Resolution

At the instance of the District Board, the Collector of Trichinopoly recommends a block survey and classification of the whole inam villages in the District on the lines followed in Tanjore.The estimated cost of the operations is Rs.5520 and the estimated increase in the revenue from land-cess is Rs.705 which represents an interest of over 15 % on the proposed outlay . The District Board is willing to bear the entire cost but it will be possible later on to levy a contribution from the Proprietary Estates Village Service Fund and possibly also from the ryotwari villages service fund.The Board supports the Collector's proposals which may be given effect to during 1898-99 in the absence of any financial pressure.

2. With reference to section 14 ... the Survey and Boundaries Act , 1897,the cost of the survey may be debited to Provincial Funds in the first instance and recovered sub-

At the instance of the District Board the Collector of Trichinopoly recommends a block Survey of the whole Inam villages in the District* on the lines followed in Tanjore. These villages are 130 in number with an aggregate area of 140 Sq miles. The cost of surveying and classifying this area is estimated by the Supt of Survey at Rs 5-320 the rate per mile being Rs 38* which is the rate finally adopted in Tanjore. As a result of the Survey, the Collector expects an increased assessment value of Rs 11,248 which at one annia in the rupee cess will yield an increased land cess of Rs 703 representing an

Survey of Inam Villages.

Approving, with remark, the draft notification submitted by the Board of Revenue regarding the survey and classification of the whole inam villages in Trichinopoly district, and ordering its publication in the Fort St. George and Trichinopoly District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Mis. No. 877, dated 25th March 1898 :—

Read—the following letter from R. H. SHIPLEY, Esq., Acting Collector of Trichinopoly, to the Secretary to the Commissioners of Land Revenue, dated 11th March 1898, Ref. (*a*) on Cur. No. 321-Rev. :—

I have the honour to report that a statement in the form prescribed in Board's Proceedings, No. 615, Land Revenue, dated 28th October 1892, furnishing the area, pymash assessment, rental and adjoining settlement rates of the entire inam villages in this district was furnished to the District Board and it was asked to place the matter before a meeting for decision as to whether the survey, classification and assessment of the inams should be taken on hand in order to secure an increase in the land-cess. The District Board forwarded a resolution of the Board approving the suggestion and resolving to obtain Government sanction to the scheme at an outlay of Rs. 5,000 and requested the Collector to address the Revenue Board to have the inam villages surveyed and classified and to be informed of the probable cost thereof in view to Government sanction being obtained.

2. The Superintendent of Revenue Survey was asked to state the probable cost of surveying the whole inam villages with an area of 140 square miles. He informs me that Rs. 3,500 would be required at the rate of Rs. 25 per square mile and that this amount does not include cost of classification which is Rs. 13 per square mile. The whole cost will therefore be Rs. 38 per square mile or Rs. 5,320.

3. I herewith forward a talukwar statement showing the approximate area under dry and wet assessment on which land-cess is levied at present and assessment at new settlement rates. From this, it will be seen that there will be an increase of Rs. 703 on an increased assessment of Rs. 11,248.

4. I request that the Board will be pleased to issue necessary orders for the execution of the work and that a suitable staff may be deputed from the Survey and Settlement departments.

Enclosure.

Resolution—Mis. No. 877, dated 25th March 1898.

At the instance of the District Board, the Collector of Trichinopoly recommends a block survey and classification of the whole inam villages in the district on the lines followed in Tanjore. The estimated cost of the operations is Rs. 5,320 and the estimated increase in the revenue from land-cess is Rs. 703, which represents an interest

of over 13 per cent. on the proposed outlay. The District Board is willing to bear the entire cost, but it will be possible later on to levy a contribution from the Proprietary Estates Village Service fund and possibly also from the Ryotwari Village Service fund. The Board supports the Collector's proposal which may be given effect to during 1898–99 in the absence of any financial pressure.

2. With reference to section 19 of the Survey and Boundaries Act, 1897, the cost of the survey may be debited to Provincial funds in the first instance and recovered subsequently from the Local Fund Board.

3. The Collector is requested to submit a draft notification under section 17, clause (*b*) of the Survey and Boundaries Act, specifying by names the several estates to be brought under survey.
