PUBLIC WORKS DEPARTM

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following:-

From the Superintending Engineer, VI Circle, No. 698 T.A., dated 1st September 1898:-

I have the honour to forward herewith for your orders copy of a letter No. 2008, dated 14th August 1898 from the Executive Engineer, Tinnevelly Division, together with 3 plans. The question is shall the roof, the buildings for which estimates were called for in G.O.No.742 W, dated 15th March 1898, be terraced or tiled.

2. I should have no hesitation in directing that terracing should be used, but that in the order No. 1155 Mis., dated 5th March 1898, communicated to me with the above quoted G.O., it is directed that tiling may be used. I am not aware if there was any special reason for this order. The Executive Engineer the Collector of Tinnevelly and the Board of Revenue recommended terracing, and if there is no good reason to the contrary, I recommend that in remodelling the roof, terracing be used.

Note in the Revenue Department, dated 9th September 1898.

Order thereon:- No: 2677 W 8 14.10.98

In the circumstances explained by the Superintending Engineer, the proposal to put on a terraced roof for the Sub-Court and the building occupied by the English Correspondence Branch of the Collector's office at Tinnevelly is approved.

(True Extract)

A. Kindell,

Under Secretary

/ Communicated to H.E. the Governor /

To the Supdg: Engineer, VI Circle.
