REVENUE DEPARTMENT.

C No. 6914

From the Board of Revenue, Land Rev

Ref. No. 1118 Dated 4. 1898.

FOR ORDERS.

Estimates for the construction of a first class Taluk Cutcherry at Pattikonda were sanctioned in G. O. $\frac{3323}{3.12.92}$ W $\frac{8274}{27.3.93}$ but there was some correspondence in fixing the site on which the new building should be constructed. In G. O. No. $\frac{4375}{6.11.96}$ R the Govt approved of the Board's proposal to rebuild the Cutcherry on the present site, the necessary additional space being secured by the acquisition of certain land to the west of it.

2. In a letter to the Sup. Engineer, III Circle, the Executive Engineer, Mr. J. C. Johnston, reported that the extra extent proposed to be acquired was not sufficiently broad, and that the position of the Cutcherry

Site for the new Taluk Cutcherry at Pattikonda, Kurnool Dist.

will be cramped if erected on that spot. He accordingly suggested that, if it is deemed necessary to build the Cutchery on its existing site, the new building ~~may~~ might be made to face east, a plot of ground to the south of it, measuring 310' x 250', being acquired in addition. The Superintendent Engineer, III circle, having concurred with the Executive Engineer, the communication was referred to the Rv. Dept for consideration in P.W. Enclt. ~~no 1887C~~ No 1887C dated 28.3.98 and was in turn referred to the Board of Revenue for early remarks.

3. The Current read above embodies the Board's reply. The Colly, the Divisional Officer, and the Hon'ble Mr. P. Rajaratna Mudaliar who was also consulted, having expressed themselves in favour of the Executive Engineer's proposal, the Board of Rv. recommends that the new Cutchery may be built on the site marked A.B.C.D in site plan No 2 forwarded by the Executive Engineer. The Enclt on the docket

is accordingly submitted for approval
