Note.

From the particulars furnished by the Collector of Trichinopoly in reply to para 3 of P.P (Forest) No. 366 dy 10.8.98 (in G.O 594 dy 6.11.98) the Board found that the area of the T. Kanapadi reserved forest was shown as 2,021 acres, while, in the area statement printed in G.O 667 dy 19.9.88,

SUBJECT.

it was entered as 12000 acres. The Collector was therefore called upon the reference in in B.P (Forest) No 464 Rout dt 17.6.97 to explain the cause of the difference. From the Collector's letter in B.P No 1121 mis dt 29.10.97 it will be seen that the increase in area was due to the inclusion of an area of 20.50 acres which was retained as an enclosure in the final notification but which was subsequently purchased by the Forest Dept.

2/ As the incorporation of the land in the main reserve without a formal Compliance with the provisions of Chapter II of the Madras Forest act was illegal, the Board called upon the Collector to prepare and submit the necessary notification under section 4 which is now submitted for ~~the~~ publication in the Fort St George Gazette.

(Land Revenue).

Forest No. 1121 Mis, dated 29 October 1897

Read agn Board's Proceedings F No.—
464 Rout, dated 17.6.97.

Read Endorsement of B. J. Popert Esqr Conservator of Forests, Central Circle, dated 30th September 1897, C No. 642 on the following letter from B. Macleod Esquire M. A. (Barrister-at-Law) Acting Collector of Trichinopoly, dated 25 September 1897, Rc No. 399-7.

With reference to Board's Proceedings F No. 464 Routine, dated 17 June 1897 calling for a report as to why an area of 21 acres was added to the T. Kanappadi Reserved Forest without any formal notification under Section 4 of the Forest Act, I have the honor to report as follows:—

1. At the time of settlement 7 claims were recognised for patta lands with an area of 34.50 acres, and the lands were treated as enclosures to the Reserved Forest, but excluded from Reservation. Later on, one of the claimants Kumara Karmudan of Panamarathupatti, a hamlet of Kombai village was willing to give up his lands measuring

measuring 20.50 acres, at a cost of Rs. 205/- at Rs. 10 per Acre. The Conservator of Forests, Southern Circle was thereupon addressed on the subject and he sanctioned the acquisition of the lands (20.50 acres in his sanction order No 65 of 91-92 for the said sum of Rs. 205/-. The purchase was accordingly effected and a transfer deed drawn up and registered on 21.9.91.

2. As the acquired portion lies within the reserve, it was apparently thought unnecessary to get the lands formally notified under Section 4 and brought under the provisions of chapter II of the Forest Act.

Resolution

As already pointed out in the Board's Proceedings read above, the wrong inclusion of 20.50 acres of patta holdings within the T. Kaudapadi Reserve on the score of subsequent acquisition for the forest should be formally notified under Section 4 and be brought under the provisions of Chapter II of the Forest Act. The Collector is accordingly requested to submit the necessary draft notification at an early date.

Forest No. 4614 Rev. dated 17 June 1897.

Read Endorsement of C.P. Short Esquire, Conservator of Forests, Central Circle, dated 8 October 96, No. 549 forwarding to the Board letter from J.K. Batten Esquire, Collector of Trichinopoly, dated 3rd October 1896, RC No. 3997. submitting a statement showing the Taluq-wise particulars of area in his District and the following reference dated 20 October 1896.

The figures in the area statements appended to the Collector's letter showing the area of Reserves already finally notified apparently represent those for the Range and not for the Taluk. There is a difference in the area of some of the Reserves as listed below:—

Name of Taluk.	Name of Reserve.	Area as per annual Statement for 95-96	Area as per CO. under Sec. 16.
Musiri.	Kanappadi (Kuperanad)	12,021	12,000.

The Collector has already reported in this letter disposed of in BP 1297 Mis, dated 17.10.96 that the approximate

areas of Kannalai No. I and Veraimalai Reserves are those noted in Col. 4 above. Even the areas of Reserves furnished in Annual Form No. 44 A for 1895-96 are reported to be only approximate pending their survey by the Government of India Survey Party in Musiri and Perambalur Taluks and pending calculation of correct areas of Reserves in other Taluks from the new Survey village maps. The Collector is requested to report which of these figures may be adopted pending receipt of more correct figures.

Adverting to para 1 of the Board's resolution Forest No. 1121 Mis, dated 29.10.97 I have the honor to forward herewith a sketch, boundary description and area and Condition statement for the 20.50 acres of patta lands within the T. Kanappadi Reserved Forest purchased by the Forest department for Rs. 205 under Conservator's sanction Order No 65 of 1891-92 dated 3.7.1891 for notification under Section 4 of the Forest Act V of 1882.

Resolution

In the first of the Proceedings read above, the Collector of Trichinopoly was asked to explain the difference between the areas of certain reserves

reserves, as given in the District Administration Report for 1895-96 and as entered in the G.Os under Section 16 relating to them. In furnishing the explanation the Collector stated that the difference in the area of T. Kanappadi reserve was due to the inclusion of an area of 20.50 acres of land which was retained as an enclosure at the time of the final notification, but was subsequently purchased by the Forest Department with the sanction of the Conservator. As the incorporation of the land with the main reserve without a notification under Section 4 and due compliance with the provisions of Chapter II of the Forest Act was illegal, a draft notification under Section 4 for the plant in question was called for. The Collector now submits the draft notification which will be forwarded to Government for approval and publication in the Fort Saint George Gazette.

2. It is observed that the thrashing floor referred to in the Northern bound any description does not appear to have been admitted in the main reserve.
