READ

the following letter from Mahomed
Raza Khan Esquire, Collector of Kurnool,
R.C. no. $\frac{293}{2}$ of 98, dated 21st August 98.

I have the honour to submit
herewith a statement of famine
establishments mostly in connection
with weavers' relief operations, which
were retained after the 31st October
'97. These establishments were
proposed by my predecessor

in

1
REVENUE DEPT.

Encl. No.

In his letter R.C. no. 1621
2 dated
8-10-97 to be dispensed with by the
end of October but under un-
avoidable circumstances they appear
to have been retained by the Divisional
officers for some time subsequent
to October. The Accountant-
General having objected to the
payment of salary for these
establishments subsequent to October
97 for want of Government
sanction, I have the honour to
request that the Board will be
pleased to obtain the necessary
sanction for the retention of the
Seta-

Establishment in question for the
periods ~~noted in the~~ accompanying
Statement

2 The circumstances which
necessitated the retention of the
Establishments are reported by
the Divisional officers to have been
as follows

Koil Kumbla Weavers' Establishment

The distress in this taluk having
been more severe than in any other
taluk of Tandya division, the
relief operations were conducted
on a large scale. At the end of
October there were a large number
of cloths outstanding against weavers
which had to be received and
paid

paid for, and the accounts had
also to be examined and finally
closed. The establishment for this
a taluk had therefore to be retained
till the middle of November 97.

Nandyal Central Depot

The store-keeper for this depot
was proposed to be retained till
the disposal of famine cloths, vide
my predecessor's letter above quoted.

But as this person could not work
97 singly owing to heavy work, the

establishment of one clerk and
two attenders had to be retained
till 19-3-98. This depot was made

the Central depot for Nandyal
division

division and the cloths of the other
depôts were ordered to be transferred
to it. All these cloths had to be received,
counted, registered, arranged and
put into the racks. The stock of
cloths was kept in two buildings
and had to be carefully looked
after. Frequent indents of messrs.
Binny and Co. had to be complied
with. In December last the stock
of porunas was ordered to be
despatched to the Superintendent
of Stationery, Madras, and they
had to be taken and carefully
packed. All these duties required
the assistance of the establishment
which, as stated above, was
retained

retained till 19-3-98

Kurnool depot

The large number of carpets woven in this depot still remain undisposed of. At the end of October 97 there were larger out-standings of yarn due from weavers which had to be collected. This required the further retention of the establishment. The Store-keeper who was proposed to be retained till the disposal of the famine cloths, was, however, dispensed with as his retention was costly. The fumaasta on Rs 15/ and the attenders on Rs 7/ were alone retained, the latter, however, having been dispensed with from

10th June 98 and the pay of the former having been reduced to Rs 10/ The services of the fumaasta will be required till the famine cloths in the depot are disposed of, and I request that sanction may be obtained for his further retention.

Pattikonda weavers' establishment

The report called for from the Divisional officer, Pyapalli has not yet been received. in spite of several reminders. But I believe that the circumstances which necessitated the retention of the establishment in this establishment are

are the same as those explained above. The Pattikonda depot was made a central depot and all the cloths of the other depots were ordered to be transferred to it. There is still a large number of cloths to be disposed of, and as the Store-keeper will not be able to attend to them singly especially as large quantities are now being delivered to Messrs. Binay and Co, the retention of the two attenders who have not yet been dispensed with may be sanctioned till the cloths are finally disposed of.

3. As regards the clerk and peon

peon of the Temporary Dy. Subdivision office, Koilkuntla, who were proposed to be retained till 15th November 97 in my predecessor's letter no. R.C. $\frac{1629}{7}$, dated 29-10-97 embodied in Board's Proceedings no. 8828 mis, dated 2-11-97, the Head Assistant Collector reports that as Koilkuntla was the most affected during famine, and as the work in the Taluk office was specially heavy on account of famine accounts, which had to be carefully checked and closed, the establishment was retained till 30th November 1897.

4. It would thus be observed that the circumstances which necessitated the retention of the several establishments above referred to were unavoidable and as pay in all cases was already drawn and paid, I request that necessary sanction of Government required by the Accountant General may be obtained for the periods during which they were respectively retained.

In the case of Meer's Establishments for Karnool and

and Pattikonda depôts, I request that their retention till the cloths in each depôt are disposed of, may be sanctioned.

Resolution

Submitted to Government, with the request that, under the circumstances explained by the Collector, the retention of the establishments for the periods mentioned in the annexed list may be sanctioned. At the depôts noted in the margin, it will be necessary to retain the establishment mentioned until the large stocks

2 The cost of the establishments retained during the current year will be included in the application for allotments called for in Government Order, No. 390 dated 15th July 1898.
