ded the Dasabhandam inam described in the margin with the remark that the inam was resumed as the dasabhandamdars had failed to -- execute the necessary repairs to the tank according to the plan -- and estimate prepared by the Tank Restoration Scheme Party in --- March 1895. This estimate which amounted to Rs. 130 was subsequent- ly revised and the necessary repairs were executed in 1898 by the Public Works Department at a reduced cost of Rs. 74. In February -- 1899 the inamdars presented a petition to the Collector in which they expressed their willingness to repay the amount spent on the tank by Government and requested that the order of resumption --- might be cancelled and the inam restored to them. They pleaded that they had declined to execute repairs to the tank according to --- the original estimate as it provided for works which were not --- necessary. The Executive Engineer whose remarks on the case were - invited stated that the original estimate of Rs. 130 was in fact - needlessly extravagant and considered that the petitioners' re--- quest might be complied with. The inamdars were accordingly direct- ed to repay the smaller amount (Rs. 74) and they have done so. The Collector now recommends that the order of resumption may be can- celled and the inam restored to the petitioners. The Board supports this recommendation and submits it for the sanction of Government.

Submitted for orders
as to whether the order of
resumption passed appar-
ently during the second
half of 1897 may be recon-
sidered now. In G.O. 3647 M.
& 16.10.99, it was held that
an order of resumption
should not be reconsidered
if a considerable period
more than three years, had
elapsed since the inam
was resumed for non-per-
formance of the conditions
of the grant.

In the present case, the
reasons given may, it is
submitted, be accepted as
sufficient for reconsidering
the order. The inamdars appear to have repaid
the amount spent by Govt. on the repair
of the tank.

the Collector of North Arcot included the Dasabhandam inam described in the margin with the remark that the inam was resumed as the dasabhandamdars had failed to execute the necessary repairs to the tank according to the plan and estimate prepared by the Tank Restoration Scheme Party in March 1895. This estimate, which amounted to Rs. 130, was subsequently revised and the necessary repairs were executed in 1898 by the Public Works Department at a reduced cost of Rs. 74. In February 1899 the inamdars presented a petition to the Collector in which they expressed their willingness to repay the amount spent on the tank by Government and requested that the order of resumption might be cancelled and the inam restored to them. They pleaded that they had declined to execute repairs to the tank according to the original estimate as it provided for works which were not necessary. The Executive Engineer, whose remarks on the case were invited, stated that the original estimate of Rs. 130 was in fact needlessly extravagant and considered that the petitioner's request might be complied with. The inamdars were accordingly directed to repay the smaller amount (Rs. 74) and they have done so. The Collector now recommends that the order of resumption may be cancelled and the inam restored to the petitioners. The Board supports this recommendation and submits it for the sanction of Government.

2. The Collector will be requested to see that in future when estimates for repairs of tanks are furnished to inamdars a limit of time is also fixed within which the inamdars should either begin the repairs according to the estimate or intimate to the Collector any objections thereto on their part.
