DISTRICT REPORTS.

GANJAM.

Water-supply generally sufficient. Horsegram is being sown in places. Standing crops thriving. Harvest outturn bad to fair. Pasture abundant and fodder sufficient. Condition of cattle generally good. More rain wanted in parts.

VIZAGAPATAM.

Water-supply generally sufficient. Sowing and transplantation in progress. Standing crops fair. Harvest outturn middling to fair. Pasture and fodder sufficient. Condition of cattle good.

GODAVARI.

Water-supply generally sufficient; Godavari 1-6 feet over the anikat. Sowing and transplantation in progress. Standing crops generally good. Harvest outturn middling to fair. Pasture sufficient, but fodder scanty in parts. Condition of cattle generally good.

KISTNA.

Water-supply generally sufficient; Kistna 2-8 feet over the anikat. Sowing and transplantation in progress. Standing crops generally good, but more rain required in parts of upland taluks. Harvest outturn middling to fair. Pasture sufficient; fodder generally available. Condition of cattle generally good.

KURNOOL.

Water-supply generally sufficient; 1-6 feet of water over Sunkesala anikat. Sowing, weeding and transplanting continue in parts. Standing crops generally good, but want rain except in eastern section. Harvest outturn fair to middling. Pasture available; fodder sufficient. Condition of cattle good.

BELLARY.

Water-supply generally sufficient. Sowing and weeding going on. Standing crops generally good. Harvest outturn fair to middling. Pasture sufficient; fodder scarce in parts. Condition of cattle good. Prospects fair.

ANANTAPUR.

Water-supply insufficient, except under channels and wells; most tanks not received sufficient supplies. Ploughing, sowing and weeding in progress. Standing crops fair under wells and channels, but dry crops require rain. Harvest outturn middling. Pasture available and fodder sufficient. Condition of cattle good. Rain urgently required.

CUDDAPAH.

Water-supply fair. Ploughing, sowing and harvesting going on. Standing crops generally fair, but in northern section dry crops withering. Harvest outturn fair to middling. Pasture and fodder generally sufficient; subsequent rainfall general, but unevenly distributed.

NELLORE.

Water-supply generally sufficient; slight freshets in some rivers; no flow over the anikats. Ploughing and sowing in progress. Standing crops generally thriving. Harvest outturn middling to fair. Pasture sufficient, but fodder scarce. Condition of cattle generally good. Prospects good; subsequent rainfall heavy in south of district.

CHINGLEPUT.

Water-supply improved; rivers in flood. Ploughing, sowing, transplanting and weeding continue. Standing crops good. Harvest outturn poor to average. Pasture abundant, but fodder scarce in parts. Condition of cattle good.

MADRAS.

Water-supply, fodder and pasture sufficient. Imports by sea—rice 881 tons; other grains 389 tons.

SOUTH ARCOT.

Water-supply sufficient; heavy freshets in the Vellar, moderate in the Pennar and Gadilam and slight in others. Ploughing, manuring, sowing, weeding and transplanting in progress. Standing crops fair. Harvest outturn middling to fair. Pasture and fodder generally sufficient. Condition of cattle good.

NORTH ARCOT.

Water-supply sufficient; freshets in the rivers. Ploughing, sowing, transplanting and weeding in progress. Standing crops generally good. Harvest outturn middling. Pasture sufficient and fodder available, but dear in parts. Condition of cattle generally good. Prospects good.

SALEM.

Water-supply generally sufficient. Ploughing, sowing and transplanting continue. Standing crops generally good, though being damaged in parts by rain. Harvest outturn fair to average. Pasture sufficient, but fodder scanty and dear in parts. Condition of cattle generally good.

COIMBATORE.

Water-supply generally sufficient; freshets in the rivers. Sowings continue. Standing crops generally good or fair. Harvest outturn middling to average. Pasture and fodder generally sufficient. Condition of cattle generally good.

TRICHINOPOLY.

Water-supply sufficient; 0-2 foot of water over the Upper and 2-4 feet over the Grand anikats. Sowing and transplanting continue. Standing crops good. Harvest outturn middling to average. Pasture and fodder abundant. Condition of cattle good.

TANJORE.

Water-supply abundant. Agricultural operations retarded by incessant rain, but transplantation going on. Standing crops generally fair, but damaged or likely to be damaged in parts by heavy rain and high freshets. Harvest outturn middling to average. Pasture and fodder sufficient. Condition of cattle generally good.

PUDUKKOTTAI.

Sowing and transplanting continue. Standing crops good, but suffering slightly in parts from excessive rain. Harvest outturn fair. Pasture and fodder generally sufficient. Condition of cattle good.

MADURA.

