OCTOBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 4 of the Madras Forest Act for the constitution of the Mangálam South Extension (A and B) blocks, in the Tiruppattúr taluk, Salem district, as reserved forests.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

The Hon'ble Mr. J. STURROCK, I.C.S.

READ—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 2nd October 1899, No. 37 B. & G.—For. :—

I have the honour to submit draft notification under section 4 of the Forest Act for the Mangalam South Extension block No. 193 in the Tiruppattúr taluk of this district.

2. The usual statement of area and condition, the statement of villagewar statistics, the certificate prescribed in Board's Proceedings, No. 296, dated 26th April 1893, and a map copied from a Survey of India tracing are enclosed.

3. This is one of the blocks in the Tiruppattúr taluk, the reservation of which was approved in Government Order, No. 577, Revenue, dated 6th October 1898. This block is situated on the outer steep slopes of the Yelagiris and it is in the interest of cultivation in the plains that the slopes should be reserved. If the block was abandoned, its denudation will be a matter of not many years to be followed by the washing away of the surface soil on the steep slopes which would effectually prevent any cultivation at the foot of the hills.

ENCLOSURE No. 1.

Certificate.

Certified that Mangalam South Extension (Nos. I and II bits) in Tiruppattúr taluk, in the Salem district, was selected after a personal inspection by M.R.Ry. T. Bapu Rao, Forest Ranger, in 1892–93, boundaries perambulated by him and late Ranger Jambunatha Sastri in 1894–95 and preliminarily demarcated by Jambunatha Sastri in 1894–95 and that the block was inspected by the Extra Assistant Conservator Mr. Rama Rao on 23rd and 24th August 1897 and demarcation checked by him on 23rd and 24th August 1897 and 9th and 10th October 1898.

(Signed) C. E. BRASIER,
District Forest-officer.

RESOLUTION—Forest No. 456, dated 26th October 1899.

Submitted to Government for approval and publication of the draft notification in the *Fort St. George Gazette*.

2. The block is situated on the outer slopes of the Yelagiris and its reservation is considered desirable in the interest of cultivation in the plains.

3. The total area of the taluk as now recorded in column 3 of the statement of area and condition differs from that reported by the Collector in his letter, Dis. No. 1809, dated 2nd January 1899, disposed of in Government Order, No. 230, Revenue, dated 6th April 1899. The discrepancy should have been explained.

4. The ayakat abstract shows that the unreserved waste available to meet the requirements of the villagers of Narayanapuram and Ettikuppam is only 11 per cent. of the cultivated area. The advisability of throwing out the surveyed extent taken up from these villages should be considered at settlement.

with notifications (one original and two printed)
and a sketch-map to be returned.

Reserved forests

The draft notification

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 456, dated 26th October 1899 :—

The Hon'ble Mr. J. Sturrock, I.C.S.

Read—the following letter from R. B. CLEGG, Esq., Acting Collector and District Magistrate of Salem, to the Secretary to the Commissioners of Land Revenue (through the Conservator of Forests, Central Circle), dated 2nd October 1899, No. 37 B. & G.—For. :—

I have the honour to submit draft notification under section 4 of the Forest Act for the Mangalam South Extension block No. 193 in the Tiruppattúr taluk of this district.

2. The usual statement of area and condition, the statement of villagewar statistics, the certificate prescribed in Board's Proceedings, No. 296, dated 26th April 1893, and a map copied from a Survey of India tracing are enclosed.

3. This is one of the blocks in the Tiruppattúr taluk, the reservation of which was approved in Government Order, No. 577, Revenue, dated 6th October 1898. This block is situated on the outer steep slopes of the Yelagiris and it is in the interest of cultivation in the plains that the slopes should be reserved. If the block was abandoned, its denudation will be a matter of not many years to be followed by the washing away of the surface soil on the steep slopes which would effectually prevent any cultivation at the foot of the hills.

Enclosure No. 1.

Certificate.

Certified that Mangalam South Extension (Nos. I and II bits) in Tiruppattúr taluk, in the ... selected after a personal inspection by M.R.Ry. T. Resolution—Forest No. 456, dated 26th October 1899.

Submitted to Government for approval and publication of the draft notification in the *Fort St. George Gazette*.

2. The block is situated on the outer slopes of the Yelagiris and its reservation is considered desirable in the interest of cultivation in the plains.

3. The total area of the taluk as now recorded in column 3 of the statement of area and condition differs from that reported by the Collector in his letter, Dis. No. 1809, dated 2nd January 1899, disposed of in Government Order, No. 230, Revenue, dated 6th April 1899. The discrepancy should have been explained.

4. The ayakat abstract shows that the unreserved waste available to meet the requirements of the villagers of Narayanapuram and Ettikuppam is only 11 per cent. of the cultivated area. The advisability of throwing out the surveyed extent taken up from these villages should be considered at settlement.
