PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—the following letter from D. W. G. COWIE, Esq., M.A., I.C.S., Barrister-at-Law, Acting Collector of Chingleput, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Saidapet, 28th August 1898, Ref. on No. 183-G. & B. Acc. :—

With reference to the B.P., No. 282 of the 4th August 1898, circulating a revised conversion table for the information of Collectors, I have the honour to state that in paragraph 2 (d) of this office letter, No. 209, dated 21st February 1898, it was pointed out that the measures used in Saidapet are "struck measures" and not "filled to over-flowing," that the diameter of the standard measure is 4.5 inches and not 4.2 as shown in the appendix, and that the entries in the Standing Order No. 290 require correction. In the revised conversion table circulated with the above Board's Proceedings, these errors remain uncorrected. I request that you will be so good as to issue a correction slip or supply a revised standard measure for Saidapet with a diameter of 4.20 inches.

RESOLUTION—No. 328, dated 8th September 1898.

The conversion table for the Saidapet station given in B.P., No. 282, dated 4th August 1898, will be amended as shown on the margin.

Column 3	...	...	...	Struck
" 6	...	...	...	4.50
" 7, Rice, 2nd sort	...	...	...	1.50
" 8, Paddy, 1st sort	...	...	...	1.11
" 9, Paddy, 2nd sort	...	...	...	1.12
" 10, Horse-grass	...	...	...	1.55
" 11, Cholam	...	...	...	1.42
" 12, Cumboo	...	...	...	1.31
" 13, Varagoo	...	...	...	1.31
" 14, Ragi	...	...	...	1.37
" 15, Salt	...	...	...	1.54

2. Instructions should be issued to the stamping gumastah to adhere to the standard measure now with him and to stamp no measure that is not of the contents (61 fluid ounces) or diameter (4.5 inches) of the standard measure.

3. For convenience, Saidapet may be placed after, instead of before, Poona-mallee in the returns in future.
