to submit an amended notification of disafforestation for the areas within Bakkapuram, Kalkatti Singara and Kullar Reserves as directed in para 3.

2. As regards Craignore it is found that Sett. No. F 296 is still a patta land and consequently not included in the remark column of the original or revised notifications. It however, it does not seem to have been admitted as an enclosure at the time of Craignore Forest Settlement

With reference to the remark in para 4(i) of the B.P. 411 dt 26.9.98 in G.O. 4989 mis 16.12.98.

settlement and has been occupied by the Puttadar without interference ever since, an addition has now been made to the revised notification of disafforestation whereby the putta land will become an enclosure to Craigmore Reserve as it seems to have been all along.

3. "No 82 (part of Terrace Estate) which was admitted and shown on the map as an enclosure to the Nilgiri Peak Reserve, is the field number in accordance with the old Nad plan used by the Forest Settlement officer and number 214 is the settlement number of the same field as per village plan now in use. It therefore needs no correction.

4. The enclosures received are herewith returned.
