No. 2.
Charmadi Dam enclosure.—This will be rectangular in shape, the sides being one hundred and sixty yards by one hundred and ten yards. Marked as A (1) in the draft notification and map.
Muchar Dam enclosure.—The shape is almost square, the sides being one hundred and five yards each. Marked as A (2) in the draft notification and map.
Charmadi Dam and Muchar Dam.—The first dam is about six hundred and sixty yards north-east of cairn No. 147 and the second two hundred yards north-east of cairn No. 148. Permission is granted to lead off water by a channel ten feet wide including banks from above the first dam to the second, south-west for three hundred yards, thence to muli warg No. 12 outside the forest, the channel continuing south-west from the second enclosure fifty yards and quitting the reserve close to cairn No. 148. The materials for the construction and maintenance of dams to be taken from the area excluded from reservation (enclosures 1 and 2 adjoining the dams). Access to the enclosures and dams is by the bed of the channel. Marked as C (II) and C (III) in the draft notification and map.

Claim 11 .. *Vide* remarks to claim No. 10.

Claim 12 .. Enters the reserve between cairns Nos. 157 and 157-A at 50th mile and 4th furlong and leaves it about a quarter mile south-west of the Mysore frontier. Marked as B (1) in the draft notification and map.

Claim 13 .. *Item* 1 (*a*).—Enters the reserve on the west side of Pernale enclosure, passes through it five hundred yards in a west-south-westerly direction and quits it thirty yards south of cairn No. 216. The breadth of the channel is not to exceed six feet including banks. Marked as C I (1) in the draft notification and map.
Item 1 (*b*).—Enters the reserve on the north-west side of Pernale enclosure, passes through it in a westerly direction for about four hundred yards and quits it about twenty yards south of cairn No. 208. The breadth of the channel is not to exceed fifteen feet. Marked as C I (2) in the draft notification and map.
Item 1 (*c*).—Enters the reserve south of cairn No. 213 and runs eastwards for five hundred yards and quits it at the western end of the Pernale enclosure. Marked as B (2) in the draft notification and map.
Item 2.—The path passing from Pernale enclosure No. 3 *vid* enclosure No. 4 to muli warg No. 1 of Bail village, enters the reserve at the south-east side of the former enclosure and running north-east six hundred and fifty yards, enters the latter enclosure on its south-west side. It leaves that enclosure on its southern boundary and runs some nine hundred yards south, finally quitting the reserve about fifty yards south-west of cairn No. 251. Marked as B (3) in the draft notification and map.
Item 3.—The path enters the block at the south-east corner of enclosure No. V and running one mile one furlong southwards, quits it fifty yards west of cairn No. 285. Marked as B (4) in the draft notification and map.

Enclosure No. 2.—Draft notification.

Enclosure No. 3.

Statement showing the number of claims filed and their disposal.

Number and name of block.	Claims to rights of way.			Claims to kumakis.			Claims to easements.			Claims of patta and inam rights over lands and to Government patta usufruct over trees.			Miscellaneous.			Total of all claims.

Endorsement by F. A. NICHOLSON, Esq., Acting Collector of South Canara, dated 27th October 1897, Dis. on C.S.C. No. 886-For.

Forwarded to the Secretary to the Commissioners of Land Revenue, through the Conservator of Forests, Southern Circle.

2. The usual area statement is enclosed.

Enclosure.

Revised statement of area and condition to accompany draft notification under section 16 for the undermentioned block.

Name and area of taluk.	Extent of Government land in the taluk.		Area of reserves already notified under sections 16 and 25.	Area of reserves under settlement.	Area of reserves already submitted for notification under section 16.	Area of reserves already submitted for notification under section 4.	Character of land now proposed for reservation.				Sketch-map.
	Occupied.	Unoccupied.					Block.	Area.	How much forest.	How much grass.	
Uppinangadi. A.S. 745,353	102,288 acres.	643,070 acres.	46,596·7 * acres.	3,049 acres.	28,625 acres.	....	Charmadi-Kanapadi block No. 8.	12,800 acres.	10,800 acres.	2,000 acres.	Enclosed.

* Increase due to increase in the area of Shiradi Sisla reserve on survey and computation.

Endorsement by H. A. GASS, Esq., Conservator of Forests, Southern Circle, dated Coimbatore, 6th November 1897, Ref. on Cur. No. 1921.

Forwarded.

Resolution—Forest No. 146, dated 19th April 1898.

