Water-shed or Tannir Pandal Inam	Each Mara .1.9	Part	Not known	The accts in Cols 14 & 15	Not known	In Tarappady Valayakkaranay Water Pandal Inam. In Cowle Water Pandal Inam Fust			None.			The Curnum says that the Inam is waste & owned by none from the Cowle time or 1800 – From the Tarappady Entry it would seem that a Water Pandal was kept in the Village of Valayak=karanay for the support of which the Inam was given – The Curnum says that no Water Pandal is maintained from time immemorial in either Village. This Inam does not appear either in A or B statements furnished for my guidance from the Central office but from the old VRD it appears to have been fully assessed in Case 4 by S. Ramachandra Rao on 22d June 1861 – To be therefore fully assessed T.R. 3/5/69	Already fully assessed [illegible] 6/12/69
