Proceedings, Forest No. 190, 2nd May 1899.

MAY.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 4 of the Madras Forest Act, for the proposed constitution of the Kallavi block, in the Uttangarai taluk, Salem district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE
(LAND REVENUE).

READ—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 7th September 1898, Ref. C.R. No. 1164-For. :—

I have the honour to submit draft notification under section 4 of the Forest Act for the Kallavi block in Uttangarai taluk No. 7 in the list in Board's Proceedings, No. 300, dated 20th July 1898.

2. A sketch-map prepared as per instructions conveyed in Board's Proceedings, No. 168, dated 20th April 1891, is herewith sent.

3. The usual statement of area and condition of the block also accompanies the draft notification. The certificate referred to in Board's Proceedings, No. 296, dated 26th April 1893, is also submitted.

Endorsement by J. W. CHERRY, Esq., Acting Conservator of Forests, Central Circle, dated 21st September 1898, No. 387.

Forwarded.

Reference on the above, dated 11th October 1898, No. 385.

The Collector is requested to obtain and forward the villagewar statement prescribed in Board's Proceedings, Forest No. 459, dated 2nd October 1896, which should have accompanied the letter read above.

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Collector of Salem, with map to be returned.

READ—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 14th March 1899, No. 61-B. and G. For. :—

With reference to Board's Reference No. 385, dated 11th October 1898, I have the honour to forward herewith the villagewar statement called for therein. :—

2. It will be observed therefrom that the area of the assessed waste outside the block is 71 per cent. of the cultivated area and there is in addition a large area of poramboke and unassessed land which when added to the area of assessed waste gives an area of 226 per cent. of the cultivated area as land available for communal privileges.

3. The assessed wastes included in the block are densely covered with Thuringi (*Albizia amara*) and some satinwood, &c., and the whole block by reason of its close proximity to the Madras Railway is exceptionally valuable as a railway fuel supply forest. Its reservation in its entirety is therefore desirable. It may further be observed that the block has been under protection for a great number of years as a reserved land.

ENCLOSURE No. 1.

Certificate.

Certified that Kallavi block, in Uttangarai taluk, in the Salem district, was selected after a personal inspection by Mr. R. S. Bowe, Ranger, in June and July 1892, boundaries perambulated by him in 1893 and 1894, and its demarcation as reserved land retained and that the block was inspected by the District Forest-officer on 16th December 1898 and demarcation checked by him on that date.

(Signed) S. C. MOSS,
Ag. District Forest-officer.

RESOLUTION—Forest No. 190, dated 2nd May 1899.

The draft notification as amended by the Board will be submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The proposed block is one of the areas in the Uttangarai taluk the reservation of which was approved in Government Order, No. 577, Revenue, dated 6th October 1898. The village war statement furnished by the Collector shows that ample margin exists in each of the villages affected by the proposal for the extension of cultivation and for free grazing.

3. Deducting 386.19 acres, the extent of the deserted villages of Kottalapaddam-patti and Nakkalapatti which has been included twice in the ayakat abstract, the area of the block amounts to 4,274.44 acres and not 4,080 acres as given in the area statement and the sketch-map. The correct figure should, however, be reported when the final notification is submitted.

4. It is observed that the total area of the assessed waste available outside the block is 64 per cent of the cultivated area and not 71 per cent. as recorded in the Collector's covering letter.

(True Copies and Extract.)

To the Secretary to Government, Revenue Department,
with draft notifications (one original and two printed)
and a Sketch-map to be returned.

Reserved Forest.

The draft notification, under section 4 of the Madras Forest Act, for the proposed constitution of the Kallavi block, in the Uttangarai taluk, as a —, ordered to be published in the Fort St. George and the Salem District Gazettes.

No. 385, REVENUE, 19TH JUNE 1899.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 190, dated 2nd May 1899:—

Read—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 7th September 1898, Ref. C.R. No. 1164-For.:—

I have the honour to submit draft notification under section 4 of the Forest Act for the Kallavi block in Uttangarai taluk No. 7 in the list in Board's Proceedings, No. 300, dated 20th July 1898.

2. A sketch-map prepared as per instructions conveyed in Board's Proceedings, No. 168, dated 20th April 1891, is herewith sent.

3. The usual statement of area and condition of the block also accompanies the draft notification. The certificate referred to in Board's Proceedings, No. 296, dated 26th April 1893, is also submitted.

Endorsement by J. W. CHERRY, Esq., Acting Conservator of Forests, Central Circle, dated 21st September 1898, No. 387.

Forwarded.

Reference on the above, dated 11th October 1898, No. 385.

The Collector is requested to obtain and forward the villagewar statement prescribed in Board's Proceedings, Forest No. 459, dated 2nd October 1896, which should have accompanied the letter read above.

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Collector of Salem, with map to be returned.

Read—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 14th March 1899, No. 61-B. and G. For.:—

With reference to Board's Reference No. 385, dated 11th October 1898, I have the honour to forward herewith the villagewar statement called for therein:—

2. It will be observed therefrom that the area of the assessed waste outside the block is 71 per cent. of the cultivated area and there is in addition a large area of poramboke and unassessed land which when added to the area of assessed waste gives an area of 226 per cent. of the cultivated area as land available for communal privileges.

3. The assessed wastes include in the block are densely covered with Thuringi (*Albizia amara*) and some satinwood, and the whole block by reason of its close proximity to the Madras Railway is exceptionally valuable as a railway fuel supply forest. Its reservation in its entirety is therefore desirable. It may further be observed that the block has been under section for a great number of years as a reserved land.

ENCLOSURE No. 1.

Certificate.

Certified that Kallavi block, in Uttangarai taluk, in the Salem district, was selected after a personal inspection by Mr. R. S. Bower, Ranger, in June and July 1892, boundaries perambulated by him in 1893 and 1894, and its demarcation as reserved land retained and that the block was inspected by the District Forest-officer on 16th December 1896 and demarcation checked by him on that date.

(Signed) S. C. MOSS,
Ag. District Forest-officer.

Resolution—Forest No. 190, dated 2nd May 1899.

The draft notification as amended by the Board will be submitted to Government for approval and publication in the *Fort St. George Gazette*.

2. The proposed block is one of the areas in the Uttangarai taluk the reservation of which was approved in Government Order, No. 577, Revenue, dated 6th October 1898. The villagewar statement furnished by the Collector shows that ample margin exists in each of the villages affected by the proposal for the extension of cultivation and for free grazing.

3. Deducting 386.19 acres, the extent of the deserted villages of Kottalapeddam-patti and Nakkalapatti which has been included twice in the ayakat abstract, the area of the block amounts to 4,274.44 acres and not 4,080 acres as given in the area statement and the sketch-map. The correct figure should, however, be reported when the final notification is submitted.

4. It is observed that the total area of the assessed waste available outside the block is 64 per cent. of the cultivated area and not 71 per cent. as recorded in the Collector's covering letter.