The settlement records of the Charmadi-Kanapadi block will be submitted to Government with the request that the draft final notification may be approved and ordered to be published in the *Fort St. George Gazette*.

2. The water-courses and the rights of way have not been described in the B. register with precision as in the draft notification. The latter document being a copy of the former in so far as the admitted rights are concerned, it is necessary that the two documents should correspond in all particulars. Although the attention of the Collector and the Forest Settlement-officer has been drawn to this point more than once, the Board finds that the claim register and draft notificatiou of blocks received from South Canara are at variance in this respect. The necessary entry has now been made in the remarks column of the B. register so as to secure uniformity.

3. The instructions in Board's Proceedings, No. 578, dated 18th December 1896, regarding the numbering of admitted rights have not been adhered to in the case of the B. register. Unless serial numbers are assigned to entries in the register, the verification of the admitted rights will be difficult. The omission has now been supplied.

4. The block covers an area of 12,800 acres as finally settled. It may be declared "reserved" from the 31st July next.

(True Copies and Extract.)

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Secretary to Government, Revenue Department,
with draft notifications (one original and two printed) and
a sketch-map to be returned.

Order—No. 306, Revenue, dated 25th May 1898.

Forest No. 90.

The draft notification will be published in the Fort St. George and South Canara District Gazettes, the 31st August 1898 being entered as the date from which the reservation shall take effect.

(True Extract.)

(Signed) G. S. FORBES,
Ag. Secretary to Government.

To the Board of Revenue (Land Revenue), with map.
„ the Superintendent, Government Press, with notification.

Endorsement No. 306A.

Copy to the Government of India, Revenue and Agricultural Department.

(Signed) N. E. MARJORIBANKS,
Ag. Under Secretary to Government.

NOTIFICATION.

His Excellency the Governor in Council is pleased to declare, under the provisions of section 16 of the Madras Forest Act (V of 1882), that, from the 31st August 1898, the area, the boundaries of which are set forth in the schedule appended to this notification, shall be constituted a reserved forest.

Schedule.

