SEPTEMBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Doddinamane block in the Coondapoor taluk, South Canara district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

The Hon'ble Mr. J. STURROCK, I.C.S.

READ—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 219, dated 27th March 1899:—

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara dated Camp, Mudradi, 30th January 1899 Dis. No. 1-F.S.:—

I have the honour to submit the settlement records of block No. 58, Doddinamane, completed by me during last year.

2. The section 4 notification appeared in the *Fort St. George Gazette* of 31st July 1894, the Head Assistant Collector being appointed Forest Settlement-officer. This officer issued the section 6 proclamation which appeared in the *South Canara Gazette* for 22nd September 1894 and he also issued notices under that section to the holders of land situate near the block boundary.

3. One claim also was received and disposed of by him, namely, that preferred by the District Forest-officer, bringing to notice certain rights of way within the reserve, all of which he "admitted", leaving me to describe them after inspection.

4. I visited the block in December 1897 when, accompanied by the District Forest-officer, I virtually completed the settlement of all claims thereto, only three claims remaining to be disposed of when I left my camp near the reserve.

5. Of these, the first, *vide* order 22, was a case to be treated under the Land Acquisition Act and took till 12th March 1898 to dispose of; the second, order 23, was left undisposed of so as to allow the claimant time to adduce evidence in support of his claim which he failed to do until 22nd idem, and the third was a claim put in by the District Forest-officer, at my suggestion, in December 1898 and was disposed of on the 22nd of that month.

6. Though the block was to all intents and purposes completed in December 1897 and might easily have been submitted in April 1898, I was unable to submit it before this as so many minor discrepancies existed in the section 4 notification which made it quite a work of art to submit a plan showing the boundary in that notification and that in the draft notification fairly correctly. I have now given up all hope of doing so and submit the record as it is.

7. The draft notification under section 4 was, as usual, drawn up as regards distances and direction from a plan of the reserve, which plan did not agree with the demarcation on the ground; however, as in block No. 76, Baregundi, I ignored the section 4 notification description except as regarded the cultivations mentioned therein, and on these lines the section 4 and draft section 16 notifications have now been coloured in on the plan.

8. The section 16 boundary now shown is correct, having been entirely resurveyed by the Forest Settlement Surveyor and does not exceed the section 4 notification as located by the cultivations adjoining the proposed reserve boundary.

9. The number of claims received was 24, all of which have been disposed of on their merits, and a tabulated statement of admission and rejection is shown in enclosure No. 3 to this letter.

10. Only one appeal against my disposal order was preferred and that was disposed of on 15th August 1898, the last claim having been disposed of in December of the same year; the time for preferring further appeals has now elapsed.

11. The block is thus free of all rights save those mentioned in the records herewith submitted.

12. I submit the following records of the settlement of the block:—

(1) Draft notification under section 16;
(2) A signed copy of the B. Register;
(3) Statement showing the number of claims filed and their disposal; and
(4) Sketch-map.

13. I hope that in forwarding this block to the Board you will ask them to deal leniently with any minor discrepancies between the section 4 notification as shown in yellow wash on the plan and the description originally published if the described boundary is carefully compared with the present sketch, it will be apparent how impossible it would be to show it with that now submitted as the boundary of the final reserve. Very few of these old reserves now remain to be submitted and this is the last, I hope, of the excessively inaccurately described proposed reserve boundaries. The settlement of the block was light work compared with the preparation of the records with a view to passing the scrutiny of the offices through which they have to pass.

14. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

Resolution—Forest Mis. No. 219, dated 27th March 1899.

The draft final notification, received with the letter read above, as slightly amended by the Board, is accepted for the reasons given in Board's Proceedings, Forest No. 94, dated 21st February 1899, but with reference to claim No. 5-A—19, the Collector must submit a special report similar to that called for in Board's reference, Forest No. 89, dated 15th March 1899, with regard to a mulpatta claim in the Halakihola block. It may here be observed that there is evidently some mistake in the entry against the claim in column 5 as there was no such officer as Captain Munro in Canara in 1859 and no mulpattas were issued after 1844.

(True Copies and Extract.)

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Collector of South Canara, with B. Register, map, notification and copy of Board's Proceedings, Forest No. 94, dated 21st February 1899.

READ—also the following letter from A. F. PINHEY, Esq., Acting Collector of South Canara, to the Secretary to the Commissioners of Land Revenue, dated Mangalore, 8th July 1899, Dis. No. 15-R.-For. of 1899-1900 :—

With reference to Board's Proceedings, Forest Mis. No. 219, dated 27th March 1899, I have the honour to state that the mulpatta in this case was granted by Captain Munro on 6th November 1800, and that this case is on all fours with claim No. 3-A—6 of Halakihola block dealt with in my letter, No. 14-R.—For. of this date. Here too the claimant did not forward a claim to anything but his cultivated lands at time of demarcation and survey. I consider he is entitled to no consideration.

(2) Siddapur-Kamalashile cart-track, fifteen feet wide, enters between cairns Nos. 50 and 51 and goes out between cairns Nos. 78 and 79. (3) Ajjri-Kamalashile foot-path, four feet wide, for men and cattle, enters between cairns Nos. 70 and 71 goes out between cairns Nos. E-1 and E-8 of Chariamane enclosure; re-enters between cairns Nos. E-8 and E-7 of that enclosure and goes out between cairns Nos. 74 and 75. (4) Ajjri-Siddapur foot-path, four feet wide, for men and cattle, enters between cairns Nos. 65 and 66 and goes out near (south of) cairn No. 59. (5) Bhandia-Hosangadi foot-path, four feet wide, for men and cattle, enters between cairns Nos. 87 and 88 and branches off into three near cairn No. 90—one to Doddinamane enclosure makes its exit between cairns Nos. E-11 and E-12 of that enclosure, another going to Karur makes its exit between cairns Nos. 100 and 101 and the third to Hosangadi, makes its exit between cairns Nos. 98 and 99. (6) Kolali-Hosangadi foot-path, four feet wide, for men and cattle, enters between cairns Nos. 109 and 110, goes out between cairns Nos. 5 and 6; re-enters between cairns No. 13 and 14 and goes out between cairns Nos. 26 and 27. (7) Karur—Hosangadi foot-path, four feet wide, for men and cattle, enters between cairns Nos. 104 and 105 and goes out between cairns Nos. 11 and 12.	....	....	Admitted. (Signed) A. M. SLIGHT, NAGODI, Forest Sett.-officer. 11th April 1895. Order amplified by the Special Forest Settlement-officer, Malabar and South Canara, with names corrected according to the local usage— (1) Keremule-Kelanje foot-path to a width of six feet for men and cattle, enters the reserve eighty yards north-east of cairn No. 42, passes through it round the slopes of Tarikodlu ane, west-south-west for five hundred and seventy yards and quits it two hundred yards south-west of cairn No. 44; re-entering one-hundred and twenty yards south-west of cairn No. 47, it passes north-north-east seven hundred yards and finally quits the reserve one hundred and sixty yards west by south of cairn No. 82. (2) Kamalashile-Siddapur cart-track to a width of fifteen feet for men, cattle and carts, enters the reserve close to and on the western side of cairn No. 78-A, passes south through it for five furlongs and quits it fifty yards north-east of cairn No 51. (3) Kamalashile-Ajjri foot-path to a width of six feet for men and cattle, enters the reserve on the west side of cairn No. 75, passes through it south-west for half a mile, quitting it eighty yards east slightly north of cairn No. 8 of Chonamane enclosure; re-entering the reserve fifty yards south of the same cairn, it traverses it in a west-south-westerly direction two and a half furlongs and finally leaves it one hundred yards south-south-east of cairn No. 70. This forms a right of way to and from the Chonamane Enclosure No. II. (4) Punaju Jeddu-Karimane foot-path, six feet wide, for men and cattle, enters the reserve one hundred yards nearly south of cairn No. 66, passes through it in an easterly direction for three furlongs and quits it thirty yards south-east of cairn No. 59. (5) Kocchadi-Karur foot-path, six feet wide, for men and cattle, enters the reserve eighty yards north-east of cairn No. 92, passes through it slightly south of east for three-fourth of a mile and quits it seventy yards north-east of cairn No. 100. (5-*a*) Kocchadi-Doddinamane-Karur foot-path to a width of six feet for men and cattle, enters the reserve on the west side of cairn No. 92, passes through it south-east and then east for two hundred and twenty and one hundred and eighty yards and passes into the Doddinamane Enclosure No. I, thirty yards south-south-east of cairn No. 11 of that enclosure; re-entering the reserve twenty yards west of enclosure to cairn No. 9, it passes north by east seventy yards and joins the Kocchadi-Karur path above. (This path forms a right of way to and from Enclosure No. I. (6) Hosabala-Hosangadi foot-path to a width of six feet for men and cattle, enters the reserve one hundred and fifty yards west by north of cairn No. 109 passes through it south slightly east three hundred and sixty yards and quits it at cairn No. 6; re-entering one hundred yards east-north-east of cairn No. 13, it passes south slightly west for three furlongs and finally quits the reserve, one hundred and thirty yards west of cairn No. 23. (7) Karur-Konanbail foot-path to a width of six feet for men and cattle, enters the reserve two hundred yards north-north-east of cairn No. 104, passes through it east-south-east three hundred and eight yards and quits it twenty yards south of cairn No. 11. HEBRI, 31st August 1898. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara.
16-A 2	Hosangadi Lakshminarnappa, son of Venkatramanaiya residing in Coondapoor.	4th Dec. 1897.	Claims that cairns Nos. 15, 16, 17, 26, 27, 28 and 29 of the reserve boundary encroach upon the kumaki of Muli Warg No. 2, in his enjoyment, of Uttara village.	Personal narration ..	States that he will be guided by the Forest settlement-officer's inspection and that he will allow one hundred yards at such cairns as are within that distance of warg cultivated land.	Of the cairns mentioned, cairns Nos. 15 and 29 are less than one hundred yards from the claimant's land. The reserve boundary will be so altered as regards these cairns as to allow one hundred yards to the claimant's land, both at, and on either side of, each of them. Sufficient kumaki has already been allowed at cairns Nos 16, 17, 26, 27 and 28 and the claim with regard to these is dismissed. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 7th December 1897.

