OFFICE OF THE BOARD OF REVENUE
(LAND REVENUE),

Madras, 30th August 1898. 189

READ—letter from D.W.G.Cowie Esq, Ag. Collector of Chingleput District, Dis NO.2062 of 1898, dated 12th August 1898.

,, also letter from Col.A.W.Smart R.E. Superintending Engineer V Circle, NO.204 M, dated 5th June 1898.

,, also letter from The Honble P. Rajaratna Mudaliyar, Dewan Bahadur, Inspector-General of Registration, Madras, G.NO.5072 dated 16th August 1898.

Reference No. 972 dated 30th August 1898.

In its order NO.2815 W, dated 6th November 1894, Government in the Public Works Department sanctioned an estimate of Rs 2780 for the construction of a Stationary Sub-Magistrate's office within the Chingleput Fort. But it was subsequently decided by Government in its order NO.1279 Judl. dated 15th June 1895, that the Reformatory school at Chingleput should remain in the Fort and another site had therefore to be found for the Sub-Magistrate's office as well as for the offices of the Sub-Registrar and the D.P.W. Sub-divisional Officer. Accordingly the building known as the Railway Engineer's bungalow situated within the Fort was acquired for the purpose under the Land Acquisition Act. The bungalow requires extensive alterations and additions, in order to render it a suitable location for the three offices referred to and the Superintending Engineer has accordingly prepared an estimate for the work amounting to Rs 4100. Both the Collector and the Inspector-General of Registration have accepted the estimate but the latter officer suggests certain modifications which will require consideration in the Judicial Department.

2. The Board recommends that the estimate so far as the Stationary Sub-Magistrate's office is concerned may be approved and transferred to the D.P.W. for sanction.

3. In the penultimate para of his report, the Superintending Engineer states that the accommodation which it is proposed to allow - the Stationary Sub-Magistrate is as much as that provided in the -

type plans, but the Board observes that the distribution of space -- according to the plan is slightly

	Accommodation as per standard design.	Accommodation as per the plan.
Court Room.....	450 Sq. feet	485 Sq. feet
Private Room... 192	184	184
Retiring Room.. 424	70	70
Clerks' Room .. 408	378 15/16	378 15/16
Record Room 416	325 1/2	325 1/2
Total ... 1508 1/2	1443 1/16	1443 1/16

different from --- that in the standard design and that the total accommodation also falls short of the standard by 65 Square feet.

In buildings with tiled roofing -

6 1/2' x 5 1/2' or 42 1/2' sq ft. Ag. Secretary.

But in buildings with tiled roofing the accommodation is only 6 1/2' x 5 1/2' or 42 1/2' sq ft.

To the Secretary to Govt., Revenue Department, with plans and estimates.

Mr. J. A.

2. The portion of the estimate relating to the Sub. Registrar's office will be dealt with in the Judicial Dept.

W. 4/11/98

Recd. B. B. Ref. 972 L. R. (C. no. 6116)

Order No. 4331 d/4th Nov 1898

From the ground plan submitted, it is observed that no sufficient provision appears to have been made for the allowance of light into the Stationary Submagistrate's record-room and that

As this room is enclosed on three sides by other portions of the building, viz, the Sub-Registrar's office and the Stationary Submagistrate's clerk's room, it does not appear to be

practicable to open windows on these sides. Accordingly, it is necessary to provide the required light by opening skylights or otherwise.

Subject to this remark, the plan and estimate for the improvements to Railway Engineer's bungalow

within the Chingleput Fort as far as they relate to the Stationary Submagistrate's office are approved and forwarded.