Number.	District.	Taluk.	Name of forest.	Boundaries.
3	South Canara.	Uppinangadi.	Charmadi-Kanapadi.	*North.*—Starting from the water-fall from the Bandaje stream along the Mysore frontier to its junction with the Mangalore-Mysore road at the fifty-sixth mile, sixth furlong, where the boundary of this reserve joins that of the Neriya Cardamom forest. *East.*—Thence the boundary of the Neriya Cardamom forest until it crosses the Aniur river, then the right bank of the river about a mile and-a-quarter to cairn No. 288 on the same bank above the fields of Geni warg No. 9 of Bail village. *South.*—Thence west-south-west seventy yards cairn No. 287-A, on one hundred and forty yards cairn No. 287, south-south-west one hundred and eighty yards cairn No. 286, south-west fifty-five yards cairn No. 285, west-south-west one hundred and ten yards crossing the path from Bail village to Parapala-Benpar cairn No. 284 and on one hundred and thirty yards cairn No. 283, south-west three hundred and ten yards crossing the Pilipatta stream cairn No. 282 and on one hundred and seventy yards cairn No. 281, on sixty-yards cairn No. 280, on one hundred and ten yards cairn No. 279, south-south-west eighty yards cairn No. 278 and the same distance cairn No. 277 and one hundred and seventy yards cairn No. 276, south-south-west one hundred and ten yards cairn No. 275 and on one hundred and fifty yards cairn No. 274; then skirting Muli Warg No. 1 of Bail village, west-south-west one hundred and thirty yards cairn No. 273 and on one hundred and sixty yards cairn No. 272, south-west the same distance cairn No. 271, west-south-west sixty yards cairn No. 270, seventy yards cairn No. 269, west-south-west one hundred yards cairn No. 268, south-west one hundred and forty yards cairn No. 267, nearly south ninety-five yards cairn No. 266, on eighty yards cairn No. 265, south-south-east eighty yards cairn No. 264, south-south-west one hundred and forty yards cairn No. 263, eighty yards cairn No. 262, ninety yards cairn No. 261, ninety yards cairn No. 260, nearly south about one hundred yards cairn No. 259, south-south-west one hundred and thirty yards cairn No. 258, nearly south one hundred yards cairn No. 257, one hundred and fifteen yards cairn No. 256, seventy yards cairn No. 255, south-south-west one hundred and thirty yards cairn No. 254, south-west seventy yards cairn No. 253, nearly south ninety yards cairn No. 252, south-west eighty-five yards cairn No. 251 and on one hundred and seventy yards crossing the path to Malla enclosure, Muli Warg No. 6 of Bail village, cairn No. 250, nearly south one hundred and seventy yards cairn No. 249, south-south-west one hundred and ten yards cairn No. 248, nearly south eighty-five yards cairn No. 247 and on one hundred yards cairn No. 246, south-west fifty yards cairn No. 245, west-south-west one hundred and forty yards cairn No. 244 and on fifty-five yards cairn No. 243, south-west fifty yards cairn No. 242, nearly west one hundred and twenty yards cairn No. 241 and on eighty yards cairn No. 240, west fifty yards cairn No. 239, north-west fifty yards cairn No. 238, then west eighty-five yards cairn No. 237 on the left bank of Nanguri stream; thence along the bank of the stream, cairns Nos 236-A, 236 and 235 at the bends thereof, a distance of one thousand yards, the last cairn being at the junction of that stream with the Manjel stream; thence crossing the Manjel stream along the right bank thereof, south-west by cairns Nos. 234, 233, 232, 231, 230, 229, 228 and 227 about one thousand yards; thence along the foot of the Marjegudde north-west one hundred and forty yards cairn No. 226 and on eighty-five yards cairn No. 225, then skirting Geni Warg No. 2 of Hosamogar village, nearly north one hundred and thirty yards cairn No. 224, west-north-west fifty five yards cairn No. 223, nearly north one hundred and forty yards cairn No. 222 and on one hundred and ten yards cairn No. 221, north-west one hundred and five yards cairn No. 220 and on for fifty yards cairn No. 219, north-north-west two hundred and thirty-five yards cairn No. 218, north-north-east one hundred and forty yards cairn No. 217 and on one