Ramasamy

The practice of the Rev: Dept was up to F 1274 to collect the ordinary assessment on the customary portions of the Inam only — From F 1275 the tax was made Compulsory under no authority nor under any orders save the verbal orders of the Huzur Sumasta dept for the Collection of the Faisy which the Contrary is the Case in all the other Taluqs — For the arrears of the tax for F 1275 the 2d field was sold in F 1276 and for the arrears of F 1276 the 3d & 4th fields were also sold — The 3 fields were purchased for Sou Rs. — As these Pots are unprofitable I have included these fields 2 & 4 struck out — being the Case of a Public road —

Sold for arrears of Kudi — My Answer being based on the rule cannot be carried out in all cases where Ryots are unwilling to collect the assessment from Panisavans —

Transfer to Village service Regr

Inam Sodi do not work that Village service Inams like these could be
