SUBJECT.

Kungation Subpelo: brought to notice
during H.E. the Govr's Tenth Tour:

Directing that the B^d of Revenue
be requested in the Rev. Dept to expedite
disposal of the reference regarding the
loss sustained by British Eng^g Works
by the construction of certain re-
mains by the Mysore Durbar, stating
the question of the Hindu fund
will be considered separately
calling on the S.E. III circle to
an early report on the res
Captain Ellis' investigation.

To the Board of Rev (Rev. Sett.)
Note

The P.W. draft order
was counterinitialed in the
Rev. Dept

Irrigation Branch.

Read the followings:-

In the accompanying extracts from the addresses presented to, and replies, delivered by His Excellency the Governor on his tenth tour, the following subjects are referred to :-

- Naikurula Kanama Gundlakame Ogeru tank

No. 14 Bd
1918. The further consideration of (2) the Hindupur Project was
dropped in 1888 under orders issued by Mr. Welch, then Chief Engi-
neer for Irrigation, as according to Mr. A. E. Garret's report dated

22nd March 1882 on the Project and Colonel Pennycook's Endorsement thereon, No. 327 dated 27th May 1882, the project is not likely to give such returns as would warrant its being treated as a Productive Work, whilst for a Famine Relief Work it is unsuited. Mr. Walsh thought that it is also doubtful if it would be wise to call into existence new claims on the waters of the Penner which frequently prove insufficient to meet the duties now expected of them.

In the Municipal address it is stated on the authority of the Bellary District Manual (page 235) that the scheme would yield a return of 6.19 per cent on the outlay. The information given in the Manual which was published in 1872 ^{has been} superseded by the information now on record as the result of subsequent investigations. It may be observed that Colonel Pennycook did not anticipate a return of more than 2 per cent on the cost.

His Excellency's reply that the Government is not prepared to incur any expenditure on (3) the removal of the spoil banks, disposes of the matter.

The results of Captain Ellis' investigation of (a) the three irrigation projects in the upland taluks of the Kistna District have not yet been reported.

Order thereon No. 141 J 9.2.99.

The Board of Revenue, Revenue Settlement Land Records and Agriculture, will be requested in the Revenue Department to expedite the disposal of the reference relating to the compensation to be claimed for the loss sustained by British irrigation works by the construction of certain reservoirs by the Mysore Durbar.

2. The question of the feasibility or otherwise of the Hindupur project will be considered separately.

3. The Superintending Engineer, II Circle, will submit an early report on the results of Captain Ellis' investigations of the three irrigation projects in the upland taluks of the Kistna District.