Water-supply sufficient; freshets in rivers. Ploughing, weeding and transplanting in progress. Standing crops good. Harvest outturn middling to fair. Pasture sufficient; fodder available. Condition of cattle good.

TINNEVELLY.

Water-supply generally sufficient; 1-9 feet of water over the Srivaikuntam anikat. Ploughing, sowing and transplanting continue. Standing crops good. Harvest outturn poor to middling. Pasture improving; fodder available though dear. Condition of cattle good.

NILGIRIS.

Ploughing, sowing and weeding in progress. Standing crops good. Harvest outturn fair. Pasture and fodder sufficient. Condition of cattle generally good. Prospects fair.

MALABAR.

Water-supply sufficient. Transplantation nearly completed. Standing crops fair. Harvest of first crop completed; outturn fair. Pasture sufficient and fodder available. Condition of cattle good. Prospects fair.

SOUTH CANARA.

Water-supply sufficient. Ploughing, sowing and transplanting for second crop progressing. Standing crops generally good. Harvest outturn generally bumper. Pasture and fodder sufficient. Condition of cattle generally good. Prospects good.

TRAVANCORE.

Paddy thriving. Water-supply and pasturage sufficient. Condition of cattle good.

SEASON TELEGRAM TO THE GOVERNMENT OF INDIA, REVENUE AND AGRICULTURAL DEPARTMENT, SIMLA.

Week ending 5th November 1898.—Rainfall heavy Carnatic and Southern Districts, good Central and West Coast and Eastern part Cuddapah in Deccan; practically none elsewhere. Rainfall last five weeks very deficient almost throughout Deccan, but since 5th some rain fallen there. Water-supplies ample except in Deccan. Sowings proceeding. Standing crops generally good, but needing rain in Deccan and parts Circars and suffering from excessive rain in parts Southern Districts. Harvest outturn fair. Pasturage abundant. Cattle normal. Prices stationary or slightly easier. General prospects favourable.

Season Report for the
Week ending 5 Nov 1898

Rainfall - There was little or no rainfall during the week in the Cixeara and the Deccan districts except Cuddapah. In the rest of the districts excepting Nellore, Salem and the Nilgiris the fall was below the average. Chingleput, Madras, South Arcot, North Arcot and Tanjore having received the heaviest fall. The fall up to date was above the average in all the districts except Nellore, Salem, Trichinopoly, Madras and the Deccan districts, and Cixeara, Gajana being included.

Public Health - Public health continues to be satisfactory, but cholera is prevalent to some extent in Cuddapah, Nellore, South Arcot, Trichinopoly, and Madras. ~~There have been~~ imported cases of plague in the district bordering Mysore.

Prospect ^{Gaurain} Water supply
Suffer more rain. Will want
with Cyanide and Chloride
salts. and some or given
with Uzadapalad Water supply

Generally sufficient standing
crops fair. Water supply
and irrigation Water supply
Generally sufficient. Seeding and
transplantations in progress.
Standing crops generally good.

History - Water supply, farming
diffs. Agricultural opera-
tions in progress. Pastoral
lands require more rain.

Season and prospects on the whole favorable. W. H. W.

Kurnool — Water supply
generally

generally suffer except in
of Pattikonda and those places
where tanks are found only
partial supply. Standing
crop generally good but
suffer from want of rain in
Pattikonda, Rajalahota,
Nandikottur and several
Rains urgently needed in
these parts. Prospects generally
fair. There was some rain
on the 7th instant. It will

Bellary. - Winds etc. buff
generally buff. Winds etc.
generally standard crops generally
good prospect fair?

Quintana Roo - Water supply is sufficient for irrigation except under channels and wells. Both dry and wet crops under wells and water are fair, but dry crops on unirrigated dry lands require rain.

Prospects not altogether
favorable. ^{Most of the tanks}
~~and~~ ^{have not received}
~~respectfully~~ ^{suffer supply.}

more supply is wanted.
Standing crops generally
good. Paddy crops being
damaged by rain. Prospects favorable.

More rain wanted in parts
for wet crops. of affrs
Coimbatore - water supply

Generally suff. Standing crops generally
in good condition. Conditions
in Trichinopoly & water supply
abundant for irrigation
in all districts.
Standing crops good.
Prospects favorable.

Tamper - Prospects generally
fair. The rainfall has been
excessive in parts and if
rain does not cease pros-
pects in those parts will
be unfavorable.

Madura - water supply
suff. crops good.

Standing crops good.

Tinnevely - water supply
generally suff. for irrigation.

Standing crops good.

The Nilgiris - water supply
suff. - Standing crops good.
Prospects fair.

Malabar - Prospects fair.

S. Canara - Prospects good.
