## NOVEMBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Mulliar block, in the Kasaragód taluk, South Canara district, as a reserved forest.

# PROCEEDINGS OF THE BOARD OF REVENUE

## (LAND REVENUE).

The Hon'ble Mr. J. STURROCK, I.C.S.

READ—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara, dated Camp, Mangalore, 6th September 1899, Dis. No 16-F.S.:—

I have the honour to announce the completion of settlement of block No. 83, Mulliar, in the Kasaragód taluk of your district.

2. This block was notified under section 4 in the *Fort St. George Gazette*, dated 24th November 1896, and the proclamation under section 6 was issued by me on 28th January 1897, being published in the District Gazette, dated 3rd April 1897. Spare copies of the proclamation were served on the persons interested through the Tahsildar concerned by the 18th June of the same year.

3. I perambulated the block in May last and received and disposed of the thirty-seven claims received against it, the last one being disposed of on 31st July last.

4. No appeals were preferred against any of my orders and the period for the presentation of any such has now expired. The block is therefore free of all rights except those mentioned in the draft notification herewith submitted (enclosure No. 1).

5. The boundary as notified under section 4 has not been exceeded at any point in that now proposed to be notified.

6. As regards the number of claims which you will notice is rather above the average, I do not think it denotes that the reservation imposes any particular hardship on the owners of lands adjoining the forest; as will be seen, most of the claims were admitted or the lands claimed excluded at the request of the District Forest-officer, whereas in claims Nos. 13, 18 and 19 the ownership was not actually proven. The excessive number therefore may, I think, be put down to careless demarcation by the Forest subordinates.

7. I submit herewith the following records of settlement:—

(1) Draft notification under section 16;
(2) B. Register;
(3) Statement of claims;
(4) Sketch map;

8. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

The claim to kumaki is rejected, because sufficient kumaki has already been excluded by the reserve boundary at the cairns mentioned, which locality I inspected on the 12th instant. The contention of the District Forest-officer does not appear to be correct from the evidence.<br>2. The claim to the path is admitted to a width of six feet for men and cattle. | 30-A / 29 | Karacheri Kunhi Raman, nephew of Ukkoma of Mulliar. | 19th May 1899. | Kumaki for wargs Nos. 26, 36 and 38 of Mulliar village. | .... | Not contested. Proposed to come to an agreement with claimant. | The claim is admitted, and in satisfaction of this claim in accordance with the agreement made by the ranger in charge of the District Forest-office with this claimant and two other part proprietors of warg No. 26, the portion of the reserve to the west of a line joining cairns Nos. 157 and 164 will be excluded from the reserve and left as kumaki for wargs Nos. 26, 36 and 38 of Mulliar village.<br>(Signed) H. | 31-A / 30 | Kantur Rama, nephew of Rama of Mulliar. | Do. | Claims a darkhast land known as Koratikundu, a portion of muli warg No. 117 of Mulliar included within the reserve. | 1. Produced chitta for the land. The boundaries could not, however, be identified except the northern one which was a "honda" (dip).<br>2. Cites a witness whose evidence was dead against the land called Koratikundu being within the reserve.<br>3. The potail stated that he did not know the land but that he was collecting revenue on land called "Koratikundu." | .. | On the chitta northern boundary identified and on the statement of the forest guard accompanying me on perambulation, he showing me the land claimed and saying it belonged to claimant, I find that the land within the reserve between cairns Nos. 32 and 33 is the land claimed by the claimant. I therefore admit the claim and since the southern boundary of the garden is only some twenty yards within the reserve. I order that, subject to the approval of the District Forest-officer, the garden known as "Koratikundu" be excluded from the reserve by an alteration of the reserve boundary. The land is not entitled to kumaki.<br>(Signed) H. S. MULLINS,<br>Special Forest Sett.-officer,<br>Malabar and South Canara.<br>ADUR,<br>23rd May 1899. |
| 32-A / 31 | Krishnan Nair, potail of Mulliar. | 25th May 1899. | Brings to notice the existence of a bandy-track from Mulliar to Hiriyannadka within the reserve on behalf of the public. | The existence of the path. | Not contested .. | The claim is admitted. The bandy-track will be provided for by widening the Mulliar-Vombemule foot-path (P.R.W. No. II above) to a width of ten feet for men, cattle and carts to the point where that path crosses the Hiriyannadka cart-track (P.R.W. No. 1).<br>(Signed) H. S. | 5-A / 32 | Puklone Kora, nephew of P. Kannan of Mulliar. | 14th June 1897. | Claims proprietary right to portions of muli warg No. 53, Mundakullumule and Mungli said to be within the reserve. | Produced patta to show that Mungli belonged to him. | Contested. The forest guard states that he knows the land and that it lies outside the reserve. | Since the claimant has taken no steps to prove that his land lies inside the reserve, though given a month to do so, it is concluded that the forest guard's statement that he knows the land and that it lies outside the reserve is correct. The claim is therefore dismissed.<br>(Signed) H. S. MULLINS,<br>Special Forest Sett.-officer,<br>GOLITATTU, Malabar and South Canara.<br>20th June 1899. |
| 33-A / 33 | The District Forest-officer, South Canara. | 28th June 1899. | Claims, on behalf of the public, the following foot-paths :—<br>(1) For men and cattle from Dodda to Sanna Kuttinna.<br>(2) For men and cattle from Sanna Kuttinna to Ari.<br>(3) For men and cattle from Chettetodu to Kolikaya.<br>(4) For men and cattle from Kolikaya to Miniangala.<br>(5) For men and cattle from Miniangala to Chamblangaya.<br>(6) For men only from Kundukanda to Mundakadu.<br>(7) For men only from Kamankote to Hiriyannadka.<br>(8) For men and cattle from Bellipade to Hirriyannadka.<br>(9) For men and cattle from Mulliar to Tiadka. | .... | .... | The paths claimed are admitted as follows :—<br>(1) Dodda Kuttinna-Sanna Kuttinna foot-path to a width of six feet for men and cattle; enters the reserve on the north side of cairn No. 103, passes through it south-east along the river bank about one hundred and ten yards and quits it on the north side of cairn No. 102. ### Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Mulliar block, in the Kasaragód taluk, as a —, ordered to be published in the Fort St. George and the South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 465, dated 1st November 1899:—

