OFFICE OF THE BOARD OF REVENUE
(LAND REVENUE),

Madras, _____ 189 .

READ— letter from E.L.R. Thornton, Esquire, Ag. Collector of Cuddapah, to the Secretary to Government, Revenue Department, Madras, through the Secretary to the Commissioners of Land Revenue, Madras, R.C.No.1355/Patn. of '98, dated 17th June 1898

-----:0:-----

Reference No. 780 dated 16th July 1898.

Submitted for the orders of Government.

2. One Muhammad Habibulla Sahib, Second grade Pleader and Chairman of the Vellore Municipality applies for a mining lease for mica for a period of 10 years in respect of 4 acres in S.No.379 (tank bed poramboke measuring 30.17 acres) and 72 cents of S.No.163 (hillock poramboke) in the village of Potapolu, Madanapalle taluk, Cuddapah district. The Collector considers the grant of the 4 acres in S.No.379 to be objectionable for the reason that a bandy track passes through the plots ~~the~~ but recommends the grant of the other 72 cents as it forms a single block with patta lands S.Nos. 159, 160, 161 & 197 for which the applicant has taken a lease from the pattadars concerned for the purpose of mining for mica.

3. The Board considers, that the reason assigned by the Collector for refusing to grant 4 acres of S.No.379 is inadequate. The bandy track passing through the plot could in all probability be diverted without difficulty, and if the applicant is ready to pay the cost of such diversion, the Board considers that his application should not be rejected. When this is done, S.No.379 and 163 will form separate blocks, lying within the prohibited distance of half a mile ~~prescribed~~ prescribed in para 18 of the mica mining Rules. But as it is the

intention of the applicant to treat the patta lands and the Government lands above referred to as one block, the Board recommends that the objection on the score of distance may be overlooked and a mining lease granted for the 4.72 acres for a period of 10 years.

4. With regard to mining in patta lands, the Board has recently submitted a set of draft rules for the approval of Government. (Vide Board's Proceedings No. 56, dated 10th March 1898). Pending orders of Government on these rules, the Collector is authorized to grant permission to mine to the applicant (who will be the pattadar's nominee) on his agreeing to submit accounts and to pay the royalty levied from ordinary mining lessees, viz., 5 per cent ad valorem (Vide Board's Proceedings No. 130, dated 21st April 1897, 214, dated 28th June 1897, & 32 dated 1st February 1898).

5. The Collector will be furnished with 6 copies of the mining rules prepared by the Collector of Nellore and approved by the Board.

(C. No 5079)

To the Under Secy:-

The Board of Revenue recommends for the sanction of Govt. an application for a mining lease for mica for a period of 10 years in respect of 4 acres in Survey No. 379 and 72 cents in Survey No. 163 in the village of Potapole, Madanapalle taluk, Cuddapah District.

2. The Collector considers that the grant of the 4 acres in S. No. 379 to be objectionable as a heavy track passes through it; but the Board is of opinion that the track could in all probability be diverted without difficulty and that if the applicant is prepared to pay the cost of such diversion the application may be granted. Submitted that the Govt. may agree with the Board.

3. If, however, the application for both the plots is complied with they will lie within the prohibited

prohibited distance of half a mile
prescribed by para 18 of the mica
mining rules in G.O. No 2743
of 31.5.1897. The Board is,
however, of opinion that, as
the applicant intends to treat
the patta lands lying between
the two plots for which he has
taken out a lease from the
pattadars and the two plots
now applied for as one block,
the objection on the score of
distance may be overlooked.
The question for consideration is
whether a single lease for the
4.72 acres comprised in two
blocks may be given as suggested
by the Board.
