Office of the Board of Revenue
(Land Revenue)
Madras, dated 5th November 1898

Read endorsement of E.D.M. Hooper Esqr. Aq: Conservator of Forests, Northern Circle, dated 16th June 1898, R.C. No. 1942, forwarding the following letter from Muhammad Raza Khan Esqr, Aq: Collector of Kurnool, dated 7th June 1898. Ref. sub No: 1573

In para 13 of the inspection note embodied in Board's Proceedings Forests No. 522 dated 18th November 1896 the Conservator, Northern Circle thinks that it would be advantageous to buy out the pattadars whose lands cause the irregular boundary of the Gadidemadugu Reserve. I have therefore the honor to forward herewith a draft notification, area statement and sketch map of the Gadidemadugu extension No 1 under Section 4 of the Forest Act (V of 1882) for favor of approval and publication in the Fort Saint George Gazette.

2. This extension is necessary to take up the unsurveyed field No 587 of

of Gadidemadipa because the positions of its Sub-Divisions are indefinite and shifting; when final demarkation of the reserve was undertaken, the fields as surveyed at the time of forest Settlement could not be found and a fresh survey was necessary, the original and the revised plans differ materially from the fact that fields I and L were not claimed at Settlement and it is therefore doubtful if their position is correct. It will be redetermined by Forest Settlement. If the present position of these Sub-Divisions is found to be correct; it will be ~~practicable~~ advisable to acquire them as the Tahsildar reports that Rs 4000/- should cover the cost of them and it is worth that sum to ensure a proper maintenance of the boundary of the Reserve.

And also the following reference thereon dated 16th July 1898. No 298 (Forest)

The Board observes that instead of acquiring the patta lands referred to and notifying the extent of land comprising them as an extension of the main reserve, with a view to improve its boundary, the same object may be gained by taking the boundary line from the N.E. corner of 587/R to the angle N.W. of the western-most point of S.No 370. This proposal will involve the exclusion of some 250 acres from the main reserve and the Collector is requested to report if he has any objection to this course.

Read also the following endorsement of E.D.M. Hooper Esq. Ag. Conservator of Forests, Northern Circle, dated 18 October 1898, Rb. No 775.

Forwarded the Proceedings have not been received in this Office.

Also the following letter from Muhammad Raza Khan Esq. Collector of Kurnool, dated 7th September 1898, Rb No 1573 of 96-97.

With reference to Board's Proceedings Forest Rep. No 298 dated 16 July 1898 I have the honor to state that I have no objection to the exclusion of the small area proposed by the Board and to forward herewith a draft notification under section 24 of the Forest Act for its disafforestation

disafforestation.

Front Reference No. 421 dated 5 November 1898.

In para 13 of his Inspection Report on the Kurnool District forests reviewed in Board's Proceedings No. 522 dated 18 November 1896, Mr. Peet, the late Conservator of Forests, Northern Circle in commenting on the irregular boundary of the Gadidemadugu reserve notified under Section 16 — Vide G.O. No. 224 Revenue dated 21st March 1890 suggested to the Collector the desirability of purchasing the patta lands which caused the irregularity. In the first of the letters read above, the Collector accordingly submitted a draft notification under Section 4 of the Forest Act for reserving the area comprising the patta fields with a view to their acquisition during the Settlement; but the Board considered that interference with these private lands might be avoided and the boundary line secured by excluding the portion of the main reserve lying South of the line joining the North east corner of S. No. 587 R of Gadidemadugu and the angle north west of the westernmost point of D. No. 370 of the same village. The Collector who was asked to report on the proposal now states that he has no objection to it and submits a draft notification for the disafforestation of the area in question which will be forwarded to Government for approval and publication in the Fort Saint George Gazette.
