Statement of the Case of Civil
Prisoner of war C. Lorenzen-

Previous History- Had Syphilis about 20 years ago apparently
Cured after a course of mercurial treatment.
About two years ago had a slight macular
Eruption on body, Vertigo. Blood gave a
positive Wasserman. Received one 0.5gm
of Neo Salvarsan - Rash disappeared,
had Liq. Arsen. Et Hyd. Iodid for about three
weeks - Had Malaria six months ago
Malignant tertian, Severe Myalgic pains
in lower limbs, Cured after a course of
intramuscular injections of Quinine.

Present Condition Two months ago noted violent palpitation
in Right Arm and abdomen. At present
pulse ranges between 66 at rest, and 120
on exertion. Has well marked systolic
bruit over Aortic region, Cardiac dilation,
Apex beat displaced downwards and
towards sternum, the radial, brachial,
and axillary arteries are much
atheromatous, palpitation visible;
pulsation and thrill in right sub-
clavicular region indicating Aneurysm.
Abdominal arteries also atheromatous, has
a feeling of numbness at finger ends of
right hand.

Had been losing weight recently,
much Vertigo and breathlessness on exertion
and tinnitus -

I recommend that this man

be transferred to some other hospital where he can receive specialist treatment for Syphilis. His condition I consider grave and he requires an immediate transfer.

The Aneurysm requires confirmation by X-Rays. I am also of opinion that the attitude of Yersand militates against his chances of recovery. He has been examined by two other medical officers who concur in my findings and recommendations.

The Govt. approve the
action of the D.M. Salazar
in having ^{authorised} ~~asked~~ the Suplt.
Prisoners of War Camp, Jercaud
to send the prisoner of war,
C. Lorenzen from the Civil
Camp at Jercaud to the
General Hospital, Madras for
treatment.

2 During the prisoner's residence in the hospital his movements will be confined to the limits of the hospital compound.

3 All letters, telegrams and

2
8
other articles which the prisoner wishes to send while in the hospital should be submitted for censorship to the Senior medical officer of the hospital who will dispose of them in accordance with the rules regulating the correspondence of civil detainees contained in part 253 of the 16.3.18 and 672 of the 22.8.18. (R) + (Z)

In cases of doubt the advice of the Supt. of the camp may be obtained. The latter is requested to furnish the prisoner with the stationery to which he is entitled.

4 Under the provisions of the Sec 5 of the Indian Telegraph Act 1885 and Sec 26 of the Indian Post Office Act 1898, the Govt direct that all telegraphic messages and postal articles addressed to the German prisoner of war C. Lorenzen shall so long as he remains in the General Hospital, Madras be intercepted and delivered to the Senior medical officer for disposal.

5 The Commissioner of Police is requested to arrange in consultation with the Senior medical officer of the hospital for the General
