Mis.No. 5056.

Read the following petition, dated 16th December 1898, from Messrs Gordon Woodroffe and Co., Madras.

" Madras Government Watermark paper

We have the honour to invite your attention to the following:-

The Titaghur Paper Mills Co.Limited, Calcutta, for whom we are Agents, obtained the contract for the supply of the above to the Madras Government.

The Mills had made special arrangements as to machinery etc. for producing the paper which they expected would be required constantly.

From 1st February to 18th July 1898, 13,334 reams were delivered to the Superintendent of Stationery.

On the 28th July last we received instructions from the Superintendent of Stationery to wire to our friends at Calcutta to stop at once manufacturing the paper.

This order was in pursuance of Notification No.335 on page 670 of the Fort Saint George Gazette, Part I, of the 19th July 1898.

No indents were actually running when this order was received, but a quantity of over-makes to the extent of 283 reams was in stock. This surplus we have requested the Superintendent of Stationery to take over, but are informed that this cannot be done without the sanction of Government.

We have the honour therefore to request that you will be good enough to cause the necessary permission to be issued for us

to deliver this small quantity to the Stationery Department.

We beg to point out that it is customary in the paper trade to take over 5 to 10 per cent of overmakes and in this instance the excess make is only about 2 per cent of the quantity ordered. We further beg to state that the paper being of special make, bearing the Madras Government stamp, can hardly be disposed of elsewhere. The price of the paper is annas 7 per lb; each ream weighs 7 lbs, making a total cost for the 283 reams of Rs. 866-11-0.

Resolution.

Submitted to Government for favour of orders.

2. There seems little prospect of disposal to the public of the water-marked paper already in stock at the Stationery office.

FOR ORDERS.

13,500 reams in all appear to have been ordered; of which 13,334 reams were received up to 18th July 1898 (vide letter in the current). The Supt of Stationery would appear to be bound to take over 13,500 – 13,334 or 166 reams more. But Messrs. Gordon Woodroffe & Co. state that they have 283 reams in stock, inclusive of the 166 reams, which as bearing this Govt's stamp can not be disposed of to others. The manufacturers appear to have an equitable right that this should be received, unless it can be shown that the paper was made after orders to stop manufacture were given. HH. The manufacturers

Have no right in the matter
Whether as an act of
grace the Govt. relieve
them of the surplus may
however be considered.
But we can form no
idea when or if our present
stock can be disposed of, nor
that the use of the paper
is voluntary.

I think we ought
to take over the amount
whether it lies over
on our hands is not
improbable, or not.