Claim No. 1.—The paths are marked as P.R.W., Nos. IX, II, I, XI, IV, III, VIII and VI, respectively.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Doddinamane reserved forest, &c.—*cont.*

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.
1	2	3	4	5	6	7
17-A / 3	Tarikodlu Kalingaiya, son of Nagappaiya, residing at Mudubhage village.	4th Dec. 1897.	Claims right to kumaki for his lands called Tarikodlu and Suggibail at cairns Nos. 50, 45 and 44.	Personal narration ..	States that he will remove the cairns which are within one hundred yards of Suggibail and Tarikodlu cultivations, namely, cairn No. 50 near Suggebail and cairns Nos. 45 and 44 near Tarikodlu.	I admit the claim as regards cairns Nos. 50, 44 and 45 and order that the demarcation of the reserve boundary be so altered at these points as to allow the full one hundred yards kumaki belonging to Suggibail and Tarikodlu both at these cairns themselves and on the lines between the cairns. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 7th December 1897.
12-A / 4	Shrinivasa Kampti, son of Babaya Kampti, residing in Mandagadde village.	Do.	Claims right to kumaki for Muli Warg No. 4 of Mandagaddi village at cairn No. 19.	The Local Fund road intervenes between his land and the reserve boundary.	Proposes to alter the reserve boundary in such a way as will allow of sufficient kumaki for the claimant.	I find that the Local Fund road is not the boundary of the village, that the land cultivated was in existence before the road was made and that therefore the claimant is entitled to kumaki even though the road intervenes. I admit the claim and order that cairn No. 19 be removed to allow one hundred yards kumaki exclusive of the forty-four yards allowed for the public road to claimant's land called Maddatha bagalu Kamala Gadde Adi. (Signed) H. S. MULLINS, Spl. Forest Sett. officer, HOSANGADI, Malabar and South Canara. 8th December 1897. NOTE.—Against this order the District Forest-officer appealed. The Collector modified the order disagreeing with the allowance of the forty-four yards extra kumaki allowed as compensation for the road and ordering that cairn No. 19 be placed one hundred yards inclusive of the road from the claimant's land.
9-A / 5	Venkatramana Adiga, son of Manja Adiga, residing in Uttara village.	7th May 1897.	Claims proprietary right over Doddinamane Muli Warg No. 2 of Nadutundu village alleged to be included with enclosure cairns Nos. 9 and 13.	Claimant produced three documents. Exhibit A was a certified copy of plan of the land. Exhibit B was a patta for survey Nos. 1 to 10, 1873. Exhibit C was a paimaish chitta of the darkhast land showing its position.	Withdraws his contention against the admission of the claim and proposes to exclude the land if the claim is admitted.	The darkhast land consists of two detached pieces of which the southern portion was not excluded by the section 4 notification. I admit the claim and order that the land called Doddinamane, which is a Hosagame warg and not entitled to kumaki, be excluded from the reserve by an alteration of the Doddinamane enclosure demarcation and form an enclosure within the reserve under the name of Doddinamane enclosure. Right of way to the enclosure will be by the foot-path, six feet wide, for men and cattle from Uttara to Karur of Mandagadde, passing by cairns Nos. 91 and 92 to cairn No. 100. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 8th December 1897.
10-A / 6	Venkatramana Adiga, son of Manja Adiga, residing in Uttara village.	Do.	Claim is— (*a*) to the use of the water of a tank to the south of his darkhast land called Doddinamane. (*b*) to the right to put a dam known as the Doddinamane bund across the Kubjanadi river with materials from the adjacent jungle for the construction thereof and to lead off water therefrom through Doddinamane enclosure to the Kocchadi cultivation of Uttara village.	For the construction of the dam are needed twenty poles, eighteen feet long, four or five hundred baskets of earth, twenty head-loads of leaves, eight or ten bundles of grass. The channel is four and a half feet wide. The dam was being constructed from time immemorial and the materials were required every year.	Withdraws his contention against the admission of the claim.	(*a*) Admitted. The cultivator of Doddinamane is not allowed to enter the reserve for the purpose of making any work to influence the flow or storage of such water, but will only deal with and use such water as by natural drainage comes to his land. (*b*) Admitted. The dam is one hundred yards south-west of cairn No. 100 off Karur cultivation across the Kubjanadi river. Right is allowed to obtain from the jungle twenty poles, eighteen feet long, and not exceeding five inches in diameter, and twenty head-loads of leaves and twigs from unclassified trees. The earth for the construction of the dam may be removed from the bed and sides of the river near the dam and the grass required must be obtained from outside the reserve. The materials mentioned as obtainable from the jungle are to be obtained from the reserve within one hundred yards on either side of the river from the dam. The channel to lead off water runs along the southern side of the Kubjanadi through Doddinamane enclosure, entering that enclosure one hundred yards south of enclosure cairn No. 9 and leaving it one hundred yards north-east of enclosure cairn No. 11, then passing westward through the reserve three hundred and eighty yards and quitting it fifty yards west-south-west of cairn No. 92 to Kocchadi cultivation. The breadth of the channel is not to exceed six feet including banks and the repairs thereof to be carried out with material obtained within the breadth allowed for the channel. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 8th December 1897.
6-A / 7	Subraya Aithala, son of Madhava Aithala, residing in Kamalashele of Uttara village.	19th April 1897.	Claims kumaki at cairns Nos. 86 and 87 for the cultivation of Geni Warg No. 2 of Hathuvaklu and Geni Warg No. 1 of Nadutundu villages.	The claimant is a mulgeni tenant and the wargs for which kumaki is claimed are kathim wargs.	Elects to be guided by the Forest Settlement-officer's inspection.	Cairn No. 87 is too close to cultivation and cairn No. 86 is under one hundred yards. I admit the claim as regards both these cairns and order that the demarcation of the reserve be so altered at these points as to allow full one hundred yards kumaki to the warg lands. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 9th December 1897.
18-A / 8	Venkatramana Adyala, son of Subraya Adyala, residing in Yedamoge village.	4th Dec. 1897.	Claims right to kumaki for Muli Warg No. 4 of Yedamoge village at cairns Nos. 93, 94, 95 and 96.	Claimant is the wargdar and cultivator of the land which is kathim warg.	Does not contest the claim and states that he will alter the demarcation where found to encroach upon warg kumaki.	Cairn No. 96 is in its proper position, but the line from that to cairn No. 95 passes over warg land, cairns Nos. 95 and 94 are in correct position, but cairn No. 93 is too close to cultivation as also is the line from cairns Nos. 94 to 93. I therefore admit the claim in full and order that the demarcation of the reserve boundary between cairns Nos. 96 and 93, (both numbers inclusive) be so altered as to allow full one hundred yards kumaki to the warg lands lying adjacent to this portion of the forest boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 9th December 1897.

Claim No. 4.—The portion of the reserve to which this claim appertains has since been excluded at the request of the District Forest-officer on claim No. 2-A, order 10.
Claim No. 5.—P.R.W. No. 111. *Claim No.* 6.—Easement No. 2. The pond is situated one hundred yards south of the reserve.

