Ag. Collector of Tanjore

To The Secretary to Government,
Revenue Department.

Through the Secretary to the Commission
of Revenue Settlement, Land Records and
Agriculture, Madras.

Sir,
I have the honor to inform
you that a piece of land measuring
Acres 1.34 in Sirumangalam Village,
Mannargudi Taluk, is required for the

improvement of the drainage channel of the said village.

As it is desirable, in order to ensure to Government an indefeasible title to it, to acquire the land under the provisions of the Land Acquisition Act of 1894, I herewith forward a draft declaration under section 6 of the Act that it is needed for a public purpose and request that you will be good enough to order the same to be published in the Fort Saint George Gazette.

2. I further request the orders of Government for its acquisition.

3. The Owners of the land agree to part with the same free of Compensation. The work will be included in the detailed list of minor Irrigation works for 1899-1900 and necessary funds will be placed at the disposal of the Department of Public Works for carrying out the same.

4. In addition to the above extent, 59 acres of Government land required for the purpose will

also be transferred to the Department of Public Works free of cost. The transfer will be duly noted in the village Registers.

I have the honor to
signify C. Harimurthi Rao
for Ag. Collector

Resolution No. 7221-111
15-12-98

The collector will be informed that the draft declaration submitted by him cannot be submitted to Government for approval and publication in the Fort Saint George Gazette — before the proposed improvement to the drainage channel referred to is — approved by the Chief Engineer for Irrigation and sanctioned by the Board.

Read the following letter from —
J. Swigg Esq., Ag. Collector of Tanjore, & through the Chief Engineer for Irrigation, Tank Restoration Scheme, Madras, R.C. No. 2088 of 98 dated 16th December 1898:—

I have the honor to submit
herewith

Submit herewith an application for allotment in the prescribed form for Rs 730 for putting up banks for the surplus channel of the Minnel Eri supplied by the Vadavar in Sirumangalam village, Mammur Jodi Taluk. The work appears to be necessary. Up to this time, no regular embankment has been provided for the surplus channel and the absence of such an embankment has been repeatedly pressed on the notice of the collectors by the ryots of the village. Dewan Bahadur R. Raghunada Rao, the Chief ryot and other ryots of the village are willing to make over the land required for the embankment on both sides of the channel free of compensation and I am taking steps to formally acquire the same - vide this office letter to Government through the Board R.C. No. 2088 of 98 dated 30th November 1898.
S.R.

2. There is a saving of Rs 614 in the District allotment for minor

Irrigation works and as the Divisional officers have reported that no sums are required for monsoon damages, Rs 205- reserved for this purpose is also available vide this office letter to Board No R.C. 2905 of 97 dated 13th February 1898 disposed of in Board's Proceedings No 1893 dated 15th March 1898. The work has to be executed by the Public Works Department as professional supervision is necessary and the required funds may be placed at their disposal through the Accountant General. I request that the Board will be pleased to sanction the execution of the work by the Public Works Department during the current year. The estimate, plan &c, prepared by the Executive Engineer, Negapatam Division, are enclosed.
