Public works Department.

and the following:

from the Executive Engineer, Public Works Department, 11th March 1907.

I have the honor to acknowledge the receipt of your letter of the 11th March 1907, in which you state that you have been informed by the Executive Engineer, Public Works Department, that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work.

In January 1907 I received a notice from the Executive Engineer, Public Works Department, in which he stated that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work. I have since that time been in communication with the Executive Engineer, Public Works Department, and have been informed that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work.

An enquiry was made by the Executive Engineer, Public Works Department, and it was found that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work. It was also found that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work.

In this, the Executive Engineer, Public Works Department, was informed, on the 11th March 1907, that the land in question is under the control of the Public Works Department, and that the same is being used for the purpose of a public work.

I am, Sir, very respectfully,  
Yours faithfully,  
The Executive Engineer, Public Works Department.

25-  
R  
25-

The case was adjourned again to the next instant, and the plaintiff and the Subdivisional Officer, having effected a compromise, I have directed the latter to pay the plaintiff Rs. 100 as agreed to by him, pending your approval.

10. I request that you will be so good as to obtain the sanction of Government to the payment of the costs connected with the suit.

Endorsement thereon by the Superintending Engineer, No. 2, Circle, No. 1, P. W. D. dated 11th October 1907.

Submitted to the Chief Engineer-P. W. D. Department with the request that under the circumstances referred to, the sanction of Government may be obtained to the payment of the costs connected with the suit.

From the Collector of District No. 10/Rev of 1907 dated 7th February 1908.

With reference to your letter dated 10th November 1907, No. 1074, I have the honour to inform you that the lands in question were leased out by your Government on the 27th May 1904. Previous to this the lands had been leased out during 1897 and 1900, but it is not quite clear whether the lease included the entire lands. In March 1906, the settlement Officer retransferred the entire lands included in the lease to Panch and Imam, but as it has not been the practice to give notice of transfer of lands from Government to public or vice versa, to the Department concerned, notice of the transfer was not given to your Government. I have directed all Subdivisional Officers such transfers in future, to the Department concerned.

2. I should think that the suit might have been avoided if the receipt from the plaintiff by virtue of the notice of the transfer had been made into the public notice register.

12  
25

Enclosed herewith by the undersigned Engineer, is a copy of the report of the Chief Engineer, dated 14th March 1907.

The Chief Engineer, P.E.C., in accordance with his letter of the 14th March 1907, with the request that a copy of the report of the Chief Engineer, dated 14th March 1907, may be given to the undersigned, and a copy of which is enclosed.

From the Executive Engineer, Bangalore Division, No. 1007 dated 14th April 1907.

According to your letter of the 14th March 1907, I have the honor to acknowledge the receipt of the report of the Chief Engineer, dated 14th March 1907, and to inform you that a copy of the report of the Chief Engineer, dated 14th March 1907, is being forwarded to the undersigned, and a copy of which is enclosed.

Enclosed herewith by the undersigned Engineer, is a copy of the report of the Chief Engineer, dated 14th March 1907.

Very respectfully, The Chief Engineer, P.E.C., Bangalore Division, No. 1007 dated 14th April 1907.

From the Executive Engineer, Bangalore Division, No. 1007 dated 14th April 1907.

In accordance with the letter of the 14th March 1907, I have the honor to acknowledge the receipt of the report of the Chief Engineer, dated 14th March 1907, and to inform you that a copy of the report of the Chief Engineer, dated 14th March 1907, is being forwarded to the undersigned, and a copy of which is enclosed.

Enclosed herewith by the undersigned Engineer, is a copy of the report of the Chief Engineer, dated 14th March 1907.

Very respectfully, The Chief Engineer, P.E.C., Bangalore Division, No. 1007 dated 14th April 1907.

Order No. 2078, dated 16

The subject of the order, amounting to No. 1000, incurred in connection with the order referred to in the preceding paragraph, is approved.