hundred and fifteen yards cairn No. 216 crossing the water-channel from the Pernale tank to the Totatadi cultivation; nearly north one hundred and ten yards cairn No. 215, north-north-east fifty yards cairn No. 214 and on the same distance cairn No 213 crossing the path from Pernale cultivation to Totatadi village; nearly north fifty yards cairn No. 212, north-north-east eighty-five yards cairn No. 211, nearly north one hundred yards cairn No. 210 and on ninety-five yards cairn No. 209 and ninety yards cairn No. 208 crossing a second channel from the north of the Pernale tank to Muli Warg No. 3 of Totatadi village, north-north-west one hundred yards cairn No. 207 and the same direction one hundred and twenty yards cairn No. 206, north-north-east one hundred and forty-five yards cairn No. 205, nearly north fifty yards cairn No. 204; thence skirting Muli Warg No. 2 of Totatadi village in generally north-north-easterly direction cairn No. 203 at sixty-five yards, cairn No. 202 at seventy-five yards, cairn No. 201 at eighty-five yards, cairn No. 200 at eighty-three yards, cairn No. 199 at seventy-eight yards, cairn No. 198 at ninety-three yards, cairn No. 197 at eighty-yards, cairn No. 196 at sixty yards, cairn No. 195 at eighty yards and cairn No. 194 at one hundred and thirty yards; thence west-north-west cairn No. 193 at one hundred and fifty yards, north-west cairn No. 192 at eighty-seven yards, north-north-west cairn No. 191 at eighty-five yards, cairn No. 190 at fifty yards above Jakodi cultivation, Geni Warg No. 6 of Totatadi village; thence north-north-west seventy yards cairn No. 189, on one hundred and eighty yards cairn No. 188, nearly north the same distance cairn No. 187, north-north-east one hundred and sixty-five yards cairn No. 186, north eighty yards cairn No. 185-B, north-north-west forty-five yards cairn No. 185-A, north-west eighty-five yards cairn No 185 and on ninety-five yards cairn No. 184 at the northern end of the Jakodi cultivation above mentioned; thence round the bend of the cultivation Geni Warg No 17 of Charmadi cairn No. 183 at one hundred and forty yards, north-east cairn No. 182 at one hundred and twenty yards, east-north-east sixty-five yards cairn No. 181 and on one hundred and twenty yards cairn No. 180, eighty-six yards cairn No. 179, fifty yards cairn No. 178 and one hundred and nine yards cairn No. 177, nearly north cairns Nos. 176 and 175 at eighty and sixty yards, nearly east cairn No. 174 at one hundred and thirty yards, north-east one hundred and fifty yards cairn No. 173, east north-east cairn No. 172 at one hundred and seventy-five yards, nearly north cairn No. 171 at forty five yards, north-north-east cairn No. 170 at sixty yards and cairn No. 169 at seventy yards, north-north-west cairn No. 168 at one hundred and thirty-five yards and nearly north cairns Nos. 167, 166, 165, and 164 at sixty yards, one hundred yards, one hundred and twelve yards and eighty-seven yards; thence nearly north to the Mangalore-Mysore road at the fiftieth mile stone by cairns Nos. 163, 162, 161, 160, 159 and 158 at one hundred and thirty-eight yards, one hundred and forty-two yards, forty-eight yards, one hundred and twenty-five yards, one hundred and ten yards and one hundred and seven yards, the last cairn being on the east side of the road; thence along the same side of the road half-a-mile lying twenty-two yards from the centre of the road to cairn No. 157-A, which is at the fiftieth mile, fourth furlong from Mangalore across the road to the same distance to the west of it, cairn No. 157; then by the lands of Muli Warg No. 7 of Charmadi west-north-west ninety-five yards cairn No. 156, nearly north cairns Nos. 155 and 154 at fifty-five yards distance; east-north-east one hundred and thirty yards, cairn No. 153, north-east eighty yards cairn No. 152, north-north-west ninety yards cairn No. 151, north-north-east seventy-eight yards cairn No. 150, nearly north one hundred and thirty-five yards cairn No. 149 and on sixty-five yards cairn No. 148 between the cultivated lands mentioned and Muchar stream dam easement, north-west one hundred and seventy yards crossing the Charmadi river cairn

