XXIX—MAJOR WORKS.					
(1) Gôdâvari Delta.					
Irrigation revenue	30,37,567	30,25,000	32,25,000	32,25,000	The increase in the actuals (Rs. 29,10,921) as compared with the sanctioned estimate for 1897-98 (Rs. 27,17,000) is due to an unforeseen increase of about 40,000 acres under second-crop cultivation which is attributed mainly to the rise in prices. The increase in the revised and the budget estimates is due to the expectation that owing to the stationary condition of prices the second-crop cultivation will not fall off and that the re-settlement of the district will be introduced during the current year 1898-99 (fashi 1398).