B. Register of claims to Lands, rights to Forest produce or easements in the proposed Doddinamane reserved forest, &c.—*cont.*

No.	Names of claimants.	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the District Forest-officer's arguments and the evidence produced by him.	Brief abstract of decision and final disposal of the claims by the Forest Settlement-officer.
1	2	3	4	5	6	7
7-A / 9	Badamane Narsappaiya, son of Gopalaiya, residing in Nadutundu village.	19th April 1897.	Claims right to kumaki at cairns Nos. 89 and 90 for his Muli Warg No. 3 of Manaje village.	Claimant during enquiry withdraws his complaint as regards cairn No. 90. The land is kathim warg.	Agreed to be guided by the Forest Settlement-officer's inspection.	The line between cairns Nos. 90 and 89 is too close to cultivation. The claim is therefore admitted as regards the line between the cairns marking the forest boundary but not in regard to the cairns themselves and I order that the demarcation of the reserve be so amended as to exclude full one hundred yards kumaki between cairns Nos. 89 and 90. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 9th December 1897.
2-A / 10	Shankara Prabhu, son of Ramachendra Prabhu, residing in Chillare village.	15th Dec. 1894.	Claims proprietary right over land, Muli Warg No. 8 of Mandagadde village said to have been enclosed by cairn No. 20.	Claimant showed a revenue receipt to the District Forest-officer. The village potail was examined who spoke to the land having been surveyed and that the beriz patta was burnt.	On local examination through the forest guard, the District Forest-officer withdrew his contention and stated that if the claim was admitted by the Court, he would wish the land to be treated under section 10 (i) (2) of the Forest Act.	I consider that the claimant has proved his title to the land claimed which I find is included within the reserve. I therefore admit the claim and order that geni eight of Mandagadde village as surveyed and demarcated and covering an area of one and a half acres according to the revenue receipt be excluded from the reserve by an alteration of the reserve boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 9th December 1897.
14-A / 11	Venkatesha Poi, son of Subba Poi, residing in Hathvaklu village.	4th Dec. 1897.	Claims proprietary right over a tank and a garden alleged to be within the reserve at cairn No. 37.	The land claimed has not been surveyed but no adequate reason for its non-survey has been given. The potail of the village, the actual wargdar, who was examined as a court witness, is unable to state whether the boundaries of the warg, portion of which was said to be included within the reserve, were shown in the chitta which was with the shanbogue. Beyond the tank no warg land extends.	Suspects that no assessment is paid to the unsurveyed portion of the warg.	On personal inspection I find that no portion of the Bagayath is included in the reserve and that the forest boundary line actually passes across the tank at the head of the Bagayath. No evidence is adduced to show that the tank forms a portion of the warg. The claim is therefore dismissed. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 10th December 1897.
13-A / 12	Venkatesha Poi, son of Subba Poi, residing in Hathuvaklu village.	Do.	Claims right to kumaki for his warg land adjoining a Bagayath or garden land attached thereto.	The warg is a kathim warg.	Contends that, as no assessment is paid to the unsurveyed portion of the warg, no further kumaki can be given.	In spite of the District Forest-officer's contention, I am of opinion that the warg land is entitled to kumaki. My inspection of the locality convinces me that, for many years, the garden has been cultivated and the potail states that the arecanut trees upon it are some fifty or sixty years' old, which I should think is probably a correct statement. I therefore admit the claim and order that the forest boundary be so altered as to exclude full one hundred yards between cairns Nos. 36 and 37, which I find to be the part of the boundary affected by the claim, between it and the warg land adjacent. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 10th December 1897.
15-A / 13	Kashyappaiya, son of Tammaiya Shanbhaga, residing in Uttara village.	Do.	Claims kumaki at cairns Nos. 51, 90, 91 and 92 for the warg lands of the Kamalashile temple and at cairn No. 74 for his own warg.	Personal narration.	Decides to be guided by the inspection of the Forest Settlement-officer.	My inspection notes show that "cairns Nos. 92, 91 too close to warg; cairn No. 90, plenty of kumaki; line 90–89 too close to cultivation; line between cairns Nos. 52 and 51 almost touches cultivation; cairn No. 74 too close to warg." I therefore admit the claim as regards cairns Nos. 91, 92 and 74 and as regards cairns Nos. 51 and 90, order that the demarcation be altered as between them and cairns Nos. 52 and 89 so as to admit full one hundred yards kumaki to the warg lands at all the cairns mentioned and on the forest boundary between such cairns. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 10th December 1897.
19-A / 14	Kethar Nath Bava, successor of Chanchal Nath Bava, residing at Hallori Mutt in Nadutundu village.	Do.	Claims right to kumaki for Muli Warg No. 1 of Nadutundu village between cairns Nos. 97 and 98.	Do.	Will remove the cairns if the Forest Settlement-officer finds the demarcation too close to cultivated lands.	I find that the forest boundary between cairns Nos. 98 and 97 and at cairn No. 96 encroaches upon the kumaki rights of the adjacent warg lands. I admit the claim and order that the demarcation of the reserve boundary be so altered at cairn No. 96 and between cairns Nos. 97 and 98 as to allow full one hundred yards kumaki to warg No. 1 of Nadutundu village. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 10th December 1897.
21-A / 15	Mahabaleshwar Aithala, son of Venkatramana Aithala, residing in Uttara village.	Do.	Claims kumaki for his Muli Warg No. 3 of Manaji village at cairn No. 53.	Personal narration. The land is in the possession of the claimant's father, whose heir he alleges himself to be.	Does not contest the claim if on perambulation found to be well grounded.	The line between cairns Nos. 53 and 52 is somewhat too close to the cultivated land, adjacent to it and whilst rejecting the claim as regards cairn No. 53 itself, I order that the demarcation of the forest boundary be so altered between cairns Nos. 52 and 53 as to allow full one hundred yards between the claimant's land and the forest boundary between the points specified. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, HOSANGADI, Malabar and South Canara. 10th December 1897.

Claim 10.—The portion of the reserve to which this claim appertains has since been excluded at the request of the District Forest-officer by lines 22-21.

20-A / 16	Mahabaleshwar Aithala, son of Venkatramana Aithala, residing in Uttara village.	4th Dec. 1897.	Claims proprietary right over a darkhast land bought in a Civil Court suit by his father and over which cairn No. 52 is alleged to have been put.	The only witness, the Potail of Uttara village, knew nothing about the land or the forest boundary. The claimant's father, however, subsequently in a conversation (unrecorded) admitted that no warg land was included in the reserve.	....	On inspection I found that no portion of demarcated land was included in the reserve at the point complained of. The claim to proprietary right is unfounded and therefore rejected. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 11th December 1897.
8-A / 17	Ananth Bayari, son of Appanna Bayari, residing in Ajjri village.	28th April 1897.	Claims to kumaki at cairns Nos. 2, 3, 4, 5, 6 and 7 of Chonamane enclosure for his Geni Warg No. 2 of Manaje village.	During enquiry, the claimant amended his plaint and reduced the claim to cairns Nos. 2, 3 and 7.	Does not contest the claim.	On inspection I found that only cairn No. 3 encroached upon the kumaki of the Chonamane lands. I therefore admit the claim as regards this cairn and order that the forest boundary be so amended at this cairn as to leave full one hundred yards kumaki at and on both sides of the cairn to the claimant's land. The claim to cairns Nos. 2 and 7, I found to be ungrounded and that to cairns Nos. 4, 5 and 6 was withdrawn. I therefore dismiss the claim in regard to cairns Nos. 2, 4, 5, 6 and 7. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 11th December 1897.
3-A / 18	Kamalashile Sannappaiya, son of Shankaranarayanaiya of Kalvattu village.	18th Feb. 1895.	Claims kumaki for Bagiberu and Gaddegallu of Geni Warg No. 25 of Mudubhage village at cairns Nos. 75 and 76.	Claimant holds tenant right over the land.	Does not contest the claim, if found to be founded on fact during perambulation.	"Cairn No. 76 is within thirty yards of cultivated land and line 76–75 passes within ten yards thereof." I admit the claim and order that the reserve boundary be so altered between cairns Nos. 76 and 75 and at cairn No. 76 as to exclude full hundred yards from the cultivated land adjacent to it on this portion thereof. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 11th December 1897.
5-A / 19	Hosangadi Lakshmi Narnappa, son of Venkatramanaiya, of Chillare village.	5th Mar. 1896.	Claims proprietary right to a portion of the block covered by the mulpatta attached to Muli Warg No. 2 of Uttara village, assessed at Rs. 162.	Claimant has filed an authenticated copy of mulpatta for the land granted by Captain Munro in fasli 1269 (1859).	I object to the claim on the following grounds:— (1) The forest has been under the control of this department since 1886, the year in which it was made a reserved land. (2) No claim to this land was made by petitioner at the time of the forest enquiry held in the seventies, although the Collector issued a circular calling upon claimants in general to produce their mulpattas. (3) The claim is time-barred. Cairn No. 5 to be omitted and a line from 4 to 6, the latter being moved to the junction of the two paths claimed in (2), one path not contested and the dam has been excluded by the above alteration.	I consider the evidence as null and void, as all mulpattas were cancelled regarding nettikut claims by Government in 1865 guided by decisions in cases on the file of the Bombay High Court on similar claims. I therefore dismiss the claim to proprietary right over any portion of Muli Warg No. 2 of Uttara village as I find that no portion of that warg is included within the forest boundary. Cairn No. 29, however, which is too close to cultivated land, has been ordered to be removed so as to allow one hundred yards kumaki (*vide* order on claim No. 16-A—2). (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 11th December 1897.
11-A / 20	Subraya Adyala, son of Parameshwara Adyala, Potail of Yedamoge village.	4th Dec. 1897.	Claim— (1) to kumaki at cairn No. 5 for Muli Warg No. 2 of Yedamoge village; (2) to two rights of way for men and cattle from Hosangadi to Muli Warg No. 2 of Yedamoge village, passing on both sides of cairn No. 6 and close to it; (3) to a path from Uttara village to Guddemane; (4) to right to build a dam across the Totamane hola and to take water therefrom to Tarigundi Muli Warg No. 2 of Yedamoge village.	....	(3) Claim relates to a path in Baregundi block and is therefore dismissed. (4) By the alteration mentioned in (2) above, the dam and channel will be excluded from the reserve boundary. The claim is accordingly admitted and the dam and channel will be excluded from the reserve by an alteration of the reserve boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 11th December 1897.
22-A / 21	Linganna Aithala, son of Madhava Aithala, of Uttara village.	15th Dec. 1897.	Claim to easement right to build a dam and conduct water therefrom by a channel both within the reserve limits from the Kubjanadi to Kocchadi Muli Warg No. 1 of Uttara village and other cultivations of Nadutundu and Uttara villages.	The claim is enjoyed on custom.	....	I admit the claim and order that the dam be one hundred and fifty yards within the reserve across the Kubjanadi river, the channel leading therefrom joining that granted in order No. 6 above ten yards south of the dam and running one furlong within the reserve, quitting it west-south-west of cairn No. 92. The channel will not exceed ten feet in breadth, the material for the repair of the same being obtained from the bed thereof or from the river bed. The material for the construction of the dam allowed is ten poles, eighteen feet long and not more than four inches in diameter, ten head-loads of leaves and twigs from unclassified trees and five head-loads of creepers. The earth and stones required will be obtained from the bed of the stream only. Entry into the reserve for the collection of material is allowed and rights of way for the construction and repair of the dam and channel will be by the bed of the latter. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. HOSANGADI, 15th December 1897.