Orders will issue to the Nevada Department of Lands usually leased out by the Public Lands Commission and approved, and alterations to revenue classification of the lands shall be determined by the Nevada Department.

Rev Dept  
P.W. Order No. 2098 W & 16-8-98  
(Cus 5793)

~~to~~ To us

The P.W. order read  
relates to a suit  
about ~~lands~~ ~~in~~ ~~the~~ ~~case~~  
in connection with certain  
for certain land which was  
land which was leased out  
leased out as perambulation  
by the D.P.W. in ignorance  
of the fact of its previous  
assignment on paper by the  
Rev. Dept. Its mistakes of this  
kind are likely to lead to  
much inconvenience, the  
D.P.W. suggests that instruct-  
ions may issue to the R.D.  
that when lands manually leased  
out by the D.P.W. are con-  
cerned, any alteration in  
revenue classification of  
the lands shall be intimated  
to the Executive Engineer.  
The necessity for some under-  
standing on the point bet-  
ween the D.P.W. and the Rev.  
Dept has been recognized in  
the notes put up by the R.D.  
when the P.W. order in question

Correct

came up for counter initials.  
 (vide notes stitched with  
 the original of G.P. 2098 W)  
 In these notes it was ~~pointed~~  
~~out that the P.W. order was~~  
 counter initialed and the under-  
 standing that only when lands  
 actually under the control  
 of D.P.W. are changed from  
 'poramboke' to 'patta' that  
 Dept would be informed  
~~of the fact. It was also~~  
 made clear that "so long  
 as the land was poramboke"  
 "on the margin of rivers or  
 irrigation works which  
 it was desirable to retain  
 under the <sup>D.P.W.</sup> control of ~~the~~  
~~the~~ there ~~was~~ <sup>should</sup>  
 no objection to such land  
 so controlled being leased  
 out by that Dept, but that  
 if the land became patta  
 land the control should  
 revert to the R.D., and it was  
 also understood that the P.W.D. should be informed  
 whenever land under its control was changed from Poramboke  
 to Patta. It was further added  
 that the point would come up  
 more definitely when the P.W.  
 order

"Patta" land as  
 the note plainly  
 included land all  
 assessed land  
 that might be given  
~~assessable on~~  
 patta <sup>It was already on patta</sup>  
<sup>by the P.W.D. originally</sup>  
<sup>have nothing</sup>  
<sup>to do with it.</sup>

was received in the R.D.  
 2. Patta land ordinarily means  
 land actually held on patta,  
 and would not include "land  
 available for assignment on  
 patta" i.e. (Culturable)  
 assessed waste". It is submitted  
 that the D.P.W. control should  
 cease even when land is changed  
 from 'Poramboke' to 'Assessed  
 waste' without being actually  
 assigned on patta. If this view  
 is accepted the Board may be  
 requested to issue a standing order  
 in the following sense:—  
 The P.W.D. will continue, as heretofore, to  
 lease out Poramboke land on the margin  
 of rivers or irrigation works which  
 it is desirable to retain under  
 the control of the P.W.D. ~~and~~  
~~as heretofore, the land is left~~  
~~outside control.~~ it remains under  
 its control; but the control of such  
 lands will revert to the R.D. when  
 they are transferred from  
 Poramboke to 'Assessed waste'.  
 Intimation should always be given  
 to the P.W.D. whenever land, its con-  
 trol is so transferred from Poram-

The Board must be consulted  
of the case stated to them

The Dept of the Govt. Sec  
cannot refer an order  
of Govt issued on another  
Dept for the criticism  
of the Bd of Rev in the  
bold way the draft does.

Ask the Bd how the  
order is in what way  
from the instructions  
referred to in para 2 of  
the P.M.T. order can  
best be issued & refer  
also the point raised  
in note above as to within  
being given when land is  
transferred from possession  
to assessed waste.

27/12/98

I have recast the draft  
reference. Has the way  
remains to offer on it before  
I can  
27/12/1078

No objection to draft  
W.H. 6/10/8

To n.s.

may the order refer to
