MEMORANDUM.

Dated Madras, 2nd November 1897.

The Superintending Engineer V Circle, having reported that the estimate for constructing a Ryots' shed, Latrine and compound wall with gates to the new Taluk office at Chidambaram, South Arcot district, was transmitted through the Collector of South Arcot on the 19th June 1897, the undersigned has the honour to request that steps may be taken to expedite its submission to Government.

Ag. Secretary

1898
REVENUE DEPT.
Encl. No. 5
Cor. No. 7077

P. W. 415
[1,000-14-7-97]

To
The Revenue Department.

Office of the Board of Revenue
(Land Revenue)

Madras, dated 18th October 1898.

Read the following papers:-

- (1). Endorsement of Government, Revenue Department, No. 2073, dated 11th November 1897; and reference thereon dated 16th November 1897.
- (2). Also letter from L.M. Wynch Esq., Ag. Collector of South Arcot, No. 2504/Ver., dated 9th December 1897; and reference thereon No. 87, dated 28th January 1898.
- (3). Also letter from the same officer, Disposal No. 197/V.D., dated 22nd September 1898.

Reference No. 1172 dated 18th October 1898.

The plans and estimates received from the Collector of South Arcot for the marginally noted additions to be made -

(1) A Ryots' shed	to the new Taluk Cutcherry at
(2) A roofed latrine	Chidambaram, will be submitted
(3) Compound walls with gates.	to Government with reference

to its endorsement No. 2073 dated 11th November 1897.

2. In his letter dated 9th December 1897 No. 2504/Ver., the Collector while forwarding the plans and estimates explained - that the delay in their submission was chiefly due to the correspondence that had passed between himself and the Head Assistant Collector as to the site for the ryots' shed. The Head Assistant Collector objected to the site selected by the Tahsildar and the Executive Engineer on the ground that it was too close to a well - used for drinking purpose, and largely resorted to by women. He therefore suggested that the portion of the ground marked X HYJ in blue pencil in the sketch forwarded by the Superintending Engineer might be acquired for the purpose and estimated the cost of acquisition at Rs. 1,276. In answer to a further reference in the matter the Collector has reported to the Board that the acquisition of so costly a site for the shed is not absolutely necessary although it would be a great improvement to the Taluk Cutcherry. Mr. Wynch accordingly proposes that the ryots' shed should be erected on the site marked

MNOP in black lead pencil in the Superintending Engineer's sketch. He -
 also states that there is no objection to the substitution of a movable
~~tatti~~ tatti latrine for the roofed building provided in the estimate, --
 and that if necessary a mud wall with tiled coping may be substituted
 for the masonry structure originally proposed. The Board approves of --
 these suggested alterations, but considers that a masonry wall, the cost
 of which is estimated at only Rs. 1170, will be much more in keeping with
 the building than an unsightly mud wall. With these remarks the estimates
 will be submitted to Government with the request that orders may be --
 issued in the Public Works Department for their revision and the exe-
 cution of the work at an early date.

REVENUE DEPARTMENT.

C No. 7177 of 1898

From the Board of Rev. (Land Rev.)

Ref no 1172 Dated 18 -- -- 1898.

FOR ORDERS.

The Board of Revenue
 Submits plans and estimates
 for the construction of the
 following outbuildings for
 the Taluk office at Chidam-
 baram.

	Estimated cost Rs.
1. a Ryoti shed -	1170
2. a Roofed latrine	710
3. Compound wall with gate	1170
Total	3,050

(1) In the revised estimate
 for the taluk office at this
 station sanctioned in G.O.
 2546 W & 7-10-93 provision
 was made for a ryoti shed,
 but ^{this} was cut out by Govt
 as it was not one of the
 outbuildings admissible
 under G.O. 1409 W & 28-5-89.
 But under G.O. 3358 W
 23-11-96 ryoti
 shed

Holy by the
 Chief Engineer.

G.

FOR ORDERS.

Sheds are now allowed in places where Collectors are satisfied that they are necessary. Three different sites were selected for the rept's shed at Chidambaram. One of them selected by the Tahsildar and the Executive Engineer was outside the compound of the Taluk office and was rejected by the Head Asst Collector as being too near a well used for drinking purposes and largely resorted to by women. The second site marked in blue chalk in the sketch was suggested by him and it is a private property. This was given up by the Collector as it had to be acquired at a cost of Rs 1276, ^{although} ~~therefore~~ in his opinion it would be a great improvement to the Taluk Cutchery. The third site was selected by the Collector himself (marked in pencil on the plan) and it lies within the compound. The Board approves this site.

(2) With regard to the latrine, the collector Mr. W. J. S. states that there is no objection to the substitution of a movable latrine for the roofed building provided in the estimate, and that, if necessary, a mud wall with tiled coping may be substituted for the masonry structure. The Board approves of this alteration, but considers that a masonry wall at an estimated cost of Rs 1170 will be much more in keeping with the building than an unsightly mud wall.

(3) The compound wall provided in the estimate is a masonry wall and it is composed of 3 ft measuring 195 ft, 160 ft and 12 feet respectively to fit in with the already existing wall on either side of the gate of which nothing is said.

There is no objection to the construction.

of the ryots shed on the site last selected.

With regard to the latrine orders are requested as to whether the alterations suggested by the collector may be approved.

As for the compound wall orders are requested as to whether a report should be called for as to the nature of the remaining compound wall or fence.

4-11-98
The site selected by the collector for the ryots shed may be approved.

Submitted that a decent masonry latrine shd be built if any.

The additional proposed compound wall may be accepted. The local officer may be asked to have the place fenced.

Read R.P. 1172 (Cm No 777)
10-10-98

P.O. misc No 4523/19th Nov 1898.
The proposed

Construction of a ryots shed latrine & compound wall for the Taluk office at Chidambaram is approved: the proposed suggestion to substitute a tiled latrine for the roofed one & a mud wall with tiled coping for the masonry wall provided in the estimate does not commend itself to the Govt.

2. The estimates with it forwarded to the P.W. for scrutiny & sanction.
