20th. To U-8

In a letter of 9.9.97, the Collector of Banjam brought to notice that his Principal Asstt Collr's Office buildings required certain alterations and thorough repairs, that the whole office leaked at several places and required re-tiling and that the record-room needed to be asphalted. He accordingly requested the sanction of Govt for the preparation of the necessary estimates. The Board of Revenue submitted the Collr's letter for the orders of Govt, but as the Collr's report did ^{not} give sufficient details or explanation regarding the nature of the improvements required, the Collr was requested to submit a more detailed report in the matter explaining the necessity for the alterations proposed.

2. From the Collector's report of 10.7.98, submitted with the second of the above papers, it

3295 were from construction and grants allotment; that some of the proposed repairs have been omitted at the suggestion of the Principal Asst Collector, and that the repairs consist of retelling and whitewashing the building, and replacing certain window frames and rafters. These repairs are estimated by the Minor Irrigation Maistry at Rs 400, but the collector asks that the D.P.W. officers to be deputed to examine the building and prepare the requisite estimates should also be instructed to include in the ^{estimates} ~~estimates~~ such other repairs as he may find necessary after personal examination and include any other repairs that may be rendered necessary after the ensuing rainy season. The Board of R.W. supports the collector's proposals and requests that orders may be issued in the P.W.D. for an inspection of the building and the preparation of an estimate for the necessary repairs thereto.
