GOVERNMENT OF INDIA.

STATISTICAL BUREAU.

(Financial and Commercial Statistics)

To The Secretary to the Government of Madras

Calcutta, the 31st October 1898.

Sir the B.P. ☞ ai G.O. 6412 13.12.97 the letter was addressed to the Bd Direct:

Sir,

In Mr. J. E. O'Conor's letter No. 65 F. C., dated the 2nd November 1897, it was suggested that, in order to save duplication of work and to secure greater accuracy, the particulars in respect of the names of factories and the average daily number of operatives as entered in the statements appended to the Report on the working of the Indian Factories Act, XI of 1891, might be made use of in preparing the returns of Large Industries published in the volume of Financial and Commercial Statistics. But it is observed that some provinces have not been able to carry out the suggestion, as the two sets of returns are not framed on the same basis. The average numbers are returned for the tables of Large Industries in accordance with the instructions contained in paragraph 6 of the Resolution of the Government of India in the Department of Finance and Commerce, No. 72 S., dated the 17th March 1883, so as to shew separately the average number of persons employed daily throughout the year and throughout the working season, while the statements relating to the working of the Factories Act make no such distinction.

Inc 683 Public 3.4.83 G.O

2. I have, therefore, the honour, by direction of the Government of India, to say that in the returns of Large Industries the details as to the average number of persons employed daily during the working season and the months during which they are employed, need not in future be shewn separately, and that the figures for the column headed 'Average number of persons employed daily' should either be taken from the statements prepared under the Factories Act where these are available, or be worked out in like manner by dividing the aggregate number of daily attendances of both permanent and temporary employés by the number of days in each year during which the factory or business was working.

I have the honour to be,

Sir,

Your most obedient Servant,

J. G. Robertson

Offg. Director-General of Statistics.
