NOVEMBER.

Submitting to Government, for approval and publication in the *Fort St. George Gazette*, draft notification under section 16 of the Madras Forest Act for the constitution of the Nirankimale block in the Uppinangadi taluk, South Canara district, as a reserved forest.

PROCEEDINGS OF THE BOARD OF REVENUE

(LAND REVENUE).

THE HON'BLE MR. J. STURROCK, I.C.S.

READ—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara districts, to the Collector of South Canara, dated Camp, Tellicherry, 15th September 1899, Dis. No. 17-F.S. :—

I have the honour to report the completion of the settlement of Block No. 101, Nerankimale in the Uppinangadi taluk of your district.

2. This block was notified under section 4 in the *Fort St. George Gazette*, dated 16th August 1898. The proclamation under section 6 was issued by me on the 25th of the same month, being published in the South Canara District Gazette, dated 5th November 1898. Spare copies of the proclamation were duly served on the persons interested through the Tahsildar, the last date of such service being 2nd May 1899.

3. I perambulated the block in June last and disposed of the three claims received against it, the order on the last claim being passed on the 1st instant.

4. The period of appeal as regards the only order against which there was any likelihood of the presentation of one (viz., claim No. 1) has elapsed and the remaining two claims not being contested and having been admitted, it is not likely that appeals will be filed against the orders on either of them. The block is therefore free of all rights save those described in the B. Register and draft notification.

5. The boundary of the reserve as notified under section 4 has not been exceeded at any point in the one now proposed for final reservation.

6. The remarks of the Board contained in paragraph 3 of their Resolution, Forest No. 273, dated 5th July 1898, submitting the draft notification to Government for publication under section 4, have been attended to and at the request of the ranger in charge of the District Forest-office, South Canara, the enclosures therein referred to have been treated as follows :—

(*a*) Kagadolly and Shivanthy formerly enclosures Nos. 4 and 5 have been joined and now form enclosure No. 1.

(*b*) Gumpakallu, Kangadale, Balaka and the two Hudarallas, enclosures Nos. 8, 9, 7 and 6, respectively, have been excluded from the reserve by an alteration of the reserve boundary and finally the western boundary of the reserve has been brought over from the right to the left bank of the Netravati river so as to allow of the convenient exclusion from the limits of proposed reservation the Bibimajal, Madatadka, Hudepondu and Chemmigor enclosures.

7. I forward herewith the following records of settlement :—

(1) Draft notification under section 16.
(2) A signed copy of the B. Register.
(3) Statement showing the number of claims filed and their disposal.
(4) Sketch-map.

The sketch-map was prepared by the Forest Settlement Surveyor in my office and has therefore not been signed by the District Forest-officer. This omission can be supplied as the records pass through your office.

8. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.

Reserved Forest.

The draft notification, under section 16 of the Madras Forest Act, for the constitution of the Nerankimale block, in the Uppinangadi taluk, as a —, ordered to be published in the Fort St. George and the South Canara District Gazettes.

GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

Read—the following Proceedings of the Board of Revenue (Land Revenue), Forest No. 492, dated 16th November 1899 :—

The Hon'ble Mr. J. Sturrock, I.C.S.

Read—the following letter from H. S. MULLINS, Esq., Special Forest Settlement-officer, Malabar and South Canara districts, to the Collector of South Canara, dated Camp, Tellicherry, 15th September 1899, Dis. No. 17-F.S. :—

I have the honour to report the completion of the settlement of Block No. 101, Nerankimale in the Uppinangadi taluk of your district.

2. This block was notified under section 4 in the *Fort St. George Gazette*, dated 16th August 1898. The proclamation under section 6 was issued by me on the 25th of the same month, being published in the South Canara District Gazette, dated 5th November 1898. Spare copies of the proclamation were duly served on the persons interested through the Tahsildar, the last date of such service being 2nd May 1899.

3. I perambulated the block in June last and disposed of the three claims received against it, the order on the last claim being passed on the 1st instant.

4. The period of appeal as regards the only order against which there was any likelihood of the presentation of one (viz., claim No. 1) has elapsed and the remaining two claims not being contested and having been admitted, it is not likely that appeals will be filed against the orders on either of them. The block is therefore free of all rights save those described in the B. Register and draft notification.

5. The boundary of the reserve as notified under section 4 has not been exceeded at any point in the one now proposed for final reservation.

6. The remarks of the Board contained in paragraph 3 of their Resolution, Forest No. 273, dated 5th July 1898, submitting the draft notification to Government for publication under section 4, have been attended to and at the request of the ranger in charge of the District Forest-office, South Canara, the enclosures therein refered to have been treated as follows :—

(*a*) Kagadolly and Shivanthy formerly enclosures Nos. 4 and 5 have been joined and now form enclosure No. 1.

(*b*) Gumpakallu, Kangadale, Balaka and the two Hudarallas, enclosures Nos. 8, 9, 7 and 6, respectively, have been excluded from the reserve by an alteration of the reserve boundary and finally the western boundary of the reserve has been brought over from the right to the left bank of the Netravati river so as to allow of the convenient exclusion from the limits of proposed reservation the Bibimajal, Madatadka, Hudepondu and Chemmigor enclosures.

7. I forward herewith the following records of settlement :—

(1) Draft notification under section 16.
(2) A signed copy of the B. Register.
(3) Statement showing the number of claims filed and their disposal.
(4) Sketch-map.

The sketch-map was prepared by the Forest Settlement Surveyor in my office and has therefore not been signed by the District Forest-officer. This omission can be supplied as the records pass through your office.

8. The date from which reservation is to take effect is left blank in the draft notification to be filled in by Government.