Claim No. 19.—No appeal against this order was preferred and, had it been, the District Court would have upheld this decision as evidenced by former mulpatta claim appeals in South Canara.
Claim No. 21.—Marked as B (iii) in the notification. The dam is situated ~~west~~ east of cairn No. 92.

23-A 22	Bhovi Sanka, son of Thimma Bhovi, residing in Jambe of Mandagadde village.	16th Dec. 1897.	Claims proprietary right over a piece of darkhast land (muli 6) called Banabetu Sthala alleged to be included within the reserve.	Produces revenue receipts and the land claimed has been surveyed and demarcated.	Proposes to acquire the land for money compensation or by giving the claimant other land in exchange (*vide* District Forest-officer's No. 683, dated 27th December 1897.	Admitted. The land was ordered to be acquired for the Forest Department and was acquired on 12th March 1898 for a money compensation of Rs. 21-8-9. (Signed) H. S. MULLINS, Spl. 1-A 23	Kashiappaiya, Manager and Moktessar of the Durga Parameshwari temple of Uttara village.	28th Nov. 1894.	Claims to obtain the following materials from the forest annually for pandals to be constructed round the temple during jatras.	Personal narration. Produces also an endorsement from the Collector of South Canara stating that the petition, copy of which was applied for by petitioner, was not among the records in the Collector's office.	The claim is disputed on the ground that it is a new one and never exercised before, for, if it ever existed before, it would have been brought forward at the time of the old forest enquiry and would have been acknowledged. In the absence of any such acknowledgment of any document conferring a claim to the privilege, the claim must be rejected. Besides this, there does not appear to be any necessity to grant such a privilege as the temple seems to have its own kumaki.	The claimant produced no evidence at all in support of his claim and if such easement had been in existence, such evidence would have been available. The claim is therefore rejected. (Signed) H. S. (2) Rampoya Jeddu-Hosabala foot-path. (3) Kelakarimane-Chonamane enclosure foot-path.	....	....	The pathways claimed are admitted as follows:— (1) Karur-Hosangadi bandy track, twelve feet wide, for men, cattle and carts. Enters the reserve one hundred and ten yards east of cairn No. 103, passes round the eastern slope of Karur hill in a curve about one and a quarter miles and quits it twenty yards east by south of cairn No. 28. (2) Rampoya Jeddu-Hosabala foot-path, six feet wide, for men and cattle. Enters the reserve one hundred and twenty yards south of cairn No. 106, passes east slightly north, through it for one and three-fourths miles and quits it fifty yards south-south-east of cairn No. 107. (3) Kelakarimane-Chonamane enclosure foot-path, six feet wide, for men and cattle. Enters the reserve one hundred and sixty yards north-east of cairn No. 58, passes through it north-north-west two and a half furlongs and quits it fifty yards west of cairn No. 2 of Chonamane enclosure. RESOLUTION—Forest No. 394, dated 12th September 1899.

In paragraph 7 of his report, the Forest Settlement-officer brings to notice that the distances from cairn to cairn and the direction of the boundary line given in the initial notification do not tally with the demarcation on the ground, and as the latter

followed the lines and curves of the adjoining cultivation therein referred to, he adopted it as the basis for settlement. The Board in its Proceedings, Forest No. 94, dated 21st April 1899, held that inaccuracies of the kind in the initial notification are not so material as to affect the settlement, and the Government endorsed this view—*vide* Government Order, No. 223, dated 2nd April 1899. In these circumstances the draft notification, as altered by the Board, will be forwarded to Government for approval and publication in the *Fort St. George Gazette*.

2. With regard to claim No. 5-A—19, the Board notes that the Forest Settlement-officer's decision, like that on claim No. 3-A—6 of the Halakkihola block, is clearly wrong. But the claimant in this case also seems to have waived his right to all waste lands specified within his mulputta by not putting in his claims at the time of Revenue Settlement and survey, and the Board agrees, therefore, with the Collector in considering that there is no call for any departmental concession with the view of rectifying the error fallen into by the Forest Settlement-officer.

3. The access allowed for repairing the dam referred to in claim No. 10-A—6 has now been struck off the register of claims by the Forest Settlement-officer presumably because it is unnecessary. The entry relating to it has accordingly been omitted from the draft notification.

(ii) *Doddinamane* cultivation, enclosure No. (i). For the irrigation of these lands, the cultivators thereof will be permitted to construct a dam across the Kubjanadi river one hundred yards south-west of cairn No. 100 and to obtain from the forest within one hundred yards on either side of the river from the dam twenty poles, eighteen feet long and not exceeding five inches in diameter and twenty head-loads of leaves and twigs (from unclassified trees); to obtain also from the bed and sides of the river near the dam earth for the construction of the dam and to lead off water from the dam by a channel not exceeding six feet in breadth. The channel runs along the south side of the Kubjandi river, passes into the Doddinamane enclosure one hundred yards south of cairn No. 9 of that enclosure, again enters into the reserve one hundred yards north-east of cairn No. 11 of the same enclosure; and passing for three hundred and eighty yards westward leaves it fifty yards west-south-west of cairn No. 92 and thence to the Kocchadi cultivation. The repairs to the channel to be carried out with materials obtained within the breadth allowed for the channel or by the bed of the channel.

(iii) *Kocchadi cultivation*, Muli warg No. 1 of Uttara village situated outside the reserve. For the irrigation of this land permission is accorded to the cultivator, for the time being, to construct a dam one hundred and fifty yards within the reserve across the Kubjanadi river east of cairn No. 92 and to obtain from the forest immediately adjoining the dam ten poles, each eighteen feet long and not exceeding four inches in diameter and ten head-loads of leaves and twigs *from* unclassified trees and five head-loads of creepers, also earth and stones from the bed of the river for the construction of the dam and to lead off water by a channel ten feet wide until its confluence with the channel, admitted in item (2) above ten yards south of the dam. Right of entry into the reserve for the construction of the dam and maintenance of the channel and for collection of material for the same will be by the bed of the channel. The repairs to the channel to be carried out with materials obtained from its bed and that of the river.

C. The following public *rights of way* are admitted through the reserve:—

(i) *Kamalashile-Ajjri foot-path* to a width of six feet, for men and cattle. Enters the reserve on the west side of cairn No. 75, passes through it south-west for half a mile, quitting it eighty yards east (slightly north of cairn No. 8 of Chonamane enclosure (No. ii); re-entering the reserve fifty yards south of the same cairn, it traverses it in a west-south-westerly direction for two and a half furlongs and finally leaves it one hundred yards south-south-east of cairn No. 70. This forms a right of way to and from the Chonamane enclosure.

(ii) *Kamalashile-Siddapur cart-track* to a width of fifteen feet for men, cattle and carts. Enters the reserve close to and on the west side of cairn No. 78A, passes south through it for five furlongs and quits it fifty yards north-east of cairn No. 51.

(iii) *Kocchadi-Doddinamane-Karur* foot-path to a width of six feet for men and cattle. Enters the reserve on the west side of cairn No. 92, passes through it south-east and then east for two hundred and twenty and one hundred and eighty yards and passes into the Doddinamane enclosure (No. 1) thirty yards south-south-east of cairn No. 11 of that enclosure; re-entering the reserve twenty yards west of cairn No. 9 of the same enclosure, it passes north by east seventy yards and joins the Kocchadi-Karur path (P.R.W. No. iv). This forms a right of way to and from enclosure No. (i).

(iv) *Kocchadi-Karur* foot-path to a width of six feet for men and cattle. Enters the reserve eighty yards north-east of cairn No. 92, passes through it slightly south of east for three quarters of a mile and quits it seventy yards north-east of cairn No. 100.

(v) *Karur-Hosangadi bandy-track* twelve feet wide, for men cattle and carts. Enters the reserve one hundred and ten yards east of cairn No. 103, passes round the eastern slope of the Karur hill in a curve about one and one-fourth miles and quits it twenty yards east by south of cairn No. 28.

