## Proceedings of the Board of Revenue

(Separate Revenue),

Dated 26th January

1899.

Mis No. 345.

*MS 1/2*

Read letter from W A Fowler Esquire, Deputy Commissioner, Southern Division, No.5492, dated 9th December 1898, bringing to the notice of the Board a number of discrepancies in the accounts regarding the stock of salt in the gollahs of the Calicut Sub-Division traced out by Mr. Sherman, and recommending that his request to adjust the accounts from the figures now given may be granted.

Resolution:-

The Board has received a report from the Deputy Commissioner, Southern Division, in which he brings to its notice a number of discrepancies stated to exist in the stock accounts of the Udipi, Mangalore, Tellicherry, Calicut and Ponnani Circles of the Calicut Sub-Division. It appears therefrom that when verifying the stock of salt in the West Coast gollahs in 1895, Acting Assistant Commissioner Mr. Sherman noticed certain discrepancies between the accounts and the actual stock; that in addition to bringing the matter to the

notice of the Deputy Commissioner, about the middle of May of that year, he instructed the Inspectors concerned to carefully scrutinize the accounts and report the result; that nothing further was heard from the Assistant Commissioner on the subject till August 1897, when he reported to the Deputy Commissioner that the Inspectors were unable to trace the discrepancies and requested that officer to obtain the Board's sanction for adopting as the stock in the Circle and Sub-Divisional accounts current the actual quantity then in store at the gollahs, but <sup>that</sup> the Deputy Commissioner declined to accept the Assistant Commissioner's suggestion and insisted on the causes of the discrepancies being traced. The report read above is the result of the further scrutiny made under the Deputy Commissioner's instructions and the Deputy Commissioner now requests sanction for making the <sup>following</sup> adjustments in the accounts:-

|                                                                                            |  |     |       |

2. The Board cannot accept the proposal which involves the acceptance of a number of glaring discrepancies which are most insufficiently explained. It considers that the accounts should be thoroughly overhauled. At the same time, the labour of correcting the discrepancies which extend back over a period of ten years or more

is such that the Board thinks it is both unfair to ask the present Circle officers to undertake it at the same time that they are (as past experience shows) likely to be unable, in the press of current work, to arrive at any satisfactory result. It therefore proposes, with Government's approval, to put an Assistant Inspector on special duty for the work. The officer it would select is M.R.R.C. Krishna Menon, at present the Head clerk of the Calicut Assistant Commissioner's office, and lately an Acting Assistant Inspector in the Udipi Circle. It accordingly requests the sanction of Government to his deputation to this special duty for a period of three months.

The entries in the column of "Present Scale" have been compared with the Registers of this office, and are correct with the exception of the items altered in red ink.

The proposed increase is within the sanctioning powers of the Local Government.

As the pay of the officer who is to hold the proposed temporary appointment is Rs 70, the proper course would be to grant him a deputation allowance not exceeding  $\frac{1}{2}$  of his salary. To create a temporary appointment for him on Rs 125 is inadmissible.
