Proceedings of the Board of Revenue

(Separate Revenue),

Dated 13th August 189⁸.

Mis. No. 5113.

Read Office Memorandum from E. Bennett Esquire., Abkari - Deputy Commissioner No. 250, dated 18th July 1898, stating that the six stands for condensers reported to have not been received in the duplicate packing account of stores shipped per S.S. "City of Dublin" have since been found by him.

RESOLUTION:-

The Abkari Deputy Commissioner to whom the stores received from England with reference to Government Order Mis. No. 5600, Revenue, dated 2nd November 1897, were forwarded, reported that the uprights for six stands for condensers were missing and the fact was noted in the remark column of the duplicate packing account of stores imported by the S.S. "City of Dublin" and returned to the Agent for Government Consignments, Madras, for transmission to the Director-General of Stores. In the paper read above the Abkari Deputy Commissioner now reports that he has found the missing articles in one of the packing cases in which they were originally received.

2. He also reports that in one of the boxes containing three stem glass saccharometers a quantity of loose mercury was found which on examination was ascertained to have escaped from the bulb of the third or heavy stem due to defective closing by the blow pipe.