(vi) *Karur-Konanbail* foot path to a width of six feet, for men and cattle. Enters the reserve two hundred yards north-north-east of cairn No. 104, passes through it east-south-east three hundred and eighty yards and quits it twenty yards south of cairn No. 11.

(vii) *Rampoya Jeddu-Hosabala* foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and twenty yards south of cairn No. 106, passes east, slightly north, through it for one and three-quarters of a mile and quits it fifty yards south-south-east of cairn No. 107.

(viii) *Hosabala-Hosangadi* foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and fifty yards west by north of cairn No. 109, passes through it south, slightly east, three hundred and sixty yards and quits it at cairn No. 6; re-entering one hundred yards east-north-east cairn No. 12, it passes south slightly west for three furlongs and finally quits the reserve one hundred and thirty yards west of cairn No. 23.

(ix) *Keremule-Kelanje* foot-path to a width of six feet for men and cattle. Enters the reserve eighty yards north-east of cairn No. 42, passes through it round the slopes of Tarikodlu Ane west-south-west for five hundred and seventy yards and quits it two hundred yards south-west of cairn No. 44; re-entering one hundred and twenty yards south-west of cairn No. 47, it passes north-north-east seven hundred yards and finally quits the reserve one hundred and sixty yards west by south of cairn No. 82.

(x) *Kela Karimane-Chonamane* enclosure foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and sixty yards north-east of cairn No. 58, passes through it north-north-west two and a half furlongs and quits it fifty yards west of cairn No. 2 of Chonamane enclosure (No. ii).

(xi) *Punaju Jeddu-Karimane* foot path to a width of six feet for men and cattle. Enters the reserve one hundred yards nearly south of cairn No. 66, passes through it in an easterly direction for three furlongs and quits it thirty yards south-east of cairn No. 59.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Doddinamane block, in the Coondapoor taluk, as a —, ordered to be published in the Fort St. George and the South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 394, dated 12th September 1899 :—

The Hon'ble Mr. J. Sturrock, I.C.S.

Read—again the following Proceedings of the Board of Revenue (Land Revenue), Forest Mis. No. 219, dated 27th March 1899 :—

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara Districts, to the Collector of South Canara, dated Camp, Mudradi, 30th January 1899, Dis. No. 1-F.S. :—

I have the honour to submit the settlement records of block No. 58, Doddinamane, completed by me during last year.

2. The section 4 notification appeared in the *Fort St. George Gazette* of 31st July 1894, the Head Assistant Collector being appointed Forest Settlement-officer. This officer issued the section 6 proclamation which appeared in the *South Canara Gazette* for 22nd September 1894 and he also issued notices under that section to the holders of land situate near the block boundary.

3. One claim also was received and disposed of by him, namely, that preferred by the District Forest-officer, bringing to notice certain rights of way within the reserve, all of which he "admitted", leaving me to describe them after inspection.

4. I visited the block in December 1897 when, accompanied by the District Forest-officer, I virtually completed the settlement of all claims thereto, only three claims remaining to be disposed of when I left my camp near the reserve.

5. Of these, the first, *vide* order 22, was a case to be treated under the Land Acquisition Act and took till 12th March 1898 to dispose of; the second, order 23, was left undisposed of so as to allow the claimant time to adduce evidence in support of his claim which he failed to do until 22nd idem, and the third was a claim put in by the District Forest-officer, at my suggestion, in December 1898 and was disposed of on the 22nd of that month.

6. Though the block was to all intents and purposes completed in December 1897 and might easily have been submitted in April 1898, I was unable to submit it before this as so many minor discrepancies existed in the section 4 notification which made it quite a work of art to submit a plan showing the boundary in that notification and that in the draft notification fairly correctly. I have now given up all hope of doing so and submit the record as it is.

7. The draft notification under section 4 was, as usual, drawn up as regards distances and direction from a plan of the reserve, which plan did not agree with the demarcation on the ground; however, as in block No. 76, Baregundi, I ignored the section 4 notification description except as regarded the cultivations mentioned therein, and on these lines the section 4 and draft section 16 notifications have now been coloured in on the plan.

8. The section 16 boundary now shown is correct, having been entirely resurveyed by the Forest Settlement Surveyor and does not exceed the section 4 notification as located by the cultivations adjoining the proposed reserve boundary.

9. The number of claims received was 24, all of which have been disposed of on their merits, and a tabulated statement of admission and rejection is shown in enclosure No. 3 to this letter.

10. Only one appeal against my disposal order was preferred and that was disposed of on 15th August 1898, the last claim having been disposed of in December of the same year; the time for preferring further appeals has now elapsed.

11. The block is thus free of all rights save those mentioned in the records herewith submitted.

12. I submit the following records of the settlement of the block :—

(1) Draft notification under section 16 ;
(2) A signed copy of the B. Register ;
(3) Statement showing the number of claims filed and their disposal ; and
(4) Sketch-map.

13. I hope that in forwarding this block to the Board you will ask them to deal leniently with any minor discrepancies between the section 4 notification as shown in yellow wash on the plan and the description originally published if the described boundary is carefully compared with the present sketch, it will be apparent how impossible it would be to show it with that now submitted as the boundary of the final reserve. Very few of these old reserves now remain to be submitted and this is the last, I hope, of the excessively inaccurately described proposed reserve boundaries. The settlement of the block was light work compared with the preparation of the records with a view to passing the scrutiny of the offices through which they have to pass.

14. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

Enclosure No. 2.—Draft notification.

Enclosure No. 3.—Numerical statement.

Enclosure No. 4.—Sketch-map.

Endorsement by A. F. PINHEY, Esq., Acting Collector of South Canara, dated 13th February 1899, N. Dis. on C.S.C. No. 1722-For.

Submitted to the Secretary to the Commissioners of Land Revenue, Madras (through the Conservator of Forests, Southern Circle).

2. The area statement is enclosed.

Enclosure.—Area statement.

Endorsement by H. A. GASS, Esq., Acting Conservator of Forests, Southern Circle, dated Coimbatore, 20th February 1899, No. 2061.

Forwarded.

Resolution—Forest Mis. No. 219, dated 27th March 1899.

The draft final notification, received with the letter read above, as slightly amended by the Board, is accepted for the reasons given in Board's Proceedings, Forest No. 94, dated 21st February 1899, but with reference to claim No. 5-A—19, the Collector must submit a special report similar to that called for in Board's reference, Forest No. 89, dated 15th March 1899, with regard to a mulpatta claim in the Halakihola block. It may here be observed that there is evidently some mistake in the entry against the claim in column 5 as there was no such officer as Captain Munro in Canara in 1859 and no mulpattas were issued after 1844.

(True Copies and Extract.)

(Signed) LIONEL DAVIDSON,
Acting Secretary.

To the Collector of South Canara, with B. Register, map, notification and copy of Board's Proceedings, Forest No. 94, dated 21st February 1899.

Read—also the following letter from A. F. PINHEY, Esq., Acting Collector of South Canara, to the Secretary to the Commissioners of Land Revenue, dated Mangalore, 8th July 1899, Dis. No. 15-R.-For. of 1899–1900 :—

With reference to Board's Proceedings, Forest Mis. No. 219, dated 27th March 1899, I have the honour to state that the mulpatta in this case was granted by Captain Munro on 6th November 1800, and that this case is on all fours with claim No. 3-A—6 of Halakkihola block dealt with in my letter, No. 14-R.—For. of this date. Here too the claimant did not forward a claim to anything but his cultivated lands at time of demarcation and survey. I consider he is entitled to no consideration.

This forms a right of way to and from the Chonamane Enclosure No. II. (4) Punaju Jeddu-Karimane foot-path, six feet wide, for men and cattle, enters the reserve one hundred yards nearly south of cairn No. 66, passes through it in an easterly direction for three furlongs and quits it thirty yards south-east of cairn No. 59. (5) Kocchadi-Karur foot-path, six feet wide, for men and cattle, enters the reserve eighty yards north-east of cairn No. 92, passes through it slightly south of east for three-fourth of a mile and quits it seventy yards north-east of cairn No. 100. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara.
16-A / 2	Hosangadi Lakshminarnappa, son of Venkatramanaiya residing in Coondapoor.	4th Dec. 1897.	Claims that cairns Nos. 15, 16, 17, 26, 27, 28 and 29 of the reserve boundary encroach upon the kumaki of Muli Warg No. 2, in his enjoyment, of Uttara village.	Personal narration ..	States that he will be guided by the Forest settlement-officer's inspection and that he will allow one hundred yards at such cairns as are within that distance of warg cultivated land.	Of the cairns mentioned, cairns Nos. 15 and 29 are less than one hundred yards from the claimant's land. The reserve boundary will be so altered as regards these cairns as to allow one hundred yards to the claimant's land, both at, and on either side of, each of them. Sufficient kumaki has already been allowed at cairns Nos. 16, 17, 26, 27 and 28 and the claim with regard to these is dismissed. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 7th December 1897.

Claim No. 1.—The paths are marked as P.R.W. Nos. IX, II, I, XI, IV, III, VIII and VI, respectively.

