A
B

Please see G.O. 181-182 & 25 March 1898 and the notes thereto.

His Govt desired an investigation (1) of the Kurnool iron fields (2) of the Nellore Mica deposits; but decided not to press for the investigation in deference to the views of the Director Genl of the Geological Survey who held that it was useless to investigate iron in Kurnool before the Salem iron & the possibility of working it was thoroughly examined & that no particular good

would a done by
deputing a member
of the Geological
Survey to Nellore.

In G.O. 1875 A
& 28 April 98, the
Director informed Govt
finally that his
suddenly would not
be deputed to Burmah
during the season.

The Director now
informs the Bd in
answer to a reference
made for Budget
purposes that no
Officer of the Geological
Dept will be deputed
to Madras next year
1899-1900.

From the files
below it will be seen
that after all the Director is
going to send Mr Holland
& Dr Walker to Nellore
this year; &
that Messrs Turner
& Macfadyen intend
to go more thoroughly
into the Question of Salem iron
its working. The present
letter may therefore be recorded.