The Hon'ble Mr. J. Sturrock, I.C.S.

*Read*—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara, dated Camp, Mangalore, 6th September 1899, Dis. No 16-F.S.:—

I have the honour to announce the completion of settlement of block No. 83, Mulliar, in the Kasaragód taluk of your district.

2. This block was notified under section 4 in the *Fort St. George Gazette*, dated 24th November 1896, and the proclamation under section 6 was issued by me on 28th January 1897, being published in the District Gazette, dated 3rd April 1897. Spare copies of the proclamation were served on the persons interested through the Tahsildar concerned by the 18th June of the same year.

3. I perambulated the block in May last and received and disposed of the thirty-seven claims received against it, the last one being disposed of on 31st July last.

4. No appeals were preferred against any of my orders and the period for the presentation of any such has now expired. The block is therefore free of all rights except those mentioned in the draft notification herewith submitted (enclosure No. 1).

5. The boundary as notified under section 4 has not been exceeded at any point in that now proposed to be notified.

6. As regards the number of claims which you will notice is rather above the average, I do not think it denotes that the reservation imposes any particular hardship on the owners of lands adjoining the forest; as will be seen, most of the claims were admitted or the lands claimed excluded at the request of the District Forest-officer, whereas in claims Nos. 13, 18 and 19 the ownership was not actually proven. The excessive number therefore may, I think, be put down to careless demarcation by the Forest subordinates.

7. I submit herewith the following records of settlement:—

(1) Draft notification under section 16;
(2) B. Register;
(3) Statement of claims;
(4) Sketch map;

8. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

Enclosure No. 1.

Right of entry into the reserve for the deepening of the tank and repair of the channel will be by the bed of the channel and with material taken from within the limits proposed for the beds of each from October to December yearly.<br>(Signed) H. Proposed to come to an agreement with claimant. | The claim is admitted, and in satisfaction of this claim in accordance with the agreement made by the ranger in charge of the District Forest-office with this claimant and two other part proprietors of warg No. 26, the portion of the reserve to the west of a line joining cairns Nos. 157 and 164 will be excluded from the reserve and left as kumaki for wargs Nos. 26, 36 and 38 of Mulliar village.<br>(Signed) H. | 31-A.<br>30 | Kantur Rama, nephew of Rama of Mulliar. | Do. | Claims a darkhast land known as Koratikundu, a portion of muli warg No. 117 of Mulliar included within the reserve. | 1. Produced chitta for the land. The boundaries could not, however, be identified except the northern one which was a "honda" (dip).<br>2. Cites a witness whose evidence was dead against the land called Koratikundu being within the reserve.<br>3. The potail stated that he did not know the land but that he was collecting revenue on land called "Koratikundu." | .... | On the chitta northern boundary identified and on the statement of the forest guard accompanying me on perambulation, he showing me the land claimed and saying it belonged to claimant, I find that the land within the reserve between cairns Nos. 32 and 33 is the land claimed by the claimant. I therefore admit the claim and since the southern boundary of the garden is only some twenty yards within the reserve. I order that, subject to the approval of the District Forest-officer, the garden known as "Koratikundu" be excluded from the reserve by an alteration of the reserve boundary. The land is not entitled to kumaki.<br>(Signed) H. S. MULLINS,<br>Special Forest Sett.-officer,<br>Malabar and South Canara.<br>Adur,<br>23rd May 1899. |

The bandy-track will be provided for by widening the Mulliar-Vombemule foot-path (P.R.W. No. II above) to a width of ten feet for men, cattle and carts to the point whether that path crosses the Hiriyannadka cart-track (P.R.W. No. 1).<br>(Signed) H.S. Kannan of Mulliar. | 14th June 1897. | Claims proprietary right to portions of muli warg No. 53, Mundakallumule and Mungli said to be within the reserve. | Produced patta to show that Mungli belonged to him. | Contested. The forest guard states that he knows the land and that it lies outside the reserve. | Since the claimant has taken no steps to prove that his land lies inside the reserve, though given a month to do so, it is concluded that the forest guard's statement that he knows the land and that it lies outside the reserve is correct. The claim is therefore dismissed.<br>(Signed) H. S. MULLINS,<br>Golitattu, Special Forest Sett.-officer,<br>20th June 1899. Malabar and South Canara. |