17-A / 3	Tarikodlu Kalingaiya, son of Nagappaiya, residing at Mudubhage village.	4th Dec. 1897.	Claims right to kumaki for his lands called Tarikodlu and Suggibail at cairns Nos. 50, 45 and 44.	Personal narration ..	States that he will remove the cairns which are within one hundred yards of Suggibail and Tarikodlu cultivations, namely, cairn No. 50 near Suggebail and cairns Nos. 45 and 44 near Tarikodlu.	I admit the claim as regards cairns Nos. 50, 44 and 45 and order that the demarcation of the reserve boundary be so altered at these points as to allow the full one hundred yards kumaki belonging to Suggibail and Tarikodlu both at these cairns themselves and on the lines between the cairns. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 7th December 1897.
12-A / 4	Shrinivasa Kampti, son of Babaya Kampti, residing in Mandagadde village.	Do.	Claims right to kumaki for Muli Warg No. 4 of Mandagaddi village at cairn No. 19.	The Local Fund road intervenes between his land and the reserve boundary.	Proposes to alter the reserve boundary in such a way as will allow of sufficient kumaki for the claimant.	I find that the Local Fund road is not the boundary of the village, that the land cultivated was in existence before the road was made and that therefore the claimant is entitled to kumaki even though the road intervenes. I admit the claim and order that cairn No. 19 be removed to allow one hundred yards kumaki exclusive of the forty-four yards allowed for the public road to claimant's land called Maddatha bagalu Kamala Gadde Adi. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 8th December 1897. Note.—Against this order the District Forest-officer appealed. The Collector modified the order disagreeing with the allowance of the forty-four yards extra kumaki allowed as compensation for the road and ordering that cairn No. 19 be placed one hundred yards inclusive of the road from the claimant's land.
9-A / 5	Venkatramana Adiga, son of Manja Adiga, residing in Uttara village.	7th May 1897.	Claims proprietary right over Doddinamane Muli Warg No. 2 of Nadutundu village alleged to be included with enclosure cairns Nos. 9 and 13.	Claimant produced three documents. Exhibit A was a certified copy of plan of the land. Exhibit B was a patta for survey Nos. 1 to 10, 1873. Exhibit C was a paimaish chitta of the darkhast land showing its position.	Withdraws his contention against the admission of the claim and proposes to exclude the land if the claim is admitted.	The darkhast land consists of two detached pieces of which the southern portion was not excluded by the section 4 notification. I admit the claim and order that the land called Doddinamane, which is a Hosagame warg and not entitled to kumaki, be excluded from the reserve by an alteration of the Doddinamane enclosure demarcation and form an enclosure within the reserve under the name of Doddinamane enclosure. Right of way to the enclosure will be by the footpath, six feet wide, for men and cattle from Uttara to Karur of Mandagadde, passing by cairns Nos. 91 and 92 to cairn No. 100. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 8th December 1897.
10-A / 6	Venkatramana Adiga, son of Manja Adiga, residing in Uttara village.	Do.	Claim is— (*a*) to the use of the water of a tank to the south of his darkhast land called Doddinamane. (*b*) to the right to put a dam known as the Doddinamane bund across the Kubjanadi river with materials from the adjacent jungle for the construction thereof and to lead off water therefrom through Doddinamane enclosure to the Kocchadi cultivation of Uttara village.	For the construction of the dam are needed twenty poles, eighteen feet long, four or five hundred baskets of earth, twenty head-loads of leaves, eight or ten bundles of grass. The channel is four and a half feet wide. The dam was being constructed from time immemorial and the materials were required every year.	Withdraws his contention against the admission of the claim.	(*a*) Admitted. The cultivator of Doddinamane is not allowed to enter the reserve for the purpose of making any work to influence the flow or storage of such water, but will only deal with and use such water as by natural drainage comes to his land. (*b*) Admitted. The dam is one hundred yards south-west of cairn No. 100 off Karur cultivation across the Kubjanadi river. Right is allowed to obtain from the jungle twenty poles, eighteen feet long, and not exceeding five inches in diameter, and twenty head-loads of leaves and twigs from unclassified trees. The earth for the construction of the dam may be removed from the bed and sides of the river near the dam and the grass required must be obtained from outside the reserve. The materials mentioned as obtainable from the jungle are to be obtained from the reserve within one hundred yards on either side of the river from the dam. The channel to lead off water runs along the southern side of the Kubjanadi through Doddinamane enclosure, entering that enclosure one hundred yards south of enclosure cairn No. 9 and leaving it one hundred yards north-east of enclosure cairn No. 11, then passing westward through the reserve three hundred and eighty yards and quitting it fifty yards west-south-west of cairn No. 92 to Kocchadi cultivation. The breadth of the channel is not to exceed six feet including banks and the repairs thereof to be carried out with material obtained within the breadth allowed for the channel. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 8th December 1897.
6-A / 7	Subraya Aithala, son of Madhava Aithala, residing in Kamalashele of Uttara village.	19th April 1897.	Claims kumaki at cairns Nos. 86 and 87 for the cultivation of Geni Warg No. 2 of Hathuvaklu and Geni Warg No. 1 of Nadutundu villages.	The claimant is a mulgeni tenant and the wargs for which kumaki is claimed are kathim wargs.	Elects to be guided by the Forest Settlement-officer's inspection.	Cairn No. 87 is too close to cultivation and cairn No. 86 is under one hundred yards. I admit the claim as regards both these cairns and order that the demarcation of the reserve be so altered at these points as to allow full one hundred yards kumaki to the warg lands. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 9th December 1897.
18-A / 8	Venkatramana Adyala, son of Subraya Adyala, residing in Yedamoge village.	4th December 1897.	Claims right to kumaki for Muli Warg No. 4 of Yedamoge village at cairns Nos. 93, 94, 95 and 96.	Claimant is the wargdar and cultivator of the land which is kathim warg.	Does not contest the claim and states that he will alter the demarcation where found to encroach upon warg kumaki.	Cairn No. 96 is in its proper position, but the line from that to cairn No. 95 passes over warg land, cairns Nos. 95 and 94 are in correct position, but cairn No. 93 is too close to cultivation as also is the line from cairns Nos. 94 to 93. I therefore admit the claim in full and order that the demarcation of the reserve boundary between cairns Nos. 96 and 93, (both numbers inclusive) be so altered as to allow full one hundred yards kumaki to the warg lands lying adjacent to this portion of the forest boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 9th December 1897.

Claim No. 4.—The portion of the reserve to which this claim appertains has since been excluded at the request of the District Forest-officer on claim No. 2-A, order 10.
Claim No. 5.—P.R.W. No. III.
Claim No. 6.—Easement No. 2. The pond is situated one hundred yards south of the reserve.

