REVENUE BOARD OFFICE MADRAS

Proceedings of the Board of Revenue

(Separate Revenue),

Dated 11th November 1898.

Mis. No. 4459.

Read again Board's reference No.406, dated 25th June 1898, informing the Collector of South Arcot that the Superintendent of Stationery cannot supply beam scales, and requesting him to state up to what weight the scales required by him should be capable of weighing, and further what funds can be provided from the District Customs Budget for the three scales.

Read again also Board's reference No.881, dated 6th October 1898, requesting the General Superintendent, Public Works Stores and Workshops, to state the cost at which he can supply 3 pairs of beam scales with weights.

Read also letter from H.A.Moss Esquire, General Superintendent, Public Works Workshops, Madras, No.16/B.S.R, dated 31st October 1898, informing the Board that the three pairs of beam scales with three sets of weights to weigh one Hundredweight can be supplied for about Rupees 294 (two hundred and ninety four).

Resolution.

The Collector of South Arcot requests the supply of three pairs of beam scales with weights for the frontier Sayer stations of Kandappachavadi, Karadikuppam and Valdavur, as the small spring scales now in use are reported to be quite unsuited for weighing purposes. The General Superintendent, Public Works Workshops states that three pairs of beam scales with three sets of weights to weigh upto one Cwt. can be supplied for Rs.294. But Messrs Oakes and Co. offer to supply three sets of Avery's beam scales of the same dimension with weights at a cost of Rs.254-4-0. As the Avery's beam scales which Messrs Oakes and Co.can supply at a lower price are of European manufacture, the Board begs to request the sanction of Government for their purchase. A provision of Rs.250 for office scales and weights has been made in the current year's budget estimate of charges under 9.B.Land Customs. Page 140 of B.B. 300 30-9-98

The excess amount of Rs.4-4-0 can be met from Contingencies under the same head.
