He also submits an estimate of Rs. 112-8-0 for line clearances. It is stated that this expenditure is necessitated by the inefficiency of the village staff and the difficulty of keeping the survey stones clear of prickly pear. Mr. Campbell adds that large areas of ~~conceded~~ ^{have} cultivation have been discovered in Kamalapur and Gudikota in the Hospet and Kudligi Taluks respectively and that the services of a surveyor are essential in order to secure the prompt ^{and accurate} determination of the actual encroachments in these cases. The Superintendent, Revenue Survey, No. II Division ~~concur~~ concurs in the Collector's proposal.

2. In these circumstances the Board recommends that the estimate for line-clearing viz. Rs. 112-8-0 as well as the entertainment of the temporary establishment at a cost of Rs. 276 may be sanctioned. The former charge can be met from the reserve under petty repairs to buildings-sub-divisional establishments and the latter from the reserve of Rs. 1435 at the disposal of the Board (Vide item 56 of the appendix E to Board's Proceedings No. 262, dated 30th September 1898).

3. The Collector is requested to forward a proposition statement for submission to Government.