Number.	District.	Taluk.	Name of forest.	Boundaries.
				No. 147 on its right bank and on ninety yards cairn No. 146, south-south-west one hundred yards cairn No. 145 and then skirting Muli Warg No. 17 of Charmadi, nearly west cairn No. 144 at seventy-five yards, north-north-west cairns Nos. 143 and 142 at fifty yards and fifty-six yards, nearly north cairns Nos. 141 and 140 at one hundred yards and sixty-five yards, and north-west cairn No. 139 at one hundred and seven yards; nearly south-west cairn No. 138 at one hundred and twelve yards, slightly north-west cairn No. 137 at ninety-six yards, south-west cairns Nos. 136 and 135 at eighty-five yards and sixty-three yards, west cairn No. 134 at one hundred and thirty yards, cairn No. 133 at eighty-three yards and south-west cairns Nos. 132, 131, 130, 129 and 128 at one hundred and forty-yards, eighty-seven yards, sixty yards, fifty-five yards and fifty-seven yards, respectively; thence skirting Geni Warg land No. 2 of Charmadi, west-north-west one hundred and thirty-four yards cairn No. 127, west-south-west one hundred and twelve yards cairn No. 126, and on seventy-yards cairn No. 125, one hundred and thirty yards cairn No. 124, nearly west forty yards cairn No. 123 and cairn No. 122 at eighty yards; nearly north-west cairn No. 121 at fifty yards, cairn No. 120 at one hundred yards, due west cairn No. 119 at eighty yards and cairn No. 118 at one hundred and thirty yards, south-west cairn No. 117 at ninety-five yards, then skirting Marangai cultivation of Charmadi village, south-south-west, cairns Nos. 116, 115, 114, and 113 at one hundred and thirty-five yards, one hundred and fifteen yards, one hundred and thirty yards and one hundred and ten yards, west-south-west cairns Nos. 112, 111 and 110, at one hundred and fifteen yards, thirty yards and one hundred and fifty yards, south-west cairns Nos. 109 and 108 at one hundred and eighty yards and one hundred and five yards, thence skirting Geni Warg No. 8 of Charmadi, south-south-west fifty-five yards cairn No. 107, south-west seventy-five yards cairn No. 106, south-south-west cairns Nos. 105, 104, 103, 102, 101, 100, 99, 98, 97 and 96, at sixty yards, fifty-five yards, eighty yards, thirty yards, seventy-three yards, one hundred and ten yards, one hundred and thirty yards, one hundred and twenty yards, one hundred and ten yards and fifty-three yards, respectively; then west cairns Nos. 95 and 94 at one hundred and seventy yards and thirty-eight yards; then passing round Muli Warg No. 2 of Charmadi and the tank at its head, north-north-west cairns Nos. 93 and 92 at fifty yards and eighty-seven yards, north-west cairn No. 91 at one hundred and sixty yards, nearly north cairns Nos. 90 and 89 at one hundred and thirty-five yards and one hundred and thirty-eight yards, thence west cairns Nos. 88, 87 and 86 at eighty yards, one hundred yards and one hundred and five yards, north-west cairns Nos. 85 and 84 at seventy-five yards and fifty-five yards, south-west cairns Nos. 83, 82 and 81 at one hundred and ten yards, eighty-seven yards, and one hundred and fifteen yards, south cairns Nos. 80, 79, 78, 77, and 76 at one hundred and thirty-yards, one hundred and forty yards, one hundred and fifteen yards and eighty-seven yards, thence skirting the western side of Muli Warg No. 5 of Charmadi nearly west cairns Nos. 75, 74 and 73 at eighty yards, fifty-seven yards and one hundred and forty-five yards, south-west cairns Nos. 72 and 71 at one hundred and sixty yards and one hundred and forty yards, nearly due south past the western sides of Muli Wargs Nos. 3 and 4 of Chibbidre village, cairns Nos. 70, 69, 68, 67, 66, 65, 64, 63, 62, 61, 60, 59, 58 and 57 at eighty yards, eighty-three yards, eighty-two yards, sixty-five yards, one hundred and seven yards, thirty yards, eighty yards, one hundred and sixty yards, one hundred and thirty yards, one hundred and eight yards, fifty yards, one hundred and six yards, eighty-five yards and one hundred and twelve yards distant one from the other; then by the north-westerly arc of the quadrant of a circle by cairns Nos. 56, 55, 54 and 53 at one hundred and fifteen yards, one hundred and twelve yards, sixty yards, and seventy yards cairn No. 53, being upon the right bank of the Mundaji river, then that bank of the river for about one thousand and one hundred yards cairn No. 52 some thirty yards below the Mundaji dam. *West.*—Then skirting the lands of Muli Warg No. 9 of Chibbidre by the foot of Battattal gudde north-north-east cairns Nos. 51, 50, 49 and 48 at one hundred and thirty yards, fifty-five yards, one hundred yards and sixty-five yards, north-north-west cairn No. 47 at eighty-five yards, cairn No. 46 at fifty-five yards, cairn No. 45 at one hundred and eight yards, then north-west cairns Nos. 44, 43, 42 and 41 at one hundred and ninety-three yards, one hundred and eighty yards, one hundred and eight yards and one hundred and six yards; then skirting Hosagame Warg No. 7 of Kanapadi village, north-north-east cairn No. 40 at two hundred and ten yards, north-east cairns Nos. 39, 38 and 37 at two hundred and ten yards, one hundred and twelve yards and fifty yards, north-north-west cairn No. 36 at one hundred and seventy yards, nearly north cairns Nos. 35 and 34-A at one hundred and twenty-five yards and two hundred yards, the latter cairn being at the head of an arm of Muli Warg No. 1 of Kanapadi village known as Raman tote; then skirting that arm in a north-westerly direction, cairns Nos. 34, 33 and 32 at one hundred and ten yards, seventy yards and one hundred and fifteen yards, the last cairn being above Hitla Kodi, Muli Warg No. 1 of the same village; then skirting that land and Muli Warg No. 2, the line passes through cairns Nos. 31 and 30 north-north-east cairn No. 29 at one hundred and eight yards, north-east fifty-five yards cairn No. 28 and on one hundred and seventy-five yards cairn No. 27, east-north-east eighty yards cairn No. 26, north-north-west two hundred and five yards cairn No. 25, nearly north one hundred and forty-five yards cairn No. 24 being fifty yards distant eastward from an old tank irrigating the last mentioned warg; thence nearly north one hundred and sixty yards cairn No. 23, whence skirting Geni Wargs Nos. 5 and 3 and Muli Wargs Nos 4 and 8 of Kadirudyawara village in a north-easterly direction cairns Nos. 22, 21, 20, 19, 18, 17, 16, 15, 14, 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2 and 1, at one hundred and forty yards, one hundred and fifty yards, one hundred and nine yards, one hundred and eleven yards, then crossing the Kunthadi stream one hundred and sixty-five yards, one hundred and eight yards, crossing the Meljodi stream one hundred and forty yards, one hundred and forty-five yards, one hundred and twenty yards, ninety yards, one hundred and ten yards, one hundred and forty-nine yards, then crossing the Pilikunji stream one hundred and seventy yards, one hundred and seventy-five yards, one hundred and seventy-three yards, two hundred and forty-eight yards, one hundred and eighty yards, one hundred and sixty yards, sixty yards, forty yards, one hundred and fifty-five yards, and two hundred and twenty yards to the left bank of the Bandaje stream; thence that bank of the stream up to the starting point, the Bandaje water-fall.

