Proceedings of a Civil Medical Board assembled at Potocamund
on the 21st day of December 1898.

29 12/11

to report on the state of health of Mr. G. Hadfield
of The Forest Department

PRESIDENT Captain J. W. Gibbard, R.A.M.C.

MEMBER Captain R. A. Elliot, I.M.S.

We do hereby certify that according to the best of our professional

INSTRUCTIONS.

With the cognizance of the head of his office, or if he is himself the head of the office, of the head of his department: the applicant must present himself with 3 copies of the statement of his case in a cover sealed by his medical attendant at the seat of the Government under which he is serving, or at such other place as may be appointed by that Government where a committee of medical officers can be assembled under the orders of the Surgeon-General. The board should see that the applicant fulfils these conditions.

Before deciding whether to grant or refuse the certificate the medical board may in a doubtful case, detain an applicant under professional observation during a period not exceeding fourteen days.

If it can be avoided, the medical attendant on a case should not be a member of the board which considers it, and under no circumstances can he sit as president. He should, however, be required to attend the board to furnish any information whenever his presence is considered necessary.

The medical board, after a careful examination of the case, and consideration of the medical attendant's statement of the case, will record in the proceedings as follows:—

- Whether change of climate in or out of India is necessary.
- The period of absence recommended in or out of India, care being taken that leave in excess of the period to which the sick officer is entitled by regulations is not recommended.
- In the case of an officer requiring furlough or leave of absence owing to illness caused directly by intemperance, the medical board, whilst recording their opinion, will confine their recommendation to the officer appearing periodically before fresh boards, or to the treatment of the case as one of discipline, whichever may be deemed necessary.

In urgent cases when a medical board considers it absolutely necessary that an officer recommended for change of air, either in or out of India, should proceed in anticipation of sanction, a recommendation to that effect should be made in the proceedings.

judgment, after a careful personal examination of the case, we consider

the health of Mr. G. Hadfield

of the Forest Department service to be such as to render

leave of absence to in India from 13th December 1898

for a period of one year absolutely necessary for

his recovery.

Sir
I refer to the Board's Proceedings, Forest, No. 10 dated 9th Inst. I beg to say that I sent in an application for a year's extension of leave with a Medical Certificate direct to the Board on the 22nd of the month which apparently was not received.

The Medical Board was convened at Ootacamund at the desire of H. E. the Governor as it was impossible for me to leave Ootacamund at the time. Vide S.O. attached.

As directed the necessary addition in the Medical Certificate, for the leave to commence from the 13th December 1898 the date of the expiry of my furlough, has been made which I beg to submit herewith & shall feel obliged by my being granted the extension which I am entitled to under Article 344 (a) of the Civil Service Regulations.

I have the honor to be
