is from the estimate for the year - which it will be seen
was reported in the Collector's office in 1864 shows that the village was
a large disbursement for a Revenue of Payee - 449000 - (about Rs 410) -
that has been recorded only in a matter of 10 years shown in the margin - This is nearly all
all but one of 12 months supply the other 3 months - ~~the~~ - ~~the~~

at least 35% is laid down as repairs & including Land revenue collected towards
it - but fair to deduct 50% from the average Revenue - Some
the extent of cultivation is known of later years - The returns have been
and good owing to high prices - It may look a gloomy or fatalistic
to the fact is not without standing nature that the monsoons have not
and are a great deal better than the last year.
