Form No. VI—Monthly returns of demarcation stones utilized.—Issuing a revised form, instead of — prescribed in B.P., No. 103, dated 14th March 1893, for adoption in future.

PROCEEDINGS OF THE BOARD OF REVENUE
(REVENUE SETTLEMENT, LAND RECORDS AND AGRICULTURE).

READ—again the following Proceedings of the Board of Revenue (R.S., L.R. and Agri.), Mis. No. 2273, dated 1st April 1898:—

Read—the following letter from H. D. TAYLOR, Esq., I.C.S., Acting Collector of Ganjam, to the Secretary to the Commissioner of Revenue Settlement, Land Records and Agriculture, dated Chatrapur, 27th July 1897, R. C. No. 1115-Ver.:—

Under rule XIV of Appendix II to B.P., No. 103, dated 14th March 1893, Tahsildars submit to the Collector the return of demarcation stones in Form No. VI with their monthly account current.

2. As it is, the return shows all stones passed and received into the depot during the month whether their cost is paid within the month or not. Similarly it shows all stones sold or planted during the month whether their cost was recovered or adjusted within the month or not.

3. My Treasury Deputy Collector states that for the above reasons, the figures shown in the return of stones vary from those shown in the account current, and that it is impossible to verify the figures and secure an agreement between them unless the Tahsildars show in the return of stones only those stones for which payment or recovery is made within the month.

4. I consider that the form of the return requires recasting and submit herewith for Board's approval a revised form which will admit of check with the treasury account.

Resolution—Mis. No. 2273, dated 1st April 1898.

The suggestion of the Collector of Ganjam will be referred to the Collectors of Chingleput, South Arcot, Salem and Tinnevely for remarks.

(True Copy and Extract.)

(Signed)

R. V. SRINIVASIAH,
Secretary.

To the Collectors of Chingleput, South Arcot, Salem and Tinnevely.
Copy to the Collector of Ganjam.

READ—again Proceedings of the Board of Revenue (R.S., L.R. and Agri.), Mis. No. 2824, dated 27th April 1898.

ABSTRACT.—Recording, pending receipt of replies from other Collectors, Salem Collector's remarks on the proposed Form No. VI relating to the maintenance of boundary marks.

READ—again Proceedings of the Board of Revenue (R.S., L.R. and Agri.), Mis. No. 3570, dated 13th June 1898.

ABSTRACT.—Recording, pending receipt of replies from other Collectors, Chingleput Collector's letter stating that the revised form relating to the maintenance of boundary marks proposed by the Collector of Ganjam may be adopted.

READ—again Proceedings of the Board of Revenue (R.S., L.R. and Agri.), Mis. No. 4030, dated 2nd July 1898.

ABSTRACT.—Recording, pending receipt of reply from the Collector of Tinnevely, South Arcot Collector's letter reporting on the proposal to amend one of the forms for the maintenance of boundary marks.

READ—also the following letter from A. W. B. HIGGENS, Esq., Collector of Tinnevely, to the Secretary to the Commissioner of Revenue Settlement and Director of the Department of Land Records and Agriculture, dated Kuttalam, 4th August 1898, Ref. on Cur. No. 282—G.B.Genl.:—

• With reference to B.P., Mis. No. 2273, dated 1st April 1898, I have the honour to report that the only taluk in which the system of purchase of demarcation stones by Government is in force is Srivaikuntam. An expenditure of Rs. 2,679 was sanctioned for payment to the stone contractor in B.P., Mis. No. 6628, dated 4th December 1895, Settlement. A further sum of Rs. 1,925-14-0 was also advanced in July 1897. These sums were debited to "Revenue Survey advances—Collectors". The first item is reported to have been completely recovered and Rs. 1,281 remain to be recovered out of the second item. No account in Form No. VI has hitherto been submitted. The Tahsildar has however been submitting to the Treasury Deputy Collector a monthly statement of advances and recoveries. I have directed him to open the account in Form No. VI at once.

2. With regard to the proposed Form No. VI, I consider it necessary to show stones sold to ryots and those planted by Government separately. The first item is *nil* in this district. All the stones supplied to a village for planting may not be planted within the month. In view of this fact, I would suggest that the note in the remarks column be modified so as to make it clear that the Revenue Inspector's stock includes the stones supplied to villages, but not planted. Column 15 of the proposed form should represent the total of columns 11 and 14 instead of columns 9 and 14. For purposes of check with the treasury figures the figures in column 9 and those in column 16 which represent recoveries on account of stones planted may be taken.

3. In this connection I beg to note that besides the value of stones the cost of carriage and planting of stones has also to be recovered from the owners of lands. The particulars of such charges are shown in account No. 7, but as this account is not sent to the Treasury Deputy Collector I would suggest that in order to secure a complete check of the figures in the account current, a column be added for this purpose after column 13.

RESOLUTION—No. 351, dated 20th September 1898.

On consideration of the reports read above the Board resolves to modify Form No. VI, prescribed in B.P., No. 103 of 1893, and to direct that the monthly return of demarcation stones in stock and utilised shall in future be made in the form appended to these proceedings.