7-A / 9	Badamane Narsappaiya, son of Gopalaiya, residing in Nadutundu village.	19th April 1897.	Claims right to kumaki at cairns Nos. 89 and 90 for his Muli Warg No. 3 of Manaje village.	Claimant during enquiry withdraws his complaint as regards cairn No. 90. The land is kathim warg.	Agreed to be guided by the Forest Settlement-officer's inspection.	The line between cairns Nos. 90 and 89 is too close to cultivation. The claim is therefore admitted as regards the line between the cairns marking the forest boundary but not in regard to the cairns themselves and I order that the demarcation of the reserve be so amended as to exclude full one hundred yards kumaki between cairns Nos. 89 and 90. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 9th December 1897.
2-A / 10	Shankara Prabhu, son of Ramachendra Prabhu, residing in Chillare village.	15th Dec. 1894.	Claims proprietary right over land, Muli Warg No. 8 of Mandagadde village said to have been enclosed by cairn No. 20.	Claimant showed a revenue receipt to the District Forest-officer. The village potail was examined who spoke to the land having been surveyed and that the beriz patta was burnt.	On local examination through the forest guard, the District Forest-officer withdrew his contention and stated that if the claim was admitted by the Court, he would wish the land to be treated under section 10 (i) (2) of the Forest Act.	I consider that the claimant has proved his title to the land claimed which I find is included within the reserve. I therefore admit the claim and order that geni eight of Mandagadde village as surveyed and demarcated and covering an area of one and a half acres according to the revenue receipt be excluded from the reserve by an alteration of the reserve boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 9th December 1897.
14-A / 11	Venkatesha Poi, son of Subba Poi, residing in Hathvaklu village.	4th Dec. 1897.	Claims proprietary right over a tank and a garden alleged to be within the reserve at cairn No. 37.	The land claimed has not been surveyed but no adequate reason for its non-survey has been given. The potail of the village, the actual wargdar, who was examined as a court witness, is unable to state whether the boundaries of the warg, portion of which was said to be included within the reserve, were shown in the chitta which was with the shanbogue. Beyond the tank no warg land extends.	Suspects that no assessment is paid to the unsurveyed portion of the warg.	On personal inspection I find that no portion of the Bagayath is included in the reserve and that the forest boundary line actually passes across the tank at the head of the Bagayath. No evidence is adduced to show that the tank forms a portion of the warg. The claim is therefore dismissed. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 10th December 1897.
13-A / 12	Venkatesha Poi, son of Subba Poi, residing in Hathuvaklu village.	Do.	Claims right to kumaki for his warg land adjoining a Bagayath or garden land attached thereto.	The warg is a kathim warg.	Contends that, as no assessment is paid to the unsurveyed portion of the warg, no further kumaki can be given.	In spite of the District Forest-officer's contention, I am of opinion that the warg land is entitled to kumaki. My inspection of the locality convinces me that, for many years, the garden has been cultivated and the potail states that the arecanut trees upon it are some fifty or sixty years' old, which I should think is probably a correct statement. I therefore admit the claim and order that the forest boundary be so altered as to exclude full one hundred yards between cairns Nos. 36 and 37, which I find to be the part of the boundary affected by the claim, between it and the warg land adjacent. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 10th December 1897.
15-A / 13	Kashyappaiya, son of Tammaiya Shanbhaga, residing in Uttara village.	Do.	Claims kumaki at cairns Nos. 51, 90, 91 and 92 for the warg lands of the Kamalashile temple and at cairn No. 74 for his own warg.	Personal narration ..	Decides to be guided by the inspection of the Forest Settlement-officer.	My inspection notes show that "cairns Nos. 92, 91 too close to warg; cairn No. 90, plenty of kumaki; line 90–89 too close to cultivation; line between cairns Nos. 52 and 51 almost touches cultivation; cairn No. 74 too close to warg." I therefore admit the claim as regards cairns Nos. 91, 92 and 74 and as regards cairns Nos. 51 and 90, order that the demarcation be altered as between them and cairns Nos. 52 and 89 so as to admit full one hundred yards kumaki to the warg lands at all the cairns mentioned and on the forest boundary between such cairns. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 10th December 1897.
19-A / 14	Kethar Nath Bava, successor of Chanchal Nath Bava, residing at Hallori Mutt in Nadutundu village.	Do.	Claims right to kumaki for Muli Warg No. 1 of Nadutundu village between cairns Nos. 97 and 98.	Do. ..	Will remove the cairns if the Forest Settlement-officer finds the demarcation too close to cultivated lands.	I find that the forest boundary between cairns Nos. 98 and 97 and at cairn No. 96 encroaches upon the kumaki rights of the adjacent warg lands. I admit the claim and order that the demarcation of the reserve boundary be so altered at cairn No. 96 and between cairns Nos. 97 and 98 as to allow full one hundred yards kumaki to warg No. 1 of Nadutundu village. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 10th December 1897.
21-A / 15	Mahabaleshwar Aithala, son of Venkatramana Aithala, residing in Uttara village.	Do.	Claims kumaki for his Muli Warg No. 3 of Manaji village at cairn No. 53.	Personal narration. The land is in the possession of the claimant's father, whose heir he alleges himself to be.	Does not contest the claim if on perambulation found to be well grounded.	The line between cairns Nos. 53 and 52 is somewhat too close to the cultivated land, adjacent to it and whilst rejecting the claim as regards cairn No. 53 itself, I order that the demarcation of the forest boundary be so altered between cairns Nos. 52 and 53 as to allow full one hundred yards between the claimant's land and the forest boundary between the points specified. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Hosangadi, Malabar and South Canara. 10th December 1897.

Claim 10.—The portion of the reserve to which this claim appertains has since been excluded at the request of the District Forest-officer by lines 22-21.
Claim 11.—The boundary was afterwards altered to exclude *kumaki—vide* order 12 *infra*.

20-A / 16	Mahabaleshwar Aithala, son of Venkatramana Aithala, residing in Uttara village.	4th Dec. 1897.	Claims proprietary right over a darkhast land bought in a Civil Court suit by his father and over which cairn No. 52 is alleged to have been put.	The only witness, the Potail of Uttara village, knew nothing about the land or the forest boundary. The claimant's father, however, subsequently in a conversation (unrecorded) admitted that no warg land was included in the reserve.	....	On inspection I found that no portion of demarcated land was included in the reserve at the point complained of. The claim to proprietary right is unfounded and therefore rejected. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 11th December 1897.
8-A / 17	Ananth Bayari, son of Appanna Bayari, residing in Ajjri village.	28th April 1897.	Claims to kumaki at cairns Nos. 2, 3, 4, 5, 6 and 7 of Chonamane enclosure for his Geni Warg No. 2 of Manaje village.	During enquiry, the claimant amended his plaint and reduced the claim to cairns Nos. 2, 3 and 7.	Does not contest the claim.	On inspection I found that only cairn No. 3 encroached upon the kumaki of the Chonamane lands. I therefore admit the claim as regards this cairn and order that the forest boundary be so amended at this cairn as to leave full one hundred yards kumaki at and on both sides of the cairn to the claimant's land. The claim to cairns Nos. 2 and 7, I found to be ungrounded and that to cairns Nos. 4, 5 and 6 was withdrawn. I therefore dismiss the claim in regard to cairns Nos. 2, 4, 5, 6 and 7. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 11th December 1897.
3-A / 18	Kamalashile Sannappaiya, son of Shankaranarayanaiya of Kalvattu village.	18th Feb. 1895.	Claims kumaki for Bagiberu and Gaddegallu of Geni Warg No. 25 of Mudubhage village at cairns Nos. 75 and 76.	Claimant holds tenant right over the land.	Does not contest the claim, if found to be founded on fact during perambulation.	"Cairn No. 76 is within thirty yards of cultivated land and line 76–75 passes within ten yards thereof." I admit the claim and order that the rerseve boundary be so altered between cairns Nos. 76 and 75 and at cairn No. 76 as to exclude full hundred yards from the cultivated land adjacent to it on this portion thereof. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 11th December 1897.
5-A / 19	Hosangadi Lakshmi Narnappa, son of Venkatramanaiya, of Chillare village.	5th Mar. 1896.	Claims proprietary right to a portion of the block covered by the mulpatta attached to Muli Warg No. 2 of Uttara village, assessed at Rs. 162.	Claimant has filed an authenticated copy of mulpatta for the land granted by Captain Munro in fasli 1269 (1859).	I object to the claim on the following grounds:— (1) The forest has been under the control of this department since 1886, the year in which it was made a reserved land. (2) No claim to this land was made by petitioner at the time of the forest enquiry held in the seventies, although the Collector issued a circular calling upon claimants in general to produce their mulpattas. (3) The claim is time-barred.	I consider the evidence as null and void, as all mulpattas were cancelled regarding nettikut claims by Government in 1865 guided by decisions in cases on the file of the Bombay High Court on similar claims. I therefore dismiss the claim to proprietary right over any portion of Muli Warg No. 2 of Uttara village as I find that no portion of that warg is included within the forest boundary. Cairn No. 29, however, which is too close to cultivated land, has been ordered to be removed so as to allow one hundred yards kumaki (*vide* order on claim No. 16-A—2). (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 11th December 1897.
11-A / 20	Subraya Adyala, son of Parameshwara Adyala, Potail of Yedamoge village.	4th Dec. 1897.	Claim— (1) to kumaki at cairn No. 5 for Muli Warg No. 2 of Yedamoge village; (2) to two rights of way for men and cattle from Hosangadi to Muli Warg No. 2 of Yedamoge village, passing on both sides of cairn No. 6 and close to it; (3) to a path from Uttara village to Guddemane; (4) to right to build a dam across the Totamane hola and to take water therefrom to Tarigundi Muli Warg No. 2 of Yedamoge village.	....	Cairn No. 5 to be omitted and a line from 4 to 6, the latter being moved to the junction of the two paths claimed in (2), one path not contested and the dam has been excluded by the above alteration.	The order on the claim is as follows:— (1) Cairn No. 5 will be removed and the reserve boundary will run directly from cairn No. 4 to 6. (2) The two paths claimed unite within the forest at a point twenty-five yards east of cairn No. 6 which will therefore be removed to exclude the junction of the paths from the reserve limits. The conjoined path thereafter is admitted and described in order No. 1, item No. 6 (P.R.W. No. VIII). (3) Claim relates to a path in Baregundi block and is therefore dismissed. (4) By the alteration mentioned in (2) above, the dam and channel will be excluded from the reserve boundary. The claim is accordingly admitted and the dam and channel will be excluded from the reserve by an alteration of the reserve boundary. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Hosangadi, 11th December 1897.
22-A / 21	Linganna Aithala, son of Madhava Aithala, of Uttara village.	15th Dec. 1897.	Claim to easement right to build a dam and conduct water therefrom by a channel both within the reserve limits from the Kubjanadi to Kocchadi Muli Warg No. 1 of Uttara village and other cultivations of Nadutundu and Uttara villages.	The claim is enjoyed on custom.	....	I admit the claim and order that the dam be one hundred and fifty yards within the reserve across the Kubjanadi river, the channel leading therefrom joining that granted in order No. 6 above ten yards south of the dam and running one furlong within the reserve, quitting it west-south-west of cairn No. 92. The channel will not exceed ten feet in breadth, the material for the repair of the same being obtained from the bed thereof or from the river bed. The material for the construction of the dam allowed is ten poles, eighteen feet long and not more than four inches in diameter, ten head-loads of leaves and twigs from unclassified trees and five head-loads of creepers. The earth and stones required will be obtained from the bed of the stream only. Entry into the reserve for the collection of material is allowed and rights of way for the construction and repair of the dam and channel will be by the bed of the latter. Hosangadi, 15th December 1897. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara.

Claim No. 19.—No appeal against this order was preferred and, had it been, the District Court would have upheld this decision as evidenced by former mulpatta claim appeals in South Canara.
Claim No. 21.—Marked as B (iii) in the notification. The dam is situated east of cairn No. 92.