Remarks.—A. The following enclosures are admitted within the reserve:—

1. *Enclosure No.* 1.—Charmadi river dam enclosure—on the right bank of the Charmadi river, demarcated by four cairns, 3 acres in extent, of a rectangular shape, the sides being one hundred and sixty yards by one hundred and ten yards.
2. *Enclosure No.* 2.—Muchar stream dam enclosure—on both sides of the Muchar stream, demarcated out free from reservation by four cairns, the shape almost square, the sides being one hundred and five yards each.
3. *Enclosure No.* 3.—Pernale tank and Pernale cultivation, Muli Warg No. 6 of Totatadi village, demarcated out free from reservation by twenty-one cairns (notified as an enclosure in section 4 notification).
4. *Enclosure No.* 4.—Malla cultivation, Muli Warg No. 6 of Bail village, demarcated out free from reservation by fourteen cairns together with an area of forest around it (mentioned as an enclosure in section 4 notification).
5. *Enclosure No.* 5.—Parapala Benpur-Geni Warg No. 10 of Bail village, demarcated out free from reservation together with a fringe of forest around it by nineteen cairns (mentioned as an enclosure in section 4 notification).

B. The following public rights of way are admitted within the reserve—

(1) The *Local Fund Road* from *Mangalore* to *Mysore*, together with a margin of twenty-two yards on either side measured from the centre of the road. It enters the reserve between cairns Nos. 157 and 157-A at fiftieth mile, fourth furlong and leaves it about a quarter of a mile south-west of the Mysore frontier passing into the Neriya Cardamom forest.

(2) From *Muli Warg No.* 3 of Totatadi village, six feet, for men and cattle, to *Pernale cultivation Enclosure No.* 3 It enters the reserve south of cairn No. 213 and runs eastward five hundred yards quitting the reserve at the western side of the Pernale enclosure.

(3) From *Pernale Enclosure* No. 3 *vid* enclosure No. 4 to *Muli Warg No.* 1 *of Bail* village. It enters the reserve on the south-eastern side of the former enclosure and running north-east six hundred and fifty-yards enters the latter enclosure on its south-western side. It again leaves that enclosure on its southern boundary and runs some nine hundred yards south, finally quitting the reserve some fifty yards south-west of cairn No. 251.

(4) *Parapala Benpur-Bail* foot-path.—For men only to a width of three feet. The pathway leaves the enclosure at its south-eastern extremity and running one mile and a furlong south, quits the reserve fifty yards west of cairn No. 285.

C. The following easements are granted within the reserve :—

I. Permission is granted to the villagers of Totatadi to lead off water by two channels from the Pernale tank within the Pernale enclosure No. 3 for the irrigation of Muli Warg No. 3 of Totatadi village. The material for the repair of the channels will be taken from the bed of the channels and tank and right of entry for such repair will be by the bed of the channel.

Channel No. (1).—Enters the reserve on the west side of the Pernale enclosure, passes through it five hundred yards in a west-south-westerly direction and quits it thirty yards south of cairn No. 216. The breadth of the channel is not to exceed six feet including banks.

Channel No. (2).—Enters the reserve on the north-west side of the Pernale enclosure passes through it in a westerly direction for about four hundred yards and quits it about twenty yards south of cairn No. 208. The channel is not to exceed fifteen feet in breadth.

II and III.—Permission is granted to Kavalige Shivabettu Venkataramanaya of Charmadi village to construct two dams inside the reserve, one across the Charmadi river and the other across the Muchar stream, the first dam being about six hundred and sixty yards north-east of cairn No. 147 and the second being two hundred yards north-east of cairn No. 148 ; also to lead off water by a channel ten feet wide including the banks from above the first dam to the second south-west for three hundred yards, thence to Muli Warg No. 12 outside the forest the channel continuing south-west from the second enclosure fifty yards and quitting the reserve close to cairn No. 148. The materials for the construction and maintenance of the dams to be taken from the area excluded from reservation (enclosures Nos. 1 and 2 adjoining the dams). Access to the enclosures and dams is by the bed of the channel.
