The Lane does not appear as the one
A or in B statements furnished for my
judgement from the Central Office - It
has not been so yet my way into the District
on the porch of June 20. It however appears
as Lane 2 of the Vancouver Report of
the Planning Board later and recommended by the
land to be fully occupied on 22 ^{Aug} 1968.
The ¹⁹⁶⁸ on the ground that it was waste
for fifty years - & that there is no reason
I therefore bring the Lane on this
Point as an out-pur in sending the
English Reporters and Recommendations on
the Lane ground that it may be
fully occupied
