READ ~~~~~ Endorsement of the Acting Under Secretary,
to Government, Revenue Department, No. 1577, dated 5th April 1898; and the following Reference No. 436, dated 18th April 1898.

Referred to the Collector of Kinnorob
for early report.

Read—also G. O. Revenue Department, No. 925,
dated 6th June 1898; and the following Reference's
No. 654, dated 15th June 1898.

Forwarded to the Collector of Kurnool
in continuation of Board's Reference No. 436
184-98
with the request that the report called for by
Government may be submitted without
further delay.

Read — also letter from Muhammad
Raza Khan

Kazai Khau Dargah, of Collector of Kurnool,
Dis: No. 2294 of 98, dated 18th June 1898.
Gentl.

Reference No. 742, dated 9th July 1898.

The Kurnool Collector's letter
No. 2294, dated 18th June 1898 will be
submitted to Government with reference
to its endorsement No. 1577 Dis: calling
5.4.98
for a report as to whether the site on
the outskirts of Koilkuntla at the angle
formed by the roads to Shiminipad
and Torsam, selected by the D. V. W.
for the Saluk office Koilkuntla, may
be accepted.

2. The Collector agrees with Mr.
De Winton in thinking that the soil
of this site is treacherous and accordingly
recommends a reversion to the site in
field No. 31 of Koilkuntla village, about
a mile and half from the present Cutcherry
the soil of which he describes as strong
and substantial. This is the site which
was approved by Col: Campbell and
Mr.

Mr. De Winton in 1896. It was however dis-
approved by Government in its order
361 Dis: 21.1.97, on the ground that the location
of a Saluk Cutcherry in an uninhabited
quarters was open to very grave objection.
As no safe and suitable site^{is} available, the
Board would repeat its recommendation
in para 2 of Board's Proceedings 4906 Dis: 6.11.96
to build the Cutcherry on the site proposed
by the Collector. The Collector points out
that the Andzal Taluk office is situated
at about the same distance from the
town as the site of the proposed Cutcherry
is from Koilkuntla village, and the Board
considers that the risk of building on the un-
stable sites in the immediate vicinity of
Koilkuntla constitutes an even greater ob-
jection than the location of a Cutcherry in
an uninhabited quarters.

To
The Secretary to Govt.,
R.D., with the enclos:
ref: & letter in original
to be returned

REMINDER.

No. 1436c
2

Government of Madras.
PUBLIC WORKS DEPARTMENT.

To
The Revenue Secy.

Madras, 13 August 1898.

No. 1436c, dated 8-3-98
regarding the site proposed
for constructing a new
taluk office at Koilkuntla.

THE undersigned has the honour to
invite attention to the { ~~Order~~
Memo. } noted
on the margin, and to request the favour
of an early reply.

A. K. M.

Under Secretary to Government, P.W.D.

CK
ME

and the notes
thereunder. Referring to the site

selected for the ^aconstruction of new

Taluk Cutcherry at Koil Kuntla, which

~~was in an unhabited quarter~~

was at a distance of one and a half

miles from the town, the Govt

observed, in the first of these

orders, that "the location of a

"Taluk Cutcherry in an unin-

"habited ^{quarter} place such as that

"~~now~~ proposed" was open to very

grave objection, and desired that,

before orders are passed on the pro-

posal, further efforts should be

made to ascertain the true cause

of the failure of the present ^{be} ~~place~~

and that it should also be con-

sidered whether a higher build-

ing of a design suited to the soil

may not be built in the

Town itself.

2. The P.W. Officer

U & V

C13/8/98.
B14/8/98.

were, however, not ~~been~~ able
to give any satisfactory explanation
of the subsidence of the existing
building; but with reference to
the suggestion of Govt whether a
building of a light design could
be built in the town itself,
the Chief Engineer recommended a site
about 4200 feet ^{distant} from the present build-
ing, ~~whereon~~ ^{whereon} he ~~considered~~ ^{considered} that a building on
the new type design could be built,
provided the foundations are taken
5 feet deep and "of such width
that not more than half a ton
per square foot shall be placed
upon them". He added ~~however~~ ^{that}
that if this was done there will
a reasonable guarantee that the
building will stand, but that
the soil was so treacherous there-
abouts that he could not say
definitely that it would do so,
and that if the Govt wished
to have the Cutcherry on ~~that~~ ^{this}
more convenient spot, the
it must be taken of possible
here.

The Board of Revenue

vide para 14 of P. W. Memorandum
No. 1436 C of 8.3.98.
EV

1577
5-4-98. flag V.

was thereupon asked to report whether
the new site proposed by the Chief
Engineer may be accepted. The
Collector of Kurinor, ^{to whom the matter was referred by the Board} reports that
he has personally inspected the
different sites proposed and that
he is decidedly of opinion that
the site originally selected which
lies about a mile and a half
from Koil Kumtla, is far better than
the one proposed by the Chief Engineer
nearer the town, as the soil of the
latter is very loose and consequently
risky, while that of the former
is strong and substantial. He
adds that the Nandyal Tahsil Office
is about the same distance from
the town, and ~~therefore~~ ^{not} this
distance by itself cannot cause
much inconvenience. The Board
of Revenue agree with the Collector
being of opinion that the risks of
building on the unstable site
in the immediate vicinity of
Koil Kumtla constitutes an even
graver objection than the location
of a Cutcherry in an uninhabited
quarter. It accordingly recom-
mends the construction of the Cutcherry

on the site originally proposed which lies at some distance a mile & a half from the town. Orders are requested as to whether the recommendation may be accepted.

Clerks of the office will no doubt feel much difficulty in attending the office in time and ^{it} ~~there~~ will perhaps be necessary to maintain a larger Police Guard for the Sub-Treasury.

4. The next question is as to the class of building that should be constructed, viz, whether it should be a first or second class Catcherry. As observed by the Board of Revenue in para 3 of its Prop. No 4966 of 6.11.96, a second class Taluk Catcherry provides only accommodation required for a Dy Talukdar and his staff and would be quite inadequate for a Talukdar's establishment, records and treasury. Attention is also requested in this connection to the notes under C.O. 1577 of 5-4-98 and ~~23589~~ ²³⁵⁸⁹ of 8.6.98. A first class Taluk Office may, in the circumstances, be ordered

to be built at the station.

4. The Sub-Registrar's Office is now held in ^a ~~the~~ portion of the Existing Catcherry and the Inspector-General of Registration has recommended that provision may also be made for the Sub-Registrar in the new buildings. This may be approved.

RS
6-8-98

Secy

As the Collector & the Board are agreed that the site a mile & a half away is not open to fear objection on that score and ^{or} it is obtaining the best site from an engineering point of view, it is submitted that the Govt may concur.

A first class Taluk Catcherry is necessary for a 2nd class mag for a Dy Mag for a Dy this staff

Certainly
and a 1st Cl.
Catcherry.