23-A 22	Bhovi Sanka, son of Thimma Bhovi, residing in Jambe of Mandagadde village.	16th Dec. 1897.	Claims proprietary right over a piece of darkhast land (muli 6) called Banabetu Sthala alleged to be included within the reserve.	Produces revenue receipts and the land claimed has been surveyed and demarcated.	Proposes to acquire the land for money compensation or by giving the claimant other land in exchange (*vide* District Forest-officer's No. 683, dated 27th December 1897.	Admitted. Claims to obtain the following materials from the forest annually for pandals to be constructed round the temple during jatras. acknowledgment of any document conferring a claim to the privilege, the claim must be rejected. Besides this, there does not appear to be any necessity to grant such a privilege as the temple seems to have its own kumaki.	Personal narration. Produces also an endorsement from the Collector of South Canara stating that the petition, copy of which was applied for by petitioner, was not among the records in the Collector's office.	The claim is disputed on the ground that it is a new one and never exercised before, for, if it ever existed before, it would have been brought forward at the time of the old forest enquiry and would have been acknowledged. In the absence of any such	The claimant produced no evidence at all in support of his claim and if such easement had been in existence, such evidence would have been available. The claim is therefore rejected. (Signed) H. S. MULLINS, Spl. Forest Sett.-officer, Malabar and South Canara. Coondapoor, 22nd March 1898.

Enclosure No. 5.—Sketch-map.

Resolution—Forest No. 394, dated 12th September 1899.

In paragraph 7 of his report, the Forest Settlement-officer brings to notice that the distances from cairn to cairn and the direction of the boundary line given in the initial notification do not tally with the demarcation on the ground, and as the latter

followed the lines and curves of the adjoining cultivation therein referred to, be adopted it as the basis for settlement. The Board in its Proceedings, Forest No. 94, dated 21st April 1899, held that inaccuracies of the kind in the initial notification are not so material as to affect the settlement, and the Government endorsed this view—*vide* Government Order, No. 223, dated 2nd April 1899. In these circumstances the draft notification, as altered by the Board, will be forwarded to Government for approval and publication in the *Fort St. George Gazette*.

2. With regard to claim No. 5-A—19, the Board notes that the Forest Settlement-officer's decision, like that on claim No. 3-A—6 of the Halakkihola block, is clearly wrong. But the claimant in this case also seems to have waived his right to all waste lands specified within his mulputta by not putting in his claims at the time of Revenue Settlement and survey, and the Board agrees, therefore, with the Collector in considering that there is no call for any departmental concession with the view of rectifying the error fallen into by the Forest Settlement-officer.

3. The access allowed for repairing the dam referred to in claim No. 10-A—6 has now been struck off the register of claims by the Forest Settlement-officer presumably because it is unnecessary. The entry relating to it has accordingly been omitted from the draft notification.

Remarks.—A. The following *enclosures* are admitted within the reserve with rights of entry and exit as specified: —

(i) *Doddinamane cultivation*, Muli warg No. 2 of Nadutundu village, enclosed by cairns Nos. 9 to 15. Right of way to this enclosure is by P.R.W. Nos. (iii) and (iv).

(ii) *Chonamane cultivation*, Geni warg No. 2 of Manaje village, enclosed by cairns Nos. 1 to 8. The rights of way to this enclosure are Nos. (i) and (x).

B. The following lands are declared to have the right to the *easements* described below:—

(i) *Doddinamane cultivation* enclosure No. (i) within the reserve is irrigated from a pond situated one hundred yards to the south of it within the reserve. No right of entry into the reserve for the purpose of making any work to influence the flow or storage of such water is admitted. The pond is a natural reservoir and the natural overflow thereof only is allowed to the land.

(ii) *Doddinamane* cultivation, enclosure No (i). For the irrigation of these lands, the cultivators thereof will be permitted to construct a dam across the Kubjanadi river one hundred yards south-west of cairn No. 100 and to obtain from the forest within one hundred yards on either side of the river from the dam twenty poles, eighteen feet long and not exceeding five inches in diameter and twenty head-loads of leaves and twigs (from unclassified trees); to obtain also from the bed and sides of the river near the dam earth for the construction of the dam and to lead off water from the dam by a channel not exceeding six feet in breadth. The channel runs along the south side of the Kubjanadi river, passes into the Doddinamane enclosure one hundred yards south of cairn No. 9 of that enclosure, again enters into the reserve one hundred yards north-east of cairn No. 11 of the same enclosure; and passing for three hundred and eighty yards westward leaves it fifty yards west-south-west of cairn No. 92 and thence to the Kocchadi cultivation. The repairs to the channel to be carried out with materials obtained within the breadth allowed for the channel or by the bed of the channel.

iii) *Kocchadi cultivation*, Muli warg No. 1 of Uttara village situated outside the reserve. For the irrigation of this land permission is accorded to the cultivator, for the time being, to construct a dam one hundred and fifty yards within the reserve across the Kubjanadi river east of cairn No. 92 and to obtain from the forest immediately adjoining the dam ten poles, each eighteen feet long and not exceeding four inches in diameter and ten head-loads of leaves and twigs *from* unclassified trees and five head-loads of creepers, also earth and stones from the bed of the river for the construction of the dam and to lead off water by a channel ten feet wide until its confluence with the channel, admitted in item (2) above ten

yards south of the dam. Right of entry into the reserve for the construction of the dam and maintenance of the channel and for collection of material for the same will be by the bed of the channel. The repairs to the channel to be carried out with materials obtained from its bed and that of the river.

C. The following public *rights of way* are admitted through the reserve:—

(i) *Kamalashile-Ajjri foot-path* to a width of six feet, for men and cattle. Enters the reserve on the west side of cairn No. 75, passes through it south-west for half a mile, quitting it eighty yards east (slightly north of cairn No. 8 of Chonamane enclosure (No. ii); re-entering the reserve fifty yards south of the same cairn, it traverses it in a west-south-westerly direction for two and a half furlongs and finally leaves it one hundred yards south-south-east of cairn No. 70. This forms a right of way to and from the Chonamane enclosure.

(ii) *Kamalashile-Siddapur cart-track* to a width of fifteen feet for men, cattle and carts. Enters the reserve close to and on the west side of cairn No. 78A, passes south through it for five furlongs and quits it fifty yards north-east of cairn No. 51.

(iii) *Kocchadi-Doddinamane-Karur* foot-path to a width of six feet for men and cattle. Enters the reserve on the west side of cairn No. 92, passes through it south-east and then east for two hundred and twenty and one hundred and eighty yards and passes into the Doddinamane enclosure (No. 1) thirty yards south-south-east of cairn No. 11 of that enclosure; re-entering the reserve twenty yards west of cairn No. 9 of the same enclosure, it passes north by east seventy yards and joins the Kocchadi-Karur path (P.R.W. No. iv). This forms a right of way to and from enclosure No. (i).

(iv) *Kocchadi-Karur* foot-path to a width of six feet for men and cattle. Enters the reserve eighty yards north-east of cairn No. 92, passes through it slightly south of east for three quarters of a mile and quits it seventy yards north-east of cairn No. 100.

(v) *Karur-Hosangadi bandy-track* twelve feet wide, for men cattle and carts. Enters the reserve one hundred and ten yards east of cairn No. 103, passes round the eastern slope of the Karur hill in a curve about one and one-fourth miles and quits it twenty yards east by south of cairn No. 28.

(vi) *Karur-Konanbail* foot path to a width of six feet, for men and cattle. Enters the reserve two hundred yards north-north-east of cairn No. 104, passes through it east-south-east three hundred and eighty yards and quits it twenty yards south of cairn No 11.

(vii) *Rampoya Jeddu-Hosabala* foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and twenty yards south of cairn No. 106, passes east, slightly north, through it for one and three-quarters of a mile and quits it fifty yards south-south-east of cairn No. 107.

(viii) *Hosabala-Hosangadi* foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and fifty yards west by north of cairn No. 109, passes through it south, slightly east, three hundred and sixty yards and quits it at cairn No. 6; re-entering one hundred yards east-north-east cairn No. 13, it passes south slightly west for three furlongs, and finally quits the reserve one hundred and thirty yards west of cairn No. 23.

(ix) *Keremule-Kelanje* foot-path to a width of six feet for men and cattle. Enters the reserve eighty yards north-east of cairn No. 42, passes through it round the slopes of Tarikodlu Ane west-south-west for five hundred and seventy yards and quits it two hundred yards south-west of cairn No. 44; re-entering one hundred and twenty yards south-west of cairn No. 47, it passes north-north-east seven hundred yards and finally quits the reserve one hundred and sixty yards west by south of cairn No. 82.

(x) *Kela Karimane-Chonamane* enclosure foot-path to a width of six feet for men and cattle. Enters the reserve one hundred and sixty yards north-east of cairn No. 58, passes through it north-north-west two and a half furlongs and quits it fifty yards west of cairn No. 2 of Chonamane enclosure (No. ii).

(xi) *Punaju Jeddu-Karimane* foot path to a width of six feet for men and cattle. Enters the reserve one hundred yards nearly south of cairn No. 66, passes through it in an easterly direction for three furlongs and quits it thirty yards south-east of cairn No. 59.
