A claim for the entry of his name in Col 16 is put forward by one Subbaya Mudaly the Village Munsiff on the ground that he interests himself in the state of the tank and has moreover acquired a right to manage the charity by having purchased a share in the village. He has failed, however, to prove this claim, and the parties specified in Col 16 deny Subbaya Mudaly's right and urge, that he is merely the lessee of the P. 270 in question, which appears to be the case.

The Panchayat reports that the Charity has not been properly kept up for some years past owing to rival claimants, and recommends that the claims may be confirmed in one P. 270, free of quit rent in the names of the parties mentioned in Col 16, as descendants of the founder of the tank and P. 270, which are in good order. He further suggests that the claims might be fully settled in the event of the Charity, which has been discontinued for some time past not being renewed. I am of opinion that the Panchayat's recommendation should be accepted.
