Office of the Imperial Bacteriologist,
Dated the 19th June 1897.

To

THE Secretary, to the Government
of Madras, Madras.

SIR,

I have the honor to report
that I have recently obtained from
South Africa a culture of the fungus
which is said to have been found very
efficacious in destroying swarms of
locusts in that country. I would there-
fore suggest that steps should be taken
to bring to the knowledge of District
and other officers in such parts of India
as are liable to visitations of these des-
tructive insects that cultures will be
sent out together with instructions as
to their use to any districts that may
be invaded by them on receipt of a tele-
gram asking for the same.

I have the honor to be,
Sir,

Your most obedient servant
Samuel Rogers M.D., J.M.S.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—the following letter from the Officiating Imperial Bacteriologist, Muktesar, North-Western Provinces, to the Secretary to the Government of Madras, Revenue Department, dated 19th June 1899, No. 185 :—

I have the honour to report that I have recently obtained from South Africa a culture of the fungus which is said to have been found very efficacious in destroying swarms of locusts in that country. I would therefore suggest that steps should be taken to bring to the knowledge of district and other officers, in such parts of India as are liable to visitations of these destructive insects, that cultures will be sent out, together with instructions, as to their use to any districts that may be invaded by them on receipt of a telegram asking for the same.
