Estimate of Rs. 1,870 for erecting a plain wire fence round the compound of the
in the Salem district, sanctioned with remarks.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 13th February 1898, No. 80/W.

Adverting to G.O., No. 2685 W., dated 21st September 1896, I have the honour to submit herewith, for sanction of Government, a plan and an estimate amounting to Rs. 1,800 for putting up a plain wire fence.

I also enclose a statement prepared in communication with the Collector showing the distribution of the cost between the various departments based on the plinth area of the buildings belonging to each.

From A. H. GARRETT, Esq., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 10th July 1898, No. 368/W.

I have the honour to resubmit the estimate returned with your No. 2409 C., dated 6th May 1898, together with an estimate for a mud wall and tiled coping.

2. In the latter estimate the Executive Engineer has not allowed for gates. The cost of wooden gates may be put down at Rs. 80, so that by having a mud wall instead of an iron fence there would be a saving of Rs. 440.

3. When good earth is obtainable I much prefer a mud wall to a wire fence. The latter gets out of order in a very short space of time and requires constant attention.

4. In the present case, however, it has to be remembered that 1,320 running feet of wire fencing have already been purchased as explained in the report.

Note by the Chief Engineer, Public Works Department.

In the revised estimate of Rs. 45,000 sanctioned in G.O., No. 1299 W., dated 22nd April 1896, for the construction of a first-class taluk office at Tiruppattūr in the Salem district, a provision of Rs. 770 was made for a plain wire fence round the building with a gate. On a representation by the Collector and the Board of Revenue that a wire fence might be erected so as to enclose the taluk cutcherry as well as the other public offices within the compound, orders were issued for the submission of the necessary plan and estimate (vide G.O., No. 2685 W., dated 21st September 1896). With his letter No. 80 W., dated 13th February 1898, the Superintending Engineer, IV Circle, accordingly submitted an estimate of Rs. 1,800 for the work. The Superintending Engineer was then directed to submit an alternative estimate for a mud wall with tiled coping. This estimate has now been received, and amounts to Rs. 1,360.

2. As it is reported that 1,320 feet of wire fencing has already been purchased, the estimate of Rs. 1,800 is recommended for sanction with the remark that it should provide for vertical wire ties half way between each support. By this addition, the cost of the estimate will be raised to Rs. 1,870.

3. It should be noticed that the comparatively high cost of the wire fencing is due to the large number of straining pillars allowed. This is advisable, owing to the large number of angles, the fence enclosing several different buildings.

(Signed) W. B. DEWINTON,
Chief Engineer.

17th September 1898.

ORDER—No. 2765 W., dated 28th October 1898.

The estimate, amounting to Rs. 1,870, for erecting a plain wire fence round the compound containing the public offices at Tiruppattūr, in the Salem district, is sanctioned in lieu of the provision of Rs. 770 made for the work in the estimate of Rs. 45,000 sanctioned in G.O., No. 1299 W., dated 22nd April 1896, for a first-class taluk office. The latter estimate will thus be raised to Rs. 46,100.

2. Attention is drawn to the Chief Engineer's note read above.

3. This sanction has been registered as Provincial No. 77 W. of 1898-99, and classified as Civil Buildings—Original Works.

Chief Engineer.

17th September 1898.

ORDER—No. 2765 W., dated 28th October 1898.

The estimate, amounting to Rs. 1,870, for erecting a plain wire fence round the compound containing the public offices at Tiruppattūr, in the Salem district, is sanctioned in lieu of the provision of Rs. 770 made for the work in the estimate of Rs. 45,000 sanctioned in G.O., No. 1299 W., dated 22nd April 1896, for a first-class taluk office. The latter estimate will thus be raised to Rs. 46,100.

2. Attention is drawn to the Chief Engineer's note read above.

3. This sanction has been registered as Provincial No. 77 W. of 1898-99, and classified as Civil Buildings—Original Works.
