Case No 1 Personal

...thly they state that the Inam is immemorial waste; that they never knew Nos 1 to 3 as the Varasdars because they never settled in the Village; that they have been hiring persons for Panisavan Service every year; & that they hired Pacchay 3 years ago and brought him therefore as the Inamdar for my first settlement — I am inclined to believe that they were cognizant of the right of No 1 to 3 but wanted simply to get the Inam to a favorite of theirs —

Pacchay admits that he is father's sister's son to No 1 and does not lay any stress on his claim —

In the Pro: connected with the sale of the Inam, Pacchay was named by the Villagers as the defaulter & Demand was issued on him —

I am of opinion that should the Commissioner decide on restoring the Inam, it should be restored to Nos 1 to 3 though they did not enjoy the Inam on account of its having been waste —

I beg therefore to recommend that the Inam may be confirmed to N 1 to 3 —

Vide Remarks on Case 1 Melavalam Reu N 84 as to the dispute between N 1 & 2 as one party and the 4 natural brothers of No 2's husband Muttan who died in the enjoyt of a 1/3d share in the Inam —

The practice of the District is to collect the Ardha Maunniem tax whenever the Inams are cultivated and to collect no tax whatever when left waste — In the Jammabandy settlement of F 1275 & 1276 when the Inam was waste, it was ruled that the Ardhamaunniem tax should be levied as a permanent Demand irrespective of Cultivation — though it does not appear that any Circular instructions from Bd or Collr or Sub Collr were received enforcing the new rules & though as I understand the old practice prevails in all the other Talugs of this District — And accordingly for the arrears of the above two Fuslies of the Ardhamaunniem tax thus imposed, Rs 6-12-4 + Vara .. 8-10 in all Rs 7-5-2 the Inam was attached on 20th July 1867 and the land sold on 23d Septr 1867 under Act II of 1864 when it was finally purchased for Govt for Rs A P .. 12 9 —

As I consider these Proceedings wrong, I beg to recommend that the Collr may be desired to cancel them and that the Inam may be confd as follows —

Todi now imposed	..	4	"
2 Rat 1/8 agreed to	..	12

Since passing the above Decision I came to know that Pacchay was not the rightful Panisavan for the Village — Vide my Notes on Case 1 Register of Melavalam Reu No 84 — upon re-examining the Village officers as to Pacchay's

The purchase on behalf of Govt is tantamount to resumption. There is no necessity for our asking the Collr to restore — MC 25/3/69
