The Cowle stands in the name of the ~~natural~~ grandfather of the person in Col 16 — The grantee's son however transferred the Cowle by an endorsement to the party in col 16 who was adopted by his maternal uncle admitting that the real owner of this Inam was the father of the adoptive father of the person in col 16, ~~[illegible]~~ (5) ~~[illegible]~~ (6) ~~[illegible]~~ (7) The transferer adds in his endorsement that the Inam should not be alienated but kept in his own family & the proceeds appropriated for services &c in the Pagoda of Devarajaswamy.

The question whether the Makta Tenure of these lands is one falling within the Cognizance of this Dept or not can not be decided without referring to the Conditions of the Grant which is stated to be held by the owner — It seems that this whole Village as now constituted consists of lands in this & another Village purchased from the old Holders by the ancestors of the present Inamdar & of Inams of other parties received by them in exchange for other lands given to those parties —

The tenure is of course favorable & some Religious & Charitable Ceremonies are stated to be performed —

Whether the Remission of Revenue was made originally for Revenue purposes or from personal Consideration to the Grantee or for Chattram purposes will have to be decided on the production of the Grant —

Pending the production of it to be placed under attachment
18 — 6 — 69

The terms contained in the Grant just produced by the party in Col 16 which purports to be a Cowle by E. C. Greenway Esqre dated the 31st March 1802, in favor of Muttusami Naick 3d father by birth of the present incumbent run as follows

" × × ×

1 — Whereas you have purchased "the hereinafter described grounds " of the Inhabitants of Odappat "=tada & Tenku Pattadee, and " have built a Choultry on the " same, intending to turn it " into a Garden & plant it " with trees, I hereby grant " you this Cowle, conferring " the aforesaid Garden to you " & your heirs subject to the " following &c " —

These terms do not in my opinion, make the Grant a Grant for Public Charity — There is a Choultry in it scarcely deserving the name — The Inam=dar has built a large house & a Banglow on the land which form his private Resi=dence — It is also true that he performs certain observances

L 21

7a

The Inamdar appears & claims a Title Deed. He appears to have claimed it before Kristnamur also —

Under the terms of the ~~[illegible]~~ Grant, the Inam can only be treated as personal. The grant does not impose any such condition as that the proceeds should be spent for charity, (8) nor does it state that the Inam will be resumed when the charity is not performed.

Confirmed accordingly as personal. Inam to be released from attachment with any part proceeds in deposit.

The wet-lands are cultivated under the private wells of the Inamdar & he draws no water from any Govt source of irrigation — The assessment is therefore to be charged on wet lands according to the highest Dry rate in the village, the whole land classed as Dry — The Dry rate in the village, & in Ozhukkarai, of which this is a suburb, is 3½ Ra kanie. Charging at this rate on the whole area of 8-13-2, the assessment comes to Rs 31 — No quit rent will therefore be charged —
