SUBJECT,

Submitting to Government,
with Board's recommendation letter
from the collector of Godavari request-
ing that certain lands in the
Delta may be exempted from the
enhanced water-rate of Rs 5-
per ~~anna~~ acre as in the previous
fashis and requesting orders as
to whether this concession can
be extended to certain other
lands newly recommended
by the collector in para 2 of his letter

To the Bd. of Rev., Rev. Sett.
Sec. 2-3-99.
22/2/99.

the Secretary to Govt. Rev. Department

Irrigation budget for 1899-1900.

2. In this connection I have the honor to state that in the Ellore Taluk, besides the acres 4,212.00 of land which have had the benefit of the concession during the last three faslis an extent of 9245.39 ^{acres} similarly circumstanced and equally or rather more subject to Kollair Submersion has subsequent to Fasli 1305, been brought under occupation, probably in expectation of similar treatment being shown to them. These lands were originally taken on darkhast under a distinct stipulation that they would have to pay the enhanced rate of Rs 5 but the ryots have since presented to me petitions requesting that these lands may also be exempted from the enhanced water rate and charge only at the Rs 4 rate. I see no reason why

Revenue Department

why the concession should not be extended to these lands also, as they are in every sense similarly situated to the lands already conceded the favourable rate except that they extend further into the lake and to insist upon the payment of the Rs 5 rate will discourage the extension of such cultivation. I therefore, request that the Board will be pleased to extend the concession to these lands also as their cultivation is very risky.

Resolution

Submitted to Government with the Board's recommendation that the concession referred to in para 2 of G.O. No. 5396 Mis Revenue dated 21st October 1897 may be granted in the current fasli.

2. The Board also requests orders whether the same concession may be extended to the lands referred to in para 2 of the Collector's letter (True Copy & Extract)

Proceedings of the Board of Rev.
(Rev. Setts) No. 864 Mis. d. 9.2.99
— Cus. 1081/99.

To Under Secretary.

In G.O. No. 1080 Mis. d. 17.3.96
the Govt. authorised as a temporary
measure the exemption from the
enhanced water-rate of Rs. 5 per
acre of 57,008 acres in the Goda-
vari district, which in the
opinion of the then Collector of
Godavari were unable to bear
the enhancement owing to
poverty of soil, insufficient
irrigation or defective drainage.
The above exemption was
continued in fasli 1306 (1896-97)
and 1307 (1897-98) under G.O.
Nos. 270 4.1.97 and 539 6.2.10.97
respectively, pending the re-
settlement of the district.
As the district will not be
re-settled in the current fasli,
the Collector of Godavari requests
that the concession of the favour-
able rate of Rs. 4 per acre may
be

x The paper is put up with the
Godavari resettlement file -
please see, however, para 121 of
Mr. Davidson's note (a copy of
which is submitted).

be extended to the present fasli also. The Board supports the Collector's recommendation which, it is submitted, may be approved. Attention is in this connection invited to G.O. No. 4965 dated 15.12.98 in which the exemption from the enhanced rate was sanctioned for fasli 1308 in the case of the similarly situated lands in the Krishna ~~district~~ district.

2. The Collector of Godavari at the same time states that, in the Ellore taluk, besides the extent of 4212 acres which has had the benefit of the exemption from the enhanced rate during the last three faslis (1305-7), an area of 9245.39 acres similarly situated and equally or rather more subject to Kollair submersion, has been brought under occupation subsequent to fasli 1305. The Collector, while pointing out that the lands newly brought under occupation were take

darkhast under a distinct stipulation that they would have to pay the higher rate of Rs. 5, states that he has received petitions requesting that they may be charged only the lower rate. The Collector recommends that the concession of the lower rate may be extended to the lands in question, inasmuch as they are in every sense similarly situated to the lands in the same taluk which already enjoy the benefit of the lower rate except that they extend further into the lake and as their cultivation is very risky. The Board submit the Collector's recommendation for the orders of Govt.

Pt

Secy

Any suggestion of an existing concern may lead to further difficulties; submitted that it was refused. The Board does not support it and submit the matter for the Govt.

17/1/99
H.M. There is no doubt some change

of difficulty, but as Mr.
Laps there is really no
difference of advantage in respect
of the darkhasted lands they
may enjoy the ~~the~~ rate
pending the settle^{mt} of the final
rates
